SEPTEMBER.

Medical School, Vizagapatam.

Sanctioning, with remarks, the grant to M.R.Ry. Kesava Pai, fourth instructor, — of a personal allowance of Rs. 25 *per mensem*.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

From the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, Madras, to the Secretary to Government, Educational Department (through the Accountant-General, Madras), dated 1st July 1904, Ref. on C. No. 3092.

I have the honour to request that you will be so good as to obtain the sanction of Government for the present fourth instructor of the Medical school, Vizagapatam, M.R.Ry. Kesava Pai, drawing salary at the rate of Rs. 100 per mensem instead of Rs. 75 for a period of four months from the 29th February last, on which date he was promoted to the grade of temporary assistant surgeon and thus became entitled to a salary of Rs. 100 per mensem in the Medical department. When the Superintendent of the school wrote to the Surgeon-General pointing out the difficulty of giving M.R.Ry. Kesava Pai any higher rate of salary than the sanctioned rate of Rs. 75, he was informed in reply that, if the school could not retain the services of M.R.Ry. Kesava Pai by paying him at the rate of Rs. 100 per mensem, his services might be replaced at the disposal of the Medical department. The Superintendent thereon recommended that the pay of the post might be raised to Rs. 100; but I directed the Superintendent to relieve the present instructor and to advertize for a medical graduate. This he has done, but requests that M.R.Ry. Kesava Pai be allowed to continue in the school until the 30th June, by which date his successor will have been appointed.

2. The additional expenditure may be met from the provision made for "furniture and fittings" under medical schools. The necessary reappropriation statement is herewith submitted.

3. The Superintendent further reports that the second and third instructors of the school who are now paid Rs. 125 and Rs. 100, respectively, will shortly be appointed Assistant Surgeons, and they will then become entitled to a salary of Rs. 135 each. Their services will have to be replaced at the disposal of the Medical department in case the salaries attached to their posts in the school are not to be revised. In this case new medical graduates will have to be appointed in their stead, and this will lead to the appointment of inferior men outside Government service. Further, the appointment of private medical graduates, who are not subject to the orders of the Surgeon-General, will lead to frequent changes in staff as these may come and go just as they like and certain of these posts may also remain vacant for some months every time a vacancy occurs on account of the difficulty of securing a competent person. He concludes by saying that this state of things will affect the efficient working of the school. This can be prevented only by raising the pay of the second, third and fourth instructors to Rs. 135 in each case so as to induce officers of the rank of Assistant Surgeons to stick to these appointments for definite periods.

4. The Surgeon-General, through whom the Superintendent's letter was addressed to me, agrees with the Superintendent in this view. In the interests of the school I feel inclined to recommend the acceptance of the proposal which is supported by the Surgeon-General; but before submitting the necessary proposition statement, I beg to request the favour of orders as to whether it commends itself to Government.

ENCLOSURE.

No. T. 128-Viz./4205, dated 13th July 1904.

Forwarded to Government.

2. While filling the appointment of fourth instructor of the Vizagapatam Medical school, M.R.Ry. Kesava Pai is restricted to the pay of the appointment, Rs. 75. But it is open to Government to grant a personal allowance of Rs. 25 to the Assistant Surgeon from the date he was promoted to that grade, if in the opinion of Government the circumstances of the case are such as to justify the grant of the allowance. If such an allowance is granted the emoluments of M.R.Ry. Kesava Pai will be equal to those of an Assistant Surgeon.

W. DOBBIE,
Accountant-General.

To the Secretary to Government, Educational Department.

ORDER—No. 542, Educational, dated 2nd September 1904.

The scheme for the reorganization of the subordinate medical establishment in the Madras Presidency sanctioned in the Secretary of State's despatch in G.O., Nos. 220, 221, Public, dated 7th March 1904, provides for three instructors for the

Vizagapatam medical school in addition to the first instructor who is the Assistant to the District Medical and Sanitary officer, Vizagapatam. This scheme has now been brought into force with effect from the 1st of April last, from which date the instructors in question are entitled to their grade pay and to any charge or teaching allowance for which they are eligible according to their rank in the Medical department. It is enough therefore if M.R.Ry. Kesava Pai is granted a personal allowance of Rs. 25 per mensem from the 29th February to the 31st March 1904 and this is now sanctioned.

2. The Director will submit a reappropriation statement showing how the salaries and allowances of the second, third and fourth instructors of the school at the increased rate now admissible will be met.

(True Extract.)

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 542, EDUCATIONAL, DATED 2ND SEPTEMBER 1904.

[SUBJECT.—Increase of pay of the Second, Third and Fourth Instructors of the Vizagapatam Medical School.]

From the Accountant-General, No. T. 128/4205, dated 13th July 1904.

