C. No. From the No., dated 190

SUBJECT.

Legislative question no II

A draft reply is submitted for approval; it follows ^{the} letter to the Govt of I. no 252 Ed dated 24th May 1903.

7/4 12-10-03/10/12 12/1/4

Mr. Stuart's scheme for establishing 80 ^{model} primary schools at diff^t points all over the Presidency has it is true, been abandoned. But that scheme was not made public, & it is doubtful whether the Question refers to it. The ~~Sec~~ Primary Dept^t of the Practising School of the Teachers' College will be treated & developed as a model Primary School & other such Schools may later be established. It may be better, therefore, not to give the answer proposed, as it w^d look as though Gov^t, tho' possessed of ample resources (just at present) were not spending them on primary education. A more guarded answer may be framed.

II. Will the Govt. be pleased to state whether the system of establishing model primary schools has been abandoned and if so, why?

Reply.

The scheme for the establishment of model primary schools has been abandoned. ^{He for} considered that the results expected from the carrying out of the scheme would not be commensurate with the expenditure involved.

Agf 12/1/04 The ~~Primary~~ ^{Secondary} Dept. of the Practising School of the Teachers' College is a model Primary School, and ~~the~~ ~~by~~ ~~appointment of~~ it is proposed to provide for that school a Female ~~T~~ ^{Super} trained in the latest ^{model} Kindergarten methods. The establishment of primary schools in other places will be gradually undertaken is being considered

XV (a) Are the Govt. aware, that the Johnston of Carnsalloch scholarship has had to be reduced from Rs 20 to Rs 10 a month in consequence of the rents of Tankam Bangalow in Madura town being appropriated towards some repairs & large improvements to the building?

(b) Will the Govt. be pleased to take such measures as will effectively prevent the depreciation of the scholarship from its original value?

The scheme for the late high school in Madras primary school has been abandoned. The results of the competition from the opening out of the scheme would not be commensurate with the expenditure involved.

The primary school of the Government school of the Teachers' College is a model primary school, and it is proposed to provide for that school a female teacher in the last kindergarten method. The establishment of primary schools in other places will be gradually undertaken.

information. It will be seen from the newspaper report, which is put up, that the Registrar states that a fresh residence "was being raised for the Collector"; whereas, it has been decided not to build a fresh residence but to retain & extend the Tumkur house, a sum of Rs. 480 a year being ^(as a first charge from the rent) set apart for the Scholarship. The only thing to be said on behalf of the University is that the question has been a most unconscionable time under discussion. The file is now with the P.W.D., where the Examiner of Public Works Accounts is raising imaginary legal, or technical, deficiencies over the ~~course proposed~~ L.D. proposed to be issued. This is why the matter is still "under the consideration of Government."
