Reorganization of the Government Girls' Schools.

Addressing the Government of India on the subject of the — in the Madras Presidency.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—again the following papers :—

G.O., No. 441, Educational, dated 14th September 1903.

Abstract.—Approving, with remarks, a scheme for the reorganization of the Government girls' schools in the Central Circle.

G.O., No. 598, Educational, dated 4th December 1903.

Abstract.—Sanctioning, with remarks, a scheme for the reorganization of the Government girls' schools in the Southern Circle.

G.O., No. 69, Educational, dated 27th January 1904.

Read—the following paper :—

From the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, Madras, to the Secretary to Government, Educational Department, dated 20th January 1904, Ref. on Cur. No. 8928 of 1903.

I have the honour to request that you will be so good as to obtain the sanction of Government to the scheme for the reorganization of the Government girls' schools in the Central Circle approved in G.Os., No. 441, Educational, dated 14th September 1903, and No. 724, Financial, dated 7th November 1903, being brought into force from 1st April 1904 instead of from the date of the Financial order.

2. If effect is to be given to it from the date of the Financial order, the teachers will have to be paid results stipends for about eight months of the year and fixed salaries without stipends for the remaining period. It seems a simpler and more convenient course to allow them their stipends for the whole year and bring the revised scales of pay into force on 1st April 1904. In this way it may be possible to introduce the new schemes into all three circles at the same time.

3. In the current year's budget there is a lump provision of Rs. 16,000 for the improvement of girls' schools which will remain unutilized on account of the above recommendation. I am addressing Government in a separate communication regarding the transfer of this sum to the head of "building grants."

Order—No. 69, Educational, dated 27th January 1904.

The proposal of the Director of Public Instruction is approved and sanctioned on the understanding that the Director will arrange to utilize in other ways the whole of the budget provision for the reorganization of these schools.

Abstract.—Passing orders on the proposals submitted by the Director of Public Instruction for the reorganization of the Government girls' schools in the Northern Circle.

Abstract.—Passing orders on the letter from the Director of Public Instruction suggesting certain modifications in the orders already passed relating to the reorganization of the Government girls' schools in the Madras Presidency.

Read—also the following papers :—

From the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, Madras, to the Secretary to Government, Educational Department (through the Accountant-General), dated 6th April 1904, Ref. on Cur. No. 3154 of 1903.

I have the honour to submit herewith the revised proposition statement called for in G.O., No. 598, Educational, dated 4th December 1903.

No. T. 149-Genl./1639, dated 14th May 1904.

The entries in the column of "Present scale" have been compared with the registers of this office and are correct with the exception of the items altered in red ink.

2. The revision requires the sanction of the Secretary of State under article 277 (4) of the Civil Account Code as taken together with the reorganization of the Government girls' schools in the Northern Circle sanctioned in G.O., No. 269, Financial, dated 6th April 1904, an additional expenditure of more than Rs. 25,000 a year is involved. It is true that the increase on account of the revision of each circle taken separately is less than Rs. 25,000 a year, but this sub-division cannot operate to prevent the application of the above-quoted article.

3. The additional cost in the current year on account of the reorganization of Government girls' schools in the Northern Circle sanctioned in G.O., No. 269, Financial, dated 6th April 1904, amounts to Rs. 21,428 and that on account of the reorganization of the Southern Circle now proposed will amount to about Rs. 9,452. The total additional cost involved for the two circles will thus amount to Rs. 30,880. To meet this extra cost a provision of Rs. 43,000 was made in the current year's budget, but from this amount a deduction of Rs. 20,000 has been made on account of probable savings, leaving only a balance of Rs. 23,000.

6. The sum of Rs. 32,500 shown as increase in adjusting heads under results and fixed grants is reported to be the difference between the budget provision of Rs. 1,10,000 for results and fixed grants under adjusting heads in the budget for 1904–1905 and Rs. 77,500 under the same head for 1901–1902.

NOTES CONNECTED WITH G.O., Nos. 642, 643, EDUCATIONAL, DATED 22nd OCTOBER 1904.

[Subject.—*Reorganization of the Government Girls' schools in the Southern Circle.*]

From the Director of Public Instruction, dated 6th April 1904, *No.* 3154.

The Director submits the revised proposition statement called for in G.O., No. 598, Educational, dated 4th December 1903, for the reorganization of the Government girls' schools in the Southern Circle. In his verification certificate the Accountant-General says that the reorganization in this case requires the sanction of the Secretary of State.

2. The draft already prepared in the office as stated in the note on C. No. 809 (letter from the Director requesting that the orders already passed in connection with the reorganization of the Government girls' schools might be reconsidered) has now been slightly revised. It may require further revision on receipt of orders on the Director's letter referred to, which went to the Honourable Member on the 11th instant, and has not yet been returned. Should the Honourable Member be reminded about the matter ?