The fourth instructor of the Vizagapatam Medical school was promoted to the grade of temporary Assistant Surgeon on the 29th February 1904 and thus became entitled to a salary of Rs. 100 *per mensem* in the Medical Department. The Superintendent of the school thereupon recommended to the Director of Public Instruction that the pay of the fourth instructor might be raised from Rs. 75 to Rs. 100. The Director, however, thought that the present instructor might be relieved by a medical graduate and directed the Superintendent to advertise for one. This he has done, but he requests sanction for the fourth instructor drawing a salary at the rate of Rs. 100 *per mensem* for a period of four months from the 29th February to the 30th of June 1904 by which date, he hopes that a successor will have been appointed, and submits a reappropriation statement to meet the additional expenditure involved. The Accountant-General, however, suggests that instead of raising the pay of the instructor, it is open to Government to grant him a personal allowance of Rs. 25 from the date he was promoted to the grade of Assistant Surgeon if in their opinion the circumstances of the case are such as to justify the grant of the allowance. The Director has not submitted the reappropriation statement in duplicate as required by G.O., No. 383, Financial, dated 13th June 1904. He may be asked to do so now.

H. D. TAYLOR.

2. The Director further recommends that as the second and third instructors of the school who are now drawing Rs. 125 and Rs. 100 *per mensem*, respectively, will also shortly be appointed Assistant Surgeons and as they will then be entitled to * Rs. 130 each, the pay of the second, third and fourth instructors may be increased to Rs. 135 in each case. In case the salaries attached to these posts are not revised their services will have to be replaced at the disposal of the Medical Department and the Superintendent of the school thinks that the appointment of private medical graduates will affect the efficient working of the school. The Surgeon-General supports the proposal and the Accountant-General sees no audit objection to the revision being sanctioned if the Government are satisfied of its necessity. Orders are solicited. If the proposal is approved the Director may be asked to submit the necessary proposition statement.

R.N.—22-7-04.

Submitted that it is not clear how the Director gets the figure 135 (suggested future pay of instructors), but be that as it may the scheme of reorganization of the subordinate Medical Department sanctioned in the papers recorded in G.O., No. 267, Public, dated 22nd March 1904, provides for seven Assistant Surgeons for the Medical schools—*vide* paragraph 3 of the notes in G.O., Nos. 374-75, Public, dated 20th April 1903. As this scheme has been sanctioned all that the Surgeon-General has now to do is to employ and post the men. They will then draw their grade pay

	Rs.
* Grade pay	100
Teaching or local allowance ..	30
Page 10 of G.O., No. 220, Public, dated 7th March 1904.	

and charge allowance and no fresh sanction is necessary. The Public Department and the Accountant-General may perhaps be asked whether this is not so.

2. As regards the fourth instructor he may perhaps be given a personal allowance of Rs. 25 from the date of his promotion to the grade of temporary Assistant Surgeon till such time as the reorganization comes into force. He will then be taken on the establishment.

P. T. THARYAN—23-7-04.

Does not an Assistant Surgeon get a charge allowance of either Rs. 30 or Rs. 50 in addition to his minimum pay of Rs. 100? If so it is plain that posts of Rs. 75, Rs. 100 and Rs. 125 will not attract Assistant Surgeons.

2. I don't quite see why the second, third and fourth instructors should all get Rs. 135. They might be given charge allowances, or the equivalent, of Rs. 40, 35, 30, respectively, and the minimum pay of Rs. 100, if Government is convinced by the Director's arguments. Public had better be consulted?

A. GALLETT—25-7-04.

I am strongly opposed to tinkering with a recently sanctioned scale of establishment on mere personal grounds.

2. If the cadre of Assistant Surgeons has been increased so as to provide for seven men to be employed in the Medical schools, then the scale of establishment will have necessarily to be revised so as to cover the ordinary pay and allowances of these men, unless the excess is to be borne by Public.

3. As regards the fourth instructor a personal allowance of Rs. 25 may be granted as a temporary arrangement as proposed. The Director of Public Instruction will submit reappropriation statement in duplicate.

H. D. TAYLOR—26-7-04.

To the Public Department for remarks.

PUBLIC DEPARTMENT.

In the new cadre of Civil Assistant Surgeons sanctioned by the Secretary of State in the despatch printed with G.O., No. 220, Public, dated 7th March 1904, provision has been made for seven Civil Assistant Surgeons to fill that number of

(1) Where do you get this statement from? I can't find it. posts in the three Medical schools. In the Vizagapatam Medical school, the posts of second, third and fourth instructors will be filled by Assistant Surgeons

A. Y. G. CAMPBELL—1-8-04.

under the new scheme. The officers posted to these appointments will draw their grade pay, whatever that may be, and provision has been made for a teaching allowance of Rs. 30 a month for each man. The scheme will take effect from the 1st April 1904, from which date the scale of pay and allowances previously drawn by the three instructors of the Vizagapatam Medical school must be regarded as superseded by the new scale sanctioned by the Secretary of State. Orders on the subject of the reorganisation will issue very shortly.

