Letter No. 544, 5th September 1904.

SEPTEMBER.

Informing Mr. Rea that the whole of Mr. Bruce Foote's collection of prehistoric antiquities should be removed to Madras.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

From A. REA, Esq., F.S.A.Scot., M.S.A., M.R.A.S., Superintendent, Archæological Survey, Madras and Coorg, to the Secretary to Government, Educational Department, dated Camp Yercaud, 2nd September 1904, No. 834.

I have the honour to state that in the Bruce Foote collection there are 563 objects unnumbered, as per margin.

Bangles of glass and paste ...	135
Beads of sorts ...	211
Small flakes beads, etc. ...	76
Cores, flakes bangles, etc. ...	22
Pieces of pottery ...	109
Stone objects ...	10
Total ...	563

2. I would request the early orders of Government by wire if these are to be removed to Madras as they are without the numbers, or whether they can be left in charge of Mr. Carey, Assistant to Mr. Bruce Foote, who could put the numbers on them in about a fortnight's time and then despatch them to the Museum.

3. In Mr. Bruce Foote's absence, Mr. Carey is the only one who knows what numbers to put on each of them. Their numbers are all in the check list.

LETTER—No. 544, Educational, dated 5th September 1904, to the Superintendent, Archæological Survey.

I am directed to confirm the following telegram sent to you this day :—

"No. 81. Your letter second. Entire collection should be removed to Madras under your own supervision, unnumbered specimens being separately packed. Can Mr. Carey do the numbering at Madras?"

H. D. TAYLOR,
Ag. Secretary to Government.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH LETTER, No. 544, EDUCATIONAL, DATED
5TH SEPTEMBER 1904.

[SUBJECT.—Mr. Bruce Foote's Collection of Prehistoric Antiquities.]

From Mr. A. Rea, No. 834, dated 2nd September 1904.

Mr. Rea brings to notice that 563 of the specimens of the Bruce Foote collection are unnumbered. He asks whether they should be removed by himself to Madras as they are, or left to Mr. Carey (Mr. Bruce Foote's Assistant), who alone is able to correctly identify them, to be numbered and subsequently despatched.

2. It is observed that 109 of the specimens are "pottery" which will require very careful packing and removal. It seems desirable that the entire collection should be removed under Mr. Rea's supervision. These articles may be packed separately and Mr. Carey asked to do the identification and numbering in Madras.

If so, the following telegram may issue :—

"No. 81. Your letter second. Entire collection should be removed to Madras under your own supervision, unnumbered specimens being separately packed. Can Mr. Carey do the numbering at Madras?"
