(Through the Accountant-General)

Sir,

I have the honour to request the sanction of Government to the appointment with effect from the 1st January 1905 of a compounder on Rs 10/ per mensem for the Veterinary Hospital attached to the College of Agriculture, Saidapet. The number of cases treated at the hospital has increased from 447 in 1896-1897 to 1218 in 1903-1904 and the Principal considers that a separate compounder should be appointed as this increase has thrown considerably more work on the hospital keeper than he can properly do in addition to the duties of compounding. Further, in consequence of the comparatively small number of cattle treated as in-patients I have sanctioned the Principal's proposal to undertake the gratuitous feeding and tending of a maximum number of 200 cattle patients at a time, belonging to bona-fide ryots, with a view partly to extend the usefulness of the hospital and partly to afford sufficient materials for the instruction of students. At present owners of cattle in-patients-unless they are very poor- have to feed and tend their animals at their own cost, and this deters most owners from having their cattle treated as in-patients. For instance of the 471 cattle treated at the hospital last year only 72 were in-patients. The cost of increasing the number of cattle in-patients as proposed above which is estimated at Rs 800/ per annum will be provided for in next year's budget under 'Supplies and services' . I may add that these proposals have been approved by the Deputy Director of Agriculture.

2. The usual proposition and re-appropriation statements are submitted in duplicate.

I have the honour to be,
Sir,
Your most obedient servant,

S. Satthianadhan

Submitted that in the circumstances explained by the Director his proposal to appoint with effect from 1st January 1905 a compounder on Rs. 10 per mensem for the Veterinary hospital attached to the College of agriculture, Saidapet, may be approved and the file transferred u.o. to the Financial Department for the issue of the necessary orders. The extra cost involved in the proposal, so far as it relates to the current year, is Rs. 20 and it is proposed to meet it from "22 D - Education - Govt. Colleges - Professional, College of Agriculture - Supplies and Services - Veterinary hospital charges." It is however presumed that the Director will make the necessary provision in the next year's budget to meet this specific charge.
