The Secretary to Government,

Educational Department.

Sir,

With reference to G.O. No. 540 Educational, dated 5th November 1903 I have the honour to request that the Muhammadan Salary Results School, Mailapur may remain under the management of the same committee until the 1st April 1905.

The original object of placing the school under the Committee appears to have been to give the Muhammadans of the neighbourhood an opportunity of interesting themselves in education and of providing religious instruction in the school. If these objects are being properly served and the school well managed there appears to be no reason for disturbing the arrangement. The Sub Assistant Inspector of Muhammadan Schools reports that the school is producing excellent work but recommends its retransference to the department. There are however certain side issues and I must make an opportunity of meeting the Committee and discussing the matter with the members.

The connection of this question with the reorganization of the Madrasa-i-Azam is not quite clear but it appears that, if the latter had been placed under a committee, it would have been proposed to have the same committee for the two institutions. The two questions are now unconnected.

I have the honour to be,

Sir,

Your most obedient servant,

E. W. Middlemas

For Director of Public Instruction.

SUBJECT.

The Mailapur Muhammadan Salary Results School.

The school was originally opened by Govt in 1864; it was elementary in its character & was intended to be a branch of, or subsidiary to, the Madrasa-i-Azam. vide go no 332 Edl of 22nd December 1863. It gradually rose to the position of a lower secondary or middle school with the lower fourth or the present second form as its highest class. Owing to the unsatisfactory condition of the school, it was in 1885 reduced to the upper primary grade. It was working for the next three years as a primary school under Govt management. The late Mr Grigg, the then Director, thought that the expenditure on the school was incommensurate with the results obtained & wanted to reduce the establishment still further. The Muhammadan Community protested against this proposal. The Director thereupon submitted proposals.

the transference of the management of the school to a Committee of Muhammadan gentlemen with a view to afford them an opportunity, ~~experimentally~~, of working the school according to their own views, tentatively for a period of 18 months. The Director's proposals were sanctioned. - G.O. No 584 256 Q of 4th October 1888. Ever since, the school though maintained by Govt., has been under the management of the Committee, the period being extended from time to time. In applying for an extension from 1st April 1902 to 1st April 1903, the Director promised to consider the further continuance of the arrangement on receipt of orders on the scheme of reorganization of the Madrasa-i-Azam which was then under discussion. These orders were passed in G.O. No 719 256 of 21st November 1902. Dr Bourne now states that the connection between the two is not clear. He also states that, although the school is reported to be doing excellent work, the Muhammadan Sub-assistant inspector recommends its retransfer to departmental management, but that before he accepts this

recommendation, he desires to discuss the matter with the Committee. Meanwhile he thinks that the present arrangement may be allowed to continue till the 1st of April 1906. This proposal may be approved. The continuance of the arrangement till 31st March 1904 was sanctioned in G.O. No 540 256 of 5th November 1903.

A draft is submitted for approval. It is for consideration whether in the draft for the word "until 31st March 1906," the word "until further orders" may not be substituted.

We may follow the Dir's suggestion
