Building Grant.

Sanctioning, with remarks, a grant of Rs. 1,000 in aid of the extensions to the Basel German Mission Parsi High school, Tellicherry.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following papers :—

From the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, to the Secretary to Government, Educational Department, dated Madras, 20th May 1904, Ref. on C. No. 3959 of 1903.

I have the honour to submit the enclosed plan with estimate, amounting to Rupees 6,350, for extending the building occupied by the Basel German Mission Parsi High school, Tellicherry, and to recommend that a grant of Rs. 2,116 be sanctioned under rule 118 of the Grant-in-Aid Code.

2. The accommodation provided has been pronounced to be insufficient for the growing strength of the school. Some of the classes are overcrowded and they have therefore to be divided into sections. The proposed extension is hence a necessity.

3. The plan and estimate have met with the approval of the Public Works Department authorities.

4. Out of the allotment for building grants in the current year's budget estimate, payment of Rs. 1,902 has been authorized up to date.

Telegram from the Secretary to Government, Public Works Department, to the Executive Engineer, West Coast Division, dated 4th July 1904, No. 757.

Wire present state extensions to Parsi school, Tellicherry. If not started, report nature of soil and sub-soil.

Telegram from the Executive Engineer, West Coast Division, Calicut, to the Secretary to Government, Public Works Department, dated 9th July 1904.

Your telegram fourth about Parsi school. Do you mean Basel Mission High school ?

Telegram from the Secretary to Government, Public Works Department, to the Executive Engineer, West Coast Division, dated 12th July 1904, No. 824-A.

Your telegram ninth about Parsi school. Your presumption is correct.

Telegram from the Executive Engineer, West Coast Division, Calicut, to the Secretary to Government, Public Works Department, dated 13th July 1904.

Basel Mission High school extension was completed February last.

Memorandum No. 373, Educational, dated 22nd July 1904.

From a report received from the Executive Engineer, West Coast Division, it appears that the extension of the Basel German Mission Parsi High school, Tellicherry, referred to in the letter of the Director of Public Instruction, No. 3959, dated 20th May 1904, was completed in February last. The Director is requested to ascertain and state on what authority the work was commenced and why it was carried out before receipt of sanction. The Director should also report whether any completion certificate has been received in respect of the work.

(By Order.)

A. GALLETTI,
Ag. Asst. Secretary to Government.

From the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, to the Secretary to Government, Educational Department, dated Madras, 27th July 1904, Ref. on C. No. 3959 of 1903.

With reference to memorandum No. 373, Educational, dated 22nd July 1904, I have the honour to state that a formal application for a building grant towards extensions to the Basel German Mission Parsi High school, Tellicherry, was received from the manager on the 15th May 1903. The plan and estimate were referred to the Superintending Engineer, IV Circle, on the 13th July 1903. He returned them on the 16th October 1903 and pointed out that they required revision. The manager was then asked whether he was prepared to carry out the suggestions of the Department of Public Works and, if so, to submit a revised plan and estimate. The manager complied with this request and, in doing so, seems to have taken for granted that his accepting the suggestions of the Department of Public Works was tantamount to an authority for commencing building operations and began the work without any special sanction from this department. This was not known in this office till the Superintending Engineer was asked for his final opinion on the revised plan and estimate, to which he replied in February last saying that the work had already been completed substantially in accordance with the revised plan and estimate, and that the design was suitable; and recommended that the grant applied for may be given. A completion certificate was then called for and a third grant on the value of the building as shown therein was recommended for sanction in accordance with instructions contained in paragraph 3 of G.O., No. 333, Educational, dated 10th May 1890.

Order—No. 494, Educational, dated 10th August 1904.

In the circumstances stated, His Excellency the Governor in Council is pleased to sanction a grant of Rs. 1,000 in aid of the extensions to the Basel German Mission Parsi High school, Tellicherry.

