Despatch from the Government of India, Home Department (Education), to the Right Honourable the Secretary of State for India, dated Simla, 12th May 1904, No. 11.

With reference to the correspondence ending with your predecessor's despatch No. 122, Public (Educational), dated the 20th September 1901, we have the honour to forward, for your consideration, a copy of a letter from the Government of Madras regarding the distribution of the personal allowances allotted to the officers of the Indian Educational Service in that province.

2. When the Educational Services were re-organized in the year 1896, four allowances—two of Rs. 250—50—500 and two of Rs. 200—10—250—were attached to five appointments (three Principalships and two Inspectorates). In June 1901 the Government of Madras stated that this arrangement debarred them from awarding any of the allowances to the holders of certain other appointments whose seniority and merit might give them stronger claims than those of the incumbents of the appointments named in the orders. The views of the Local Government were accepted and, in despatch No. 122, Public (Educational), dated the 20th September 1901, Lord George Hamilton sanctioned the proposal that one senior allowance should be reserved for the Principal of the Presidency College, and that the other senior allowance and the two junior allowances should be open alike to the Principals of the Kumbakonam and Rajahmundry Colleges, the two Inspectors, and the two senior Professors of the Presidency College.

3. The Government of Madras now represent that the extended powers of selection given to them under the orders of September 1901 have not sufficed to remove the inconvenience, and that these orders require them, in awarding a senior and a junior allowance which have fallen vacant, to pass over the officers who are most deserving of them. We agree with the Government of Madras that the claims of Mr. J. H. Stone the third Inspector, to the senior allowance, and of the Deputy Director of Public Instruction, the Principal of the Teachers' College, Saidapet, and the Professor in the Engineering College to the junior allowance, cannot be disregarded. The Governor in Council suggests either that the appointments named should be included in the list of those whose holders are eligible for the special allowances, or, preferably, that His Excellency in Council should be given full discretion in the award of the allowances. To adopt the first course would, in all probability, merely postpone the difficulty to another occasion, and we are of the opinion that the Government of Madras should be granted the discretionary powers for which they ask. The original orders of 1896 gave similar powers to the Government of the United Provinces in respect of the three allowances allotted to those provinces.

Despatch from the Right Honourable the Secretary of State, to His Excellency the Right Honourable the Governor-General of India in Council, dated 24th June 1904, No. 96, Public.

I have considered in Council the Educational letter of your Excellency's Government, No. 11, dated the 12th May 1904, in which you recommend an alteration in the mode of allotment of certain personal allowances granted to officers in the Madras Educational Service.

2. I sanction your proposal that the Governor of Madras in Council should be given full discretion in the award of the allowances, such award to have retrospective effect in the case of Mr. J. H. Stone, the third Inspector.

No. 619, dated 20th July 1904.

Copy, with copy of the despatch to which it is a reply, forwarded to the Government of Madras for information in continuation of the Home Department letter No. 407, dated the 19th May 1904.
