To

The Secretary to Government,

Educational, Local and Municipal Department.

Sir,

In returning the papers referred to me with endorsement No. 621 Educational dated 4th November 1904, I have the honour to state that I can give very little further information without private correspondence with England.

I stated that my list of headings was taken from the list of framed pictures supplied by the School Board for London and that the pictures required were the sets selected by the School Board. I enclose the list from which I took my information. I asked for triplicate sets of those I have numbered 10, 11, 12, 15, 16, 17, and 18.

As payment has to be made from this year's budget allotment I did not ask for more private information from England and I submit that the Store Department might have made a reference to the School Board for London or have given my instructions to some agent who would have easily ascertained what was desired. I want pictures suitable for schools the value of which together with the packing and freight will amount to about £ 550/. I requested that I might ask some one upon whose judgment I could rely to choose them but failing this I can only depend upon some agent chosen by the Director-General of Stores.

I have the honour to be,

Sir,

Your most obedient servant,

A. J. Bowser

In his letter read above the D.G. of Stores requests to be furnished with some detailed information in regard to the list of pictures required for the Art Loan Collection in the office of the Director of Public Instruction. The Director, to whom this letter was referred for amending the list submitted by him with his letter no. 417 of the 20th September last, states that he can give very little further information without ^{private} correspondence with England. He adds that his list of headings was taken from the list of framed pictures supplied by the School Board for London and that the pictures required were the sets selected by the School Board. He ^{also} forwards a copy of that list. It is submitted that in these circumstances the safest course to adopt appears to be to request the Director General of Stores to obtain ^{refer to} the above-named list to supplement the information he may already have. ^{The only} ~~perhaps~~ ^{such} ~~other~~ ^{as is available here} ~~alternative~~ ^{time} seems to be to give information ~~in private correspondence~~ if ~~it is~~ ^{not} considered ~~private~~ ^{private} correspondence with England objectionable.