2. The Director of Public Instruction should, however, point out to the manager of the school that under rule 118 of the Grant-in-Aid Code he is not eligible for any building grant, as no aid had been promised nor were the plan finally approved by Government prior to the construction of the building.

3. It is also observed that rule 118 prescribes the maximum grants which the Government will in any circumstances give, it being optional with them to fix the amount in any case at such figure within the maximum as they may in their discretion consider suitable.

(True Extract.)

H. D. TAYLOR,
Ag. Secretary to Government.

To the Director of Public Instruction, with plan and estimate.
,, Accountant-General.

Exd. P. Seetharam.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 494, EDUCATIONAL, DATED 10TH AUGUST 1904.

[SUBJECT.—*Building Grant for the Basel German Mission Parsi High School, Tellicherry.*]

From the Director of Public Instruction, dated 20th May 1904, *No.* 3959.

Submitted that, before the grant of Rs. 2,116 recommended by the Director is sanctioned, the plan and estimate may be forwarded un-officially to the Public Works Department for scrutiny.

N.L.R.—25-5-04.
P. T. THARYAN—25-5-04.

A. GALLETTI—25-5-04.
H. D. TAYLOR—26-5-04.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

The accompanying estimate of Rs. 6,350 for extending the Basel German Mission Parsi school at Tellicherry has been scrutinised in this office and the undersigned has the honour to make the following remarks :—

(1) The nature of the surface and sub-soils is not stated. The pressure on the foundations should be calculated and their sufficiency placed beyond doubt.

(2) Four inches concrete flooring would be sufficient.

(3) The cross wall should be built up to the roof and the truss in the end room omitted.

(4) Principal rafters and purlins at the ends and principal hip rafters are omitted in the estimates. These should be added now.

(5) A plain Mangalore tile roof would be very hot during the summer season. Flat tiles or planking should be allowed underneath.

(6) The upper ends of the rafters for the verandahs should not be let into the walls, but should rest on wall plates, supported on corbel stones at suitable intervals.

(7) The rates in the following cases are high and should be verified :—

Description of work.	Rate in Estimate.			Rate in Schedule.		
	RS.	A.	P.	RS.	A.	P.
Earth work, excavating foundations—soil not stated—per 1,000 cubic feet	15	0	0	..		
Do. do. for rocky soil ..	..			12	0	0
Concrete gravel in chunam, 100 cubic feet ..	20	0	0	*Nil.*		
Do. broken laterite in chunam, 100 cubic feet ..	..			9	8	0
Laterite in chunam, 100 cubic feet	20	0	0	16	0	0
Do. arch work do.	20	0	0	*Nil.*		
Roofing with Mangalore tiles, 1st class, Rs. 556-3-2 + Rs. 147-13-5 + nails, 12-0-0 per 100 square feet	15	5	0	12 including teak reepers.	0	0
Flooring 6" concrete with mission square tiles pointed with cement, Rs. 182-9-7 + 295-1-7 + 30 per 100 square feet	17	3	0	14 with 4" concrete.	8	0
Cut stone work, cubic feet	2	8	0	1	0	0
Iron planking for ceiling — thickness not stated — per 100 square feet	37	8	0	½" teak 25 ¾" teak 33 ½" cedar 15 ¾" cedar 18		
The schedule rates do not include cart hire ..	..			..		

(8) The front steps might be put opposite the front door.

(9) The following alterations should be made in the sections of scantlings for roofing:—

Item.	Section. In estimate.	Section. To be altered into.
Reepers	2″ × 1″	2″ × 1½″
Rafters	2¼″ × 5¼″	3″ × 5¼″
Purlins	4″ × 6¼″	5½″ × 8″
Principal rafter	4⅛″ × 6½″	4½″ × 7½″
Tie beam	6″ × 9″	4½″ × 8″
Struts	4⅛″ × 4⅛″	4½″ × 4½″
King post	10½″ × 4⅛″	4½″ × 6″
Principal hip rafters	3½″ × 6½″	4½″ × 9″
Common hips	..	3″ × 5½″
Verandah.		
Rafters	2¾″ × 5¼″	3″ × 5¼″
Bressummers	4½″ × 6″	4½″ × 6¾″
Hips	3½″ × 6½″	3½″ × 6″
Valley rafters	..	4″ × 6″

(10) It is observed that the building has been completed in February last. The object of scrutinizing the estimate for the work at this stage is not apparent.

