Revision of the Regulations for Medical Degrees.

Communicating to the Surgeon-General letter from the Government of India stating that they have abandoned the proposal to appoint a Committee of medical officers to consider the —

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—again the following paper:—

G.O., No. 420, Educational, dated 9th July 1904.

ABSTRACT.—Informing the Director of Public Instruction and the Surgeon-General that the Committee of medical officers appointed to consider the question of the revision of the regulations for medical degrees, granted by the Indian Universities, will assemble at Calcutta during November 1904 instead of at Simla in July as originally arranged.

READ—also the following paper:—

From R. NATHAN, Esq., C.I.E., Deputy Secretary to the Government of India, Home Department (Education), to the Secretary to the Government of Madras, Educational Department, dated Simla, 5th August 1904, No. 657.

I am directed to refer to the correspondence ending with the Home Department letter No. 521, dated the 23rd June 1904, and to state, for the information of the Governor in Council, that on further consideration the Government of India have abandoned the proposal to appoint a committee of medical officers to consider the revision of the regulations for medical degrees granted by Indian Universities. They propose, in lieu of assembling a committee, to depute Colonel G. Bomford, I.M.S., to visit the Medical Colleges and report on the courses of instruction followed in them.

ORDER—No. 516, Educational, dated 18th August 1904.

NOTES CONNECTED WITH G.O., No. 516, EDUCATIONAL, DATED
18TH AUGUST 1904.

[SUBJECT.—Medical education.]

From the Government of India, Home Department, No. 657, dated 5th August 1904.

I

Submitted that the letter from the Government of India may be circulated to His Excellency the Governor and the Honourable Members for perusal only with reference to memorandum No. 671, Public, dated 29th April 1901. The papers connected with the subject are still in the press and have been called for.

To save writing would it not be well to have this printed? It is in use in all departments: 250 being printed off. Send to Public Department u.o.

PUBLIC DEPARTMENT.

Submitted that we do not circulate the original letter in such cases to His Excellency and Honourable Members: but a spare copy (or a type-written copy) separately to His Excellency and to each Honourable Member; the original being treated as any other current is. All that needs to be done then is to write on the spare copy "Advance copy submitted to ^{His Excellency} Honourable Member". I don't think a printed form is required. Our system saves time for the circulation of advance copies does not retard the disposal of the paper.

C. M. SCHMIDT—15-8-04.

Yes: if only "advance copy submitted to Honourable Member" is to be endorsed and not the long heading used in Educational.

G.S.F.

Yes. We should never circulate the original if it can be helped. A form seems unnecessary.

EDUCATIONAL DEPARTMENT.

The typing of three copies of a long or important letter from India adds to clerical work in the office. The delay entailed by circulation of the original is not very great: its contents can be noted in advance and references got together while the original is in circulation.

2. Will Honourable Member please state what course should be adopted in Local and Municipal and Educational in future?

H. D. TAYLOR—17-8-04.

How many spare copies do we receive from India: and do all the spare copies come by a later mail?

G. S. F[ORBES]—17-8-04.

Submitted that in the case of letters in the printed series we get seven spare copies. These spare copies are sometimes received with the signed copy and sometimes later: but they are all received in one lot.

When spare copies are received with the signed copy, we circulate only a spare copy.
