GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

From the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, to the Secretary to Government, Educational Department, dated Madras, 14th May 1904, Ref. on C. No. 8594 of 1903.

Now that the boundary wall for the Reformatory school, Chingleput, has been completed, I have the honour to request that you will be so good as to obtain the sanction of Government for the immediate removal of the office of the Sub-Registrar in that station from the building now occupied by it within the precincts of the Reformatory school. Its removal is necessary because it is highly objectionable to allow a number of outsiders over whom the Superintendent has no control to assemble daily within the premises of the school, as they are now allowed to do at the Sub-Registrar's office.

Memorandum No. 747-D., dated 4th July 1904.

The undersigned has the honour to request that the Superintending Engineer, V Circle, will be so good as to report at a very early date whether the Sub-Registrar's office can be located in the Railway Engineer's bungalow at Chingleput and, if so, how soon the building can be made ready for occupation, or whether, if the Moat house is not inside the Reformatory area, it can be utilized for the purpose. A sketch showing the position of the Moat house should be sent.

W. B. DEWINTON,
Secretary to Government, P.W.D.

To the Superintending Engineer, V Circle.

From C. H. B. BURLTON, Esq., Superintending Engineer, V Circle, to the Secretary to Government, Public Works Department, dated Madras, 5th September 1904, No. 594-W.

I have the honour to report that on 9th July 1904, I sent a copy of your memorandum No. 747-D., dated 4th July 1904, to the Executive Engineer, Chingleput division, for report as to the time within which the Moat house could be made suitable to the requirements of the Sub-Registrar and for submission of the sketch that you require. I have received a sketch from the Executive Engineer with a letter, dated 17th August, in which he states that he has inspected the building and finds it utterly unfit for any office. The main portion of the building, he reports, consists of mud walls plastered. As this is of itself sufficient to condemn the building, I am afraid it cannot be adopted to the requirements of a Sub-Registrar's office.

As you will have gathered from my survey report of last January of the Railway Engineer's bungalow, the state of that building renders the location of the Sub-Registrar's office therein altogether out of the question.

ORDER—No. 594, Educational, dated 26th September 1904.

Steps will be taken in the Public Works Department to provide a new building for the Sub-Registrar's office at Chingleput at an early date. Meanwhile existing arrangements will continue.

(True Extract.)

H. D. TAYLOR,
Ag. Secretary to Government.

To the Director of Public Instruction,
" Public Works Department,
" Judicial Department,

EDUCATIONAL DEPARTMENT

NOTES CONNECTED WITH G.O., No. 594, EDUCATIONAL,
DATED 26TH SEPTEMBER 1904.

[SUBJECT.—*Removal of the Sub-Registrar's office from the precincts of the Reformatory School.*]

From the Director of Public Instruction, No. 8594, dated 14th May 1904.

It was decided so long ago as 1895 that the Sub-Registrar's office should be removed from the Fort and the building now occupied by it handed over to the Reformatory—*vide* G.O., No. 1279, Judicial, dated 15th June 1895—and the resolution of the official visitors referred to therein. Please see also paragraph 6—page 4—of the notes in G.O., No. 510, Educational, dated 17th October 1900. The Director's letter may therefore be transferred *u.o.* to the Judicial Department for issue of the necessary orders.

P. T. THARYAN—23-5-04.

I don't know that anything was definitely decided; the reference was to "such additional space as may be required", *i.e.*, the Sub-Registrar's office was to be removed to make room for any future * additions to the Reformatory that might be decided on. The ground urged by the Director now is not want of room.

* Submitted that (these) additions have been partly made and are being completed—G.O., No. 2412 W., dated 3rd September 1902.

P.T.T.

A. GALLETTI—23-5-04.

Apart from the question of providing sufficient space and accommodation, on which G.O., No. 1279, dated 15th June 1895, was passed, the committee also considered the question of "isolation" in making their recommendations. I consider that the point taken by the Director of Public Instruction is a sound one, and that the admission of strangers, even on other public business, to the Reformatory precincts is undesirable.