S. B. MURRAY—19-7-04.
W. B. DEWINTON—19-7-04.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The work appears to have been carried out without any formal approval or sanction of the estimate. The Director of Public Instruction on 24th May 1904 refers to the proposed extension whereas the work was completed in February 1904. The Director of Public Instruction may be asked how the work came to be carried out without sanction. Has the work been duly certified? By whom and on what authority was the work commenced?

H. D. TAYLOR—20-7-04.

The draft placed below is submitted for approval.

P. T. THARYAN—20-7-04.

Issue.

A. GALLETTI—21-7-04.

[Memorandum No. 373, dated 22nd July 1904.]

From the Director of Public Instruction, dated 27*th July* 1904, *No.* 3959.

From the Director's reply to Memorandum No. 373, dated 22nd July 1904, it is evident that he was aware that the work connected with the extensions to the Basel German Mission Parsi High school, Tellicherry, was completed in February last, *i.e.*, long before he applied to Government for sanction to pay the building grant.

2. It is now reported that the work was begun by the Manager of the school without any special sanction from the Educational Department, and on the understanding that the acceptance of the suggestions of the Superintending Engineer, IV Circle, was tantamount to an authority for commencing building operations.

3. Under rule 118 of the Grant-in-aid Code a grant shall not be given for a building regarding which the sanctioning authority has not been consulted, but it cannot be said that in this case the sanctioning authority has not been consulted. The rule, however, also lays down that no grant shall be given for a building for which aid has not been promised previously. No such promise was given in this case and it is quite open to Government to refuse the grant applied for. The Director, it will be seen, simply called for a revised plan and estimate and there could have been no mistake about it. In these circumstances orders are solicited whether the grant applied for should be granted or refused.

The rule purports to bind Government to give no grant in this case; what really means, I presume, is that Government is not bound to give as grant.

A. GALLETTI.

P. T. THARYAN—3-8-04.

It will be seen from (7) in the Public Works Department note that some of the rates were unduly high. Perhaps the rates should be verified or the actual cost of the building estimated by the local Public Works Department before any grant is sanctioned.

A. GALLETTI—4-8-04.

Submitted that Managers of schools must comply with conditions and await orders before proceeding with work for which they desire building grants to be given. Such grants are purely a matter of grace and Managers should not look upon them as a matter of right. In this case a grant may be refused.

2. If any grant is given at all, it should be at a lower rate than the maximum admissible, say one-fourth, and the Public Works Department may be asked to scrutinize the estimate accordingly.

3. I am opposed to any grant in the circumstances.

H. D. TAYLOR—5-8-04.

It must be always borne in mind that all grants under the Grant-in-aid Code are matters of grace and entirely in the discretion of Government. The Code lays down the maximum grants that Government will, in any circumstances, give.

2. It is a pity the Public Works Department intervened before authority was accorded. I presume that Department ought not to scrutinize estimates until Government have intimated that they are prepared to consider the question of a grant?

3. We may in the circumstances give a grant of Rs. 1,000, and point out that properly no grant was even claimable as the conditions of article 118 were not observed and that in any case the amount of the grant is in the discretion of Government, etc.

G. S. F[ORBES]—6-8-04.

Please draft accordingly.

2. Also note separately present practice with reference to paragraph 2 of Honourable Member's note. It appears desirable to issue general instructions on the subject.

H.D.T.—6-8-04.

The draft placed below is submitted for approval. After approval and issue a note will be separately submitted with reference to paragraph 2 of Honourable Member's note.