2. The suggestion in Educational that Public should pay the excess charges is not understood. The charges in connection with the Rayapuram and Vizagapatam Medical schools are met from Provincial funds, and the teaching allowances must fall under the same head as the pay of the officers. Public has no separate fund from which it can meet a portion of the charges connected with the Medical schools. The whole expenditure will be provided in the civil budget estimates under the head 24-E. MEDICAL—MEDICAL SCHOOLS AND COLLEGE.

3. Mr. Kesava Pai is a temporary Civil Assistant Surgeon, and does not come on the permanent establishment from the 1st April 1904. He is one of four temporary

men who have to wait for permanent vacancies. He may be granted pay at Rs. 100 *per mensem* from the date of his appointment as temporary Civil Assistant Surgeon, but he need not necessarily be granted a teaching allowance in addition to that rate of pay.

(3) Perhaps the Director of Public Instruction intended that the second, third and fourth instructors should receive Rs. 5 more than in the ordinary line.

A. Y. G. CAMPBELL,

C. S. SIMPSON—29-7-04.

The following replies are submitted to the marginal notes:—

(1) The statement that the second, third and fourth instructors in the Vizagapatam Medical school are to be filled by Civil Assistant Surgeons under the reorganisation scheme, was taken from the list submitted by the Surgeon-General of 146 posts to be set apart for Civil Assistant Surgeons under that scheme. The list forms an annexure to the Government order on the subject recently passed. It is now in the Press, but the following is an extract from the list:—

	No. of posts.
Tanjore Medical school	3
Vizagapatam Medical school—	
Second instructor	1
Third instructor	1
Fourth instructor	1
Rayapuram Medical school—	
Assistant Superintendent	1
Total	7

(2) Under the new Provincial settlement, local bodies are relieved from contributions on account of the education of medical subordinates, and the whole charges will now be met from Provincial funds—please see paragraphs 64 and 67 of letter to the Government of India, No. 826, Financial, dated 8th December 1903, and passages marked at page 285 and succeeding pages of the printed notes connected therewith; also page 37 of the notes in G.O., No. 273, Financial, dated 7th April 1904, and page 70 of the notes in G.O., No. 286, Financial, dated 15th April 1904.

(3) The scheme of reorganisation of the subordinate Medical Department sanctioned by the Secretary of State provides for charge allowances at Rs. 30 *per mensem* for all Assistant Surgeons who are not Assistants to District Medical and Sanitary officers.

C.S.S.—2-8-04.

Put up again when Government order referred to in (1) is received from Press and hurry the Press.

A. Y. G. CAMPBELL—3-8-04.

Meanwhile the file may go to Financial for remarks whether paragraph (2) in above note is correct.

A.Y.G.C.—3-8-04.

To the Financial Department.

FINANCIAL DEPARTMENT.

It is submitted that the statement in paragraph (2) of the Public Department note, dated the 2nd August 1904, that from the 1st April 1904 local bodies have been relieved of the contributions on account of the education of medical subordinates, is correct.

V.G.K.—6-8-04.

C. M. SCHMIDT—6-8-04.

To the Public Department.

PUBLIC DEPARTMENT.

Resubmitted, with a proof copy of G.O., No. 644, Public, dated the 1st August 1904. The appointments in the Medical schools are shown at page 5 of the proof.

C. S. SIMPSON—11-8-04.

I think the situation was imperfectly understood in Educational as G.O., No. 644, Public, dated 1st August 1904, had not been seen in that Department. The file is therefore returned for reconsideration as regards future pay of the appointments.

A. Y. G. CAMPBELL—12-8-04.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

Page 5 of G.O., No. 644, Public, dated 1st August 1904, shows that the cadre of Civil Assistant Surgeons has been increased so as to provide for three instructors for the Vizagapatam Medical school. The first instructor—the Assistant to the District Medical and Sanitary officer—was already there. The Surgeon-General can now post any three Assistant Surgeons to the school and then their grade pay and such charge allowance as they are eligible for will have to be met from the school budget. If the provision in the budget is not sufficient, as will be the case in the current year, the Director will have to propose a reappropriation to the head. Submitted that no special revision of the establishment of the school is necessary. From next year due provision can be made in the budget.

P. T. THARYAN—12-8-04.

A. GALLETTI—13-8-04.

The Assistant Surgeons who are posted to the school from time to time by the Surgeon-General will receive their grade pay. The extra Rs. 5 proposed by the Director of Public Instruction seems unnecessary. Any excess expenditure over the budget should be met by reappropriation, and the Director of Public Instruction can, in submitting his budget proposals, consult the Surgeon-General in each year, as to any impending charges in the personnel of the staff.

There is no need to alter the permanent scale of establishment.

H. D. TAYLOR—15-8-04.

I agree.

G. S. F[ORRES]—25-8-04.

The draft placed below is submitted for approval. If approved it may go to Public and Financial for acceptance before issue.