2. Judicial may be asked to hand over the present building to the Reformatory and to provide separate accommodation for the Registrar's office outside the Reformatory compound as soon as this may conveniently be done.

H. D. TAYLOR—24-5-04.

What has Judicial to say?

G. S. F[ORBES]—25-5-04.

Forwarded to the Judicial Department for remarks.

H.D.T.—26-5-04.

JUDICIAL DEPARTMENT.

It was decided in G.O., No. 238, Judicial, dated 14th February 1901, that the Sub-Registrar's office at Chingleput should be located in the southern portion of the Railway Engineer's bungalow and that further orders necessary in the matter would be issued by the Public Works Department. It does not appear that any further action has been taken in the matter in the Public Works Department. A sum of Rs. 4,000 has been entered under class B works in the Provincial civil budget for 1904-1905 (preliminary) for this as well as other connected works. It is submitted that the Public Works Department may be asked to report how matters stand at present.

S.P.-2-6-04.

J. A. DEROZARIO-3-6-04.

A. Y. G. CAMPBELL-4-6-04.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

The Judicial order above referred to was communicated to the Superintending Engineer, V Circle, with G.O., No. 804 W., dated 21st March 1901, for such revision of the plans and estimates submitted as might be necessary.

2. The Superintending Engineer forwarded in April 1902 a revised plan and estimate, amounting to Rs. 10,820, for additions and alterations to the bungalow to provide accommodation for the Sub-Registrar and the Stationary Sub-Magistrate. The estimate was returned for resubmission after obtaining the countersignature of the Collector and the Inspector-General of Registration—Memorandum No. 3889 C., dated 1st August 1902.

3. In October 1902, in reply to a reminder from this office, the Superintending Engineer reported that he was in correspondence with the Collector on the subject and that the latter had made other suggestions for accommodating the Stationary Sub-Magistrate—Superintending Engineer's letter No. 436 W., dated 2nd October 1902.

4. In G.O., No. 150, Revenue, dated 16th February 1903, the Government resolved to abandon the proposal to utilise a portion of the bungalow as an office for the Stationary Sub-Magistrate and to locate in the building the offices of the Sub-Registrar, the Public Works Department Sub-Divisional officer and the Public Works Department Overseer. The revised estimate of Rs. 10,820 was accordingly again returned for revision—G.O., No. 1024 W., dated 2nd April 1903.

5. An estimate of Rs. 5,500 was submitted by the Executive Engineer for adapting the bungalow to accommodate the Public Works Department Sub-Divisional and the Sub-Registry offices; but as the building appeared to be in very bad order the Superintending Engineer decided to make a personal examination of the structure. This was made on the 11th January 1904. In his letter of the 16th idem, the Superintending Engineer reported in detail on the existing condition of the building and submitted proposals for improving such portions of the bungalow as might be utilised. As regards the Sub-Registrar he stated that he could be accommodated in the moat house and that the Superintendent of the Reformatory school was willing to vacate it as soon as the new quarantine shed was ready. The Superintending Engineer added that he was given to understand that the arrangement would be agreeable to the Sub-Registrar. The proposal was referred by the Chief Engineer with endorsement No. 523 C., dated 23rd January 1904, for the remarks of the Inspector-General of Registration, whose reply is awaited.

It may, in this connection, be pointed out that the bungalow in question was purchased on the recommendation of the Inspector-General of Prisons and the Collector of Chingleput and that this Department does not appear to have been consulted before the acquisition of the building was decided upon—G.O., No. 936, Educational, dated 18th December 1895.

P. K. SUBBA AIYAR-17-6-04.

I cannot find out where the "moat house" is, but if it is inside the new walls the proposed habitat for the Sub-Registrar is open to the same objection as his late office.