Notes connected with G.O., No. 608, dated 7th October 1904.

P. T. Tharyan—26–5–04.

No use going through the draft letter till we have Honourable Member's orders on current No. 809 ?

A. Galletti—27–5–04.

No : wait till 1st. If Honourable Member's orders are not received by then he may be requested to return the file in C. No. 809.

H. D. Taylor—27–5–04.

Honourable Member's orders have not yet been received.

P. T. Tharyan—1–6–04.

I have brought to the Honourable Member's notice the fact that this file is awaiting disposal of file in C. No. 809. This must now lie over until return of that file from circulation.

H. D. Taylor—3–6–04.

The file is now submitted to the Honourable Member at his request. I have not initialled the draft as the actual figures may require some alteration with reference to the orders which may be passed by the Honourable Member on C. No. 809.

The draft has been revised and is resubmitted.

2. In paragraph 8 of the draft the results stipends paid in 1902–1903 is entered as Rs. 17,958. The figures for 1903–1904 should now be available and may be telegraphed for from the Director.

P. T. THARYAN—1-10-04.

3. To save delay one copy of the proposition statement and the recurring grant statement referred to in paragraph 9 of the draft may be sent *at once* to the *local* press to be urgently printed.

P. T. THARYAN—1-10-04.

A. GALLETTI—1-10-04.

H. D. TAYLOR—1-10-04.

The letter to India is written in quite a wrong tone. A Government ought not to write like a school-boy to a master explaining this change and that change of opinion in a deprecatory tone. We have to explain clearly the schemes as *finally* settled by us : and put with the letter complete proposition statements, and don't ask India to look at one Government order for one proposition statement, to another Government order for another and then to refer to a separate proposition statement for a third circle.

2. Before I finish the revision of the draft letter to India I want to know more clearly what are the "*higher rates of pay*" which are to be reserved for qualified *mistresses*.

3. I have understood this all along to refer to the Rs. 10 minimum rate of pay. What other varying rates of pay are supposed to be affected by the *general* declaration put in the draft and how are they to be worked? Is it intended that all through the scales ; if an *unqualified* mistress is retained, she won't get the new rates ?

G. S. F[ORBES]—2-10-04.

Please see the Honourable Member's note. The file should be again circulated after furnishing the information called for. A complete proposition statement should be put up for the entire scheme. Meanwhile the Director of Public Instruction may be asked to state by wire the exact figures of results stipends for 1903-1904 in results schools.

H. D. TAYLOR—3-10-04.

The telegram placed below may issue.

[Telegram No. 92, dated 3rd October 1904.]

Telegram from the Director of Public Instruction, dated 5th October 1904.

With reference to the Honourable Member's note above it is submitted that the intention was that "all through the scales, if an unqualified mistress (or master) is retained, she (or he) won't get the new rates." Please see paragraph 2 of the note on page 13 of the notes connected with G.O., No. 441, Educational, dated 14th September 1903.

No. 643.

From

H. D. TAYLOR, Esq., I.C.S.,
Acting Secretary to the Government of Madras,
Educational Department.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

Dated Ootacamund, the 22nd October 1904.

SIR,

I am directed to address the Government of India on the subject of the reorganization of the Government girls' schools in this Presidency.

2. In paragraph 24 of Mr. Hewett's letter No. 466 (Education), dated 6th November 1901, the Government of India expressed the desire that an earnest effort should be made to effect a real advance in the matter of female education and stated that the question of providing more efficient teachers in girls' schools was of the first importance. The state of the existing Government girls' schools has accordingly been now thoroughly scrutinised with the result that it has been found necessary both to strengthen the staff and to require higher qualifications in the teachers. And the Governor in Council deems it advisable to effect this reform before any attempt is made to increase the number of such schools to any great extent.

3. As regards the strength of the staff, it was found that in the great majority of the schools the number of teachers did not correspond with the number of classes to be taught while the qualifications, educational and social, of the staff were also unsatisfactory, the pay offered being too low to attract teachers of adequate attainments or to secure either European or caste teachers, an essential point, if Hindu caste girls are to be attracted to or retained in the school. Accordingly the first thing attempted in the direction of reform has been to increase the number of teachers in the existing Government schools and to provide a scale of pay calculated to secure the services of qualified persons for the posts.

4. For the purposes of female education the Presidency is divided into three circles, the Northern, Central and Southern, each of which is in charge of an Inspectress. There are 93 schools in the Northern, 32 in the Central, and 35 in the Southern circle.

