The Assistant Health Officer,

Madras Municipal Commission.

Sir,

I beg most respectfully to bring the following few lines to your honour's kind consideration.

I have been in the Municipal service for a period of five years; I have been a Conservancy Overseer when I was first entertained and subsequently appointed Superintendent of Sewer No.1; and during my connection with this Municipality I have given every satisfaction in the discharge of my duties as will be seen from the testimonials attached.

My pay at present is Rs.12/-, and I see there is no scope for my future prospects unless I qualify myself in the Sanitary Inspector's Examination, so that I may look forward to an Overseer's post and with this view I made an application to the Sanitary Commissioner for admission in the Sanitary Inspector's class, but the Sanitary Commissioner has under G.O. No.697 dated 9th June 1903 L and M declined to entertain my request on the ground that I am not a Matriculate.

I beg leave to point out that this G.O. inflicts a hardship on the old and experienced servants like myself, although there was no educational qualification enforced on the candidates when the class was first opened exclusively for the benefit of the municipal employes, and as I am also an employe in the Health Department of this Municipality I beg that I may be

Venkatasubbayya, a sewer Superintendent on Rs. 12 per mensem, employed in the Health Department of the Madras Municipality, applies for permanent exemption from the matriculation examination with a view to qualify himself for admission to the Hygiene Intermediate class for the training of Sanitary Inspectors in the Medical College. The applicant has passed only the middle school examination but it is stated that he has read up to the matriculation standard. The ^{examination} qualification prescribed for admission to the Sanitary Inspector's class is the matriculation - vide page 72 of the Medical College Calendar for 1904-1905. and para. 5 of G.O. no. 697 L. of 9th June 1903.

The question is submitted, whether

he deserves encouragement but whether his knowledge of English will be sufficient to enable him to ~~benefit~~ benefit by the training. The President may perhaps be asked about this by Owen.

It is also a question whether his case is really exceptional. The testimonials are of the sort given to men not below the average. Submitted that there are no exceptional circumstances and that the creditable performance of his duties does not by itself entitle an official to very special favours. H. 6904
