C. No. 1686 From the Financial Department No 618, dated 19-9-1904

SUBJECT.

Acquisition of a site for the construction of offices
 for the Sanitary Commissioner & the Sanitary Engineer.

S.P. No 450 9th 41.
 26-7-04. C.

A portion of this site has to be given to the Council of the Victoria Technical Institute on payment. Should not the Collector be therefore asked to report as soon as his award has been made and the land taken over or should we wait till the Council comes up again? The Collector should let us know the exact total cost of the acquisition so that arrangements may be made for the transfer of a portion of the land of the value of ^{not more} Rs. 10,000. In that case it will not be necessary to go up to India for sanction to sell it to the Council.

By what agency is it proposed that the Victoria Technical Institute building should be constructed? If by P.W.D. then the latter may be asked to get the C.A. to draw up a site plan showing the portion which it is proposed to allot to each building, or to be reserved for extension of the museum building. Are there any definite proposals on the latter subject? I understand that additional space is required for the