The reorganization of the schools in the *Central* circle was taken up first. The 32 schools of this circle which had 28 different scales of pay for the teachers in them were placed in six classes with scales of pay as follows:—

Classes ..	1	2	3	4	5	6
No. of schools ..	5	1	2	5	17	2
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Head Teacher ..	30	20	20	20	14	12
First Assistant ..	20	15	14	14	12	10
Second ,, ..	14	12	12	12	10	10

Menial staff for all the schools in the class ..	31	7	12	31	107	14
Total cost ..	511	84	164	361	889	78

The total monthly cost of the schools as reorganized thus amounts to Rs. 2,087 as against Rs. 1,344-6-0, the cost of the schools on their former footing; involving an annual additional expenditure of Rs. 8,911-8-0.

5. Under the reorganization no teacher is paid less than Rs. 10 a month, while on the coming into operation of the salaries in the revised scales no results stipends over and above them will be paid to any grade of teacher, but any teacher adversely affected by the new scale will be granted a personal allowance. The scheme was formally sanctioned in November 1903.

6. The reorganization of the schools in the *Southern* circle was taken up next. The 35 schools of this circle in which previously there had prevailed 27 different scales of pay for the teaching staff were placed in six classes with scales of pay as follows:—

Classes ..	1	2	3	4	5	6
No. of schools ..	4	1	4	5	14	7
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Head Teacher ..	30	30	20	20	14	12
First Assistant ..	20	20	14	14	12	10
Second ,, ..	15	14	12	12	10	10
Third ,, ..	12	12	10	10	10	..
Fourth ,, ..	10	10	10	10	..	..
Fifth ,, ..	10	10	10	..	..	..
Sixth ,, ..	10	..	..	..	..	..
Total for one school ..	107	96	76	66	46	32
Total for all schools in the class.	428	96	304	330	644	224
Menial staff for all the schools in the class ..	30½	7	27¾	29	66	..
Total cost ..	458½	103	331¾	359	710	224

The total monthly cost of the schools of this circle as reorganized is thus raised from Rs. 1,265 to Rs. 2,186¼; involving an additional annual cost of Rs. 11,055. The scheme is drawn on the same lines as that for the Central circle and has been approved subject to the same conditions; but it has not yet been formally sanctioned.

7. The reorganization of the schools in the *Northern* circle was considered last. The 93 schools of this circle which previously had 54 different scales of pay for the teaching staff were placed in 9 classes with scales of pay as follows:—

Classes	1	2	3	4	5	6	7	8	9
Number of schools ..	1	1	1	14	2	2	40	31	1
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Head Teacher ..	30	30	20	20	14	14	14	12	12
First Assistant ..	25	25	14	14	12	12	12	10	10
Second ,, ..	20	14	12	12	12	10	10	10	..
Third ,, ..	14	12	10	10	10	10	10	..	..
Fourth ,, ..	12	10	10	10	10	10	..	..	..
Fifth ,, ..	10	..	10	..	..	..	..	..	..
Sixth ,, ..	10	..	..	..	..	..	..	..	..
Total for one school..	121	91	76	66	58	56	46	32	22
Total for all the schools in the class ..	121	91	76	924	116	112	1,840	992	22
Menial staff of the schools in the class ..	4	2	2	19	..	2	46	36	..
Total cost ..	125	93	78	943	116	114	1,886	1,028	22

The total monthly cost of the schools of this circle as reorganized is thus raised om Rs. 2,457 to Rs. 4,405; involving an additional annual cost of Rs. 23,376. The scheme was finally sanctioned in April last. In point of its chief features and of the conditions attached to the sanction, the scheme does not materially differ from those of the Central and Southern circles.

8. As originally approved, the schemes of the Central and Northern circles provided the higher rates of pay for women teachers only; but this condition has been reconsidered and the higher rates will be paid to the teachers whether men or women, provided they possess the requisite qualifications. It has also been decided o provide three of the schools in the Central, two in the Northern and three in the outhern circle with European or Eurasian head mistresses on a salary of Rs. 50 ach, in place of the present male head masters and low caste Native Christian head istresses.

9. The Accountant-General has advised that the schemes for the three circles nnot be separated and that the reorganization must be regarded as one scheme quiring the sanction of the Secretary of State under article 277 (4) of the Civil count Code, inasmuch as the total increase of expenditure proposed to be sanctioned the current year exceeds Rs. 25,000 per annum. I am accordingly to request that e Government of India will be pleased to obtain this sanction as early as practicable. e total increased cost for the three circles is Rs. 45,262-8-0 per annum of which 21,909 is on account of new establishments and Rs. 23,353-8-0 on account of reases to existing establishments. When however the schemes are in operation results stipends now paid to the teachers will be saved. In 1903-1904 these ends amounted to Rs. 19,300.

10. A proposition statement showing in detail the effect of the reorganization in the three circles is appended to this letter. The statement required in the letter from the Government of India, Home Department, No. 265 (Education), dated the 28th March 1904, showing how much of the special recurring grant of eight lakhs allotted for expenditure on Education in this Presidency has been spent and how much is still available is also appended. It has been duly verified by the Accountant-General.

