G.O., No. 178, Educational, dated 14th March 1904.

ABSTRACT.—Passing orders on the resolutions of the Educational conference held at Madras in July 1903.

READ—also the following paper:—

From the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, to the Secretary to Government, Educational Department, dated Madras, 13th July 1904, Cur. No. 6004.

With reference to paragraph 2 (10) of G.O., No. 178, Educational, dated 14th March 1904, calling for definite proposals regarding the optional subjects in lower secondary examination, I have the honour to invite attention to paragraph 12 of the resolution of the Government of India declaring their educational policy communicated with G.O., No. 215, Educational, dated 6th April 1904, and to state that in view of the fact that the Government of India have ruled that in future there will be only two examinations preceding the university course, viz., the primary and the school final examination, the lower secondary examination will have to be done away with. I beg to suggest, therefore, that pending final orders in regard to this examination no change should be made.

ORDER—No. 448, Educational, dated 25th July 1904.

The suggestion of the Director of Public Instruction is accepted.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 448, EDUCATIONAL,
DATED 25TH JULY 1904.

[SUBJECT.—Changes in the Curriculum of the Lower Secondary Examination.]

From the Director of Public Instruction, dated 13th July 1904, Cur. No. 6004.

With reference to resolution No. XXXVII of the Educational Conference on page 6 of G.O., No. 178, Educational, dated 14th March 1904, the Director was asked to report whether he agreed with the Conference that in the lower secondary examination optional subjects suited for candidates who have studied only in the vernacular should be provided, and, if he agreed, to submit definite proposals on the subject. He now reports that in view of the fact that the Government of India have ruled that in future there should be only two examinations preceding the university course, viz., the primary and the school final examination—the lower secondary examination will have to be done away with. The Director, therefore, suggests that pending final orders no change should be made in its curriculum.

2. In letter No. 216, Educational, dated 6th April 1904, the Government of India were requested to inform this Government whether they proposed to address further communications dealing with the primary and the school final examinations. From their reply it is understood that further communications on these subjects will be received. Pending, therefore, the disposal of these questions the present current may be recorded.

R.N.—19-7-04.

All that the Government of India say in paragraph 12 of their resolution in G.O., No. 215, dated 6th April 1904, is that there will be an examination at the close of the secondary course. This may be an upper secondary course or a lower secondary for those who do not wish to proceed further. We cannot therefore be certain that the lower secondary examination will be altogether abolished. The further communication from India may therefore be awaited.