2. As usual the purchase of the old Railway bungalow seems to have been a mistake.

S. B. MURRAY-21-6-04.

The upshot of all this is that nothing has been done to provide other accommodation for the Sub-Registrar, and there is apparently no room for him in the old Railway bungalow. If desired, the Superintending Engineer will be asked to locate the "moat house."

W. B. DEWINTON-21-6-04.

To the Judicial Department.

JUDICIAL DEPARTMENT.

The file may be returned to Educational. It will be seen from the notes in Public Works Department that the Chief Engineer and Inspector-General of Registration are corresponding about providing a new office for the Sub-Registrar. Educational Department may be informed that it is desirable to allow the present arrangements to continue for the present. It would probably cause great inconvenience if the Sub-Registrar's office were closed temporarily, and if it is not to be closed, it must remain where it is until arrangements can be made for locating it elsewhere. It will be sufficient perhaps to tell the Director of Public Instruction that the question of locating the Sub-Registrar's office is under consideration.

A. Y. G. CAMPBELL-23-6-04.

It seems most objectionable for the Sub-Registrar to have this office inside the walls of the school. It would seem best to call upon the Inspector-General of Registration to report whether he cannot find temporary accommodation until he has a new permanent office. He may be able to hire some house, or perhaps the Collector may be able to lend him some building. I submit the office should be surrendered as soon as possible.

M. HAMMICK-26-6-04.

I do not think there is any sufficient reason to hustle the Sub-Registrar out until other accommodation is provided for him. No further delay in providing accommodation should be allowed. I do not understand why the Railway bungalow should not be made available. It seems to be in bad order and has probably been neglected as the Public Works Department were not responsible for its purchase, but it would be better to utilise it now than let it go to ruin.

G. S. [TOKES]-29-6-04.

Will the Public Works Department kindly enquire and say if the Registrar can be accommodated in the Railway bungalow and, if so, when the building will be ready or if the Registrar can occupy the moat house if it is not inside the Reformatory area.

M. HAMMICK-29-6-04.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

A draft memorandum to the Superintending Engineer, V Circle, is submitted.
C.V.G.-2-7-04.

[Draft memorandum issued as No. 747 D., dated 4th July 1904.]

The Superintending Engineer replies stating that the moat house is utterly unfit for any office, the main portion of the building consisting of mud walls plastered. The state of the Railway Engineer's bungalow is also reported to be such as to render the location of the Sub-Registrar's office in it out of the question. In this connection, please see the Superintending Engineer's report on the building, dated 16th January 1904.

C.V.G.—7-9-04.

May be returned to Judicial with the above remark.

T. W. S. SMYTH—8-9-04.

The Sub-Registrar cannot be accommodated in either the moat house or Railway Engineer's bungalow, and nothing has yet been done with the preparation of plan and estimate for a new office.

W. B. DEWINTON—8-9-04.

To the Judicial Department.

JUDICIAL DEPARTMENT.

The only thing to be done now is to build a new office for the Sub-Registrar as soon as possible. It is for consideration whether in the meantime endeavours should be made to remove the Sub-Registrar's office into rented buildings.

J. A. DEROZARIO—14-9-04.

The Honourable Member (Judicial Department) has already remarked that he does not think there is sufficient reason to hustle the Sub-Registrar out until other accommodation is provided for him. On receipt of the Educational Government order on the Director's letter, Judicial Department may ask the Inspector-General to submit plans and estimates for a new office at an early date. It does not seem practicable to do more now. The papers may be returned to Educational.

A. Y. G. CAMPBELL—15-9-04.

Yes.

M.H.—18-9-04.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The Director of Public Instruction may be informed that steps are being taken in the Public Works Department to provide a new building for the Sub-Registrar's office at an early date and that meanwhile the present arrangement must be allowed to continue.

H. D. TAYLOR—20-9-04.

G. S. F[ORBES]—21-9-04.

Draft please.

H.D.T.—22-9-04.
