 Extract from the Madras News
 paper Reports for the week ending 18th August
 1904:-

7. A correspondent to the Swadesamitran, of the 10th August, draws the
 attention of Government to the want of proper
 latrine accommodation in the museum at
 Madras and to the inconvenience caused
 thereby to the visitors.

This matter should be inquired into in
 Public Works department and the want supplied.

[Page 2-4 of 4]

From the Superintendent Govt Museum no 863
 dt 6-9-04

The Sdgm reports that there is at present a latrine

in the compound of the museum divided into two parts by a partition wall - one part for males & the other for females. Each part is capable of accommodating eight persons at a time. There is separate accommodation for Europeans and Russians.

2. The Superintendent however observes that the latrine in the compound is in need of some repairs and suggests that it may be ~~left~~ set apart for the use of males and another latrine of smaller size erected for the use of females. He also suggests that a full time sweeper may be employed for cleaning the latrines as often as necessary. At present they are cleaned once in the morning & once in the evening by a part time man.

Submitted that the P.W.D may be asked to arrange for the construction of a new latrine and that the Superintendent may be asked to submit a proposition statement for the entertainment of a full time sweeper on ~~Rs 5~~ Rs 5 or 6.

FURTHER PAPERS

To

Assistant
The Secretary to Government,
Educational Department.

Sir,

Page 1 supra.

With reference to your memorandum No 467 dated 1st Inst., I have the honour to state that the latrine arrangements here are as follows. There is a latrine in the Compound, divided into two parts by a partition wall, for males and females respectively, and each part can accommodate about eight persons at a time. This latrine is used both by visitors and by members of the museum staff. A small room on the roof of the Sculpture Gallery is available for European and Eurasian visitors. The latrines are cleaned out twice a day. No complaints as to the latrines have reached me nor so far as I can ascertain have complaints been made to any of the Assistants.

The latrine in the Compound is in need of some repair and it might be improved by certain structural alterations. I am of opinion that it would be advisable to set it apart for the use of males alone, a second latrine of smaller size being erected near for the use of females. I am also of opinion that a full-time sweeper should be engaged and not^{as} at present one who only comes in the morning

and evening.

I have the honour to be
Sir,
Your most obedient servant,
J. R. Henderson
ag. Superintendent,
Government Museum.