ORDER: no.642 & 2-10-04
P.S.

The following letter will be despatched to the Government of India.

LETTER: no.643 & 2-10-04
To

The Secretary to the Govt. of India,

Home Department.

Sir,

I am directed to address the Government of India on the subject of the re-organization of the Government girls' schools in th~~e~~ Presidency.

2. In para.24 of Mr. Hewett's letter No.466 (Education) dated 6th November 1901 the Government of India expressed the desire that an earnest effort should be made to effect a real advance in the matter of female education and stated that the question of providing more efficient teachers in girls' schools was of the first importance. The state of the existing Government girls' schools has accordingly been now thoroughly scrutinised with the result that it has been found

necessary both to strengthen the staff and to require higher qualifications ~~of~~ in the teachers. ~~And~~ And the Governor in Council deems it advisable to effect this reform before any attempt is made to increase the number of such schools to any great extent.

3. ~~As~~ As regards the strength of the staff, it was found that in the great majority of the schools the number of teachers did not correspond with the number of classes to be taught while the qualifications, educational and social, of the staff were also unsatisfactory, the pay offered being too low to attract teachers of adequate attainments or to secure either European or caste teachers, an essential point if Hindu ~~caste~~ girls are to be retained in the school. Accordingly the first attempt in the direction of reform has been to increase the number of teachers in the existing schools ~~and~~ & to provide a scale of pay sufficient to secure the services of qualified persons for the posts. calculated

4. For the purposes of female education the Presidency is divided into three circles, the northern, central and southern, each of which is in charge of an inspectress. There

Govt. Secy 19/10/35

are 93 schools in the northern, 32 in the central, and 35 in the southern circle.

The reorganization of the schools in the central circle was taken up first. The 32 schools of this circle which had 28 different scales of pay for the teachers in them were placed in six classes with scales of pay as follows:--

Classes	1	2	3	4	5	6
No. of schools	5	1	2	5	17	2

Menial staff for all the schools in the class ----	31	7	12	31	107	14
Total cost	511	84	164	361	889	78

The total monthly cost of the schools as reorganized thus amounts to ₹2,087 as against ₹1,344-6-0, the cost of the schools on their former footing, involving an annual additional expenditure of ₹8,911-8-0.

5. Under the reorganization no teacher is paid less than ₹10 a month, while on the coming into operation of the salaries in the revised scales no resul stipends over and above them will be

teacher adversely affected by the new scale will be granted a personal allowance. The scheme was formally sanctioned in November 1903.

6. The reorganization of the schools in the ~~8~~ Southern circle was taken up next. The 35 schools of this circle in which previously there had prevailed 26 different scales of pay for the teaching staff were placed in six classes with scales of pay as follows:--

Classes	1	2	3	4	5	6
No. of schools	4	1	4	5	14	7

The total monthly cost of schools of this circle as reorganized is thus raised from ₹.1,265 to 2,186¼, involving an additional annual cost of ₹.11,055. The scheme is drawn on the same lines as that for the central circle and has been approved subject to the same conditions; but it has

I. The reorganization of the schools in the Northern circle was considered last. The 93 schools of this circle which previously had 53 different scales of pay for the teaching staff were placed in 9 classes with scales of pay as follows:--

No. of schools	1	1	1	14	2	2	40	31	1

Total cost	125	93	78	943	116	114	1886	1028	22

The total monthly cost of the schools of this circle as reorganized is thus raised from ₹.2,456½ to ₹.4,405; involving an additional annual cost of ₹.23,382. The scheme was finally sanctioned in April last. In point of its chief features and of the conditions attached to the sanction, the scheme does not materially differ from those of the central and southern circles. As originally approved, the schemes provided the higher rates of pay for women teachers only; but this has been reconsidered & the

~~[illegible] when circles, [illegible] the higher rate of pay should be reserved for women teachers.~~ It has also been decided to provide three of the schools in the central, two in the northern and three in the southern circle with European or Eurasian head mistresses on a salary of ₹.50 each, in place of the present male head masters and low caste Native Christian head mistresses.

9. ~~On the proposition statement~~ for the southern circle the Accountant General has advised that the ~~whole~~ schemes for the three circles must be separated & that reorganization must be treated as one scheme, require the sanction of the Secretary of State under Article 277(4) of the Civil Account Code, inasmuch as the total increase of expenditure proposed to be sanctioned in the current year exceeds ₹.25,000 per annum. I am accordingly to request that the Government of India will be pleased to obtain this sanction as early as practicable. The total increased cost for the three circles is ₹.45,268-8-0 per annum of which ₹.19,680 is on account of new establishments and ₹.25,588-8-0 on account of increases to existing establishments. When however the schemes are in operation the results stipends now paid to the teachers will be saved. In 1901-04 these stipends amounted to ~~[illegible]~~ 19,300
