The Secretary to the
Government of
Madras

Respected Sir,

I beg to represent myself before you as an applicant and beg your honor to be good enough to consider the following few lines with a benevolent disposition.

I passed the Matriculation Extion and the Compulsary portion of Upper Secondary Extion held in December 1902 my numbers to these being 556 and 35 respectively.

As Upper Secondary Extion includes Handwriting

Test for Under graduates. I applied to the Secretary to the Commissioner for Government Examinations to grant ~~me~~ the certificate of Hand-writing Test on which the authorities replied as follows:

"Petitioner is informed that as he was not Matriculate at the time that he applied to be examined for the Upper Secondary Examination he cannot be declared to have passed the Handwriting and Dictation Test for Under-graduates and granted a certificate"

The Secretary's endorsement is appended for your kind perusal.

I further applied to the Director of Public Instruction, Madras to consider in my favour. He returned my application

endorsing the same that he could not interfere in the matter.

I now beg your benevolence to consider my qualifications, authorise me to obtain a certificate of Handwriting Test, for Under graduates, that I may be qualified to fill in a Government Post, permanent on Rs 15, and upwards, or, to kindly recognise me, as having passed an examination equivalent to the Matriculation Ex'tion of the Madras University with Handwriting Test for Under-graduates, or Uppersecondary Ex'tion"

See page 386.

Boards Standing Order No 127 (b) goes in the following manner:

"That no person will be eligible for appointment to a superior post carrying a pay of Rs 15 per mensem

measure

and upwards unless he has passed the Madras Upper Secondary Examination or the Matriculation Examination of the Madras University with the Handwriting Test or some other Examination accepted by Government as equivalent thereto".

I have passed Matriculation Exmon and completed Handwriting Test for undergraduates by passing the compulsory portion of Upper Secondary Exmon which contains it.

I humbly beg that this favour may be granted to me as I shall be greatly benefited thereby

I beg to remain

C. No. 113 From ~~the~~ T. Venkata Rao, Ramachandrapuram No ______, dated 28-12-1903.

SUBJECT.

Handwriting and dictation test

The petitioner says that he has passed the matriculation and the compulsory portion of the Upper Secondary Examination held in December 1902, and requests that as the compulsory portion of the latter includes the handwriting and dictation test, he may either

(1) be authorized to obtain a certificate of having passed the handwriting and dictation test for undergraduates,

or (2) be declared to have passed an examination equivalent to the matriculation with the handwriting and dictation test.

As to (1) the last paragraph of art. 4 of the Upper Secondary Examination notification makes it clear that in order to obtain the certificate one should be an undergraduate when he sits for the examination. The petitioner was not an undergraduate at the time he appeared for the compulsory portion of the Upper Sec secondary examination and the C. G. E. accordingly refused to grant him a certificate. This decision may be upheld. As regards (2), the petitioner has, since appearing for the upper Secondary examination, passed the matriculation and ~~also~~ he has also passed the compulsory portion of the upper secondary including the handwriting and dictation, ~~and~~ There therefore appears to be no ~~particular~~ objection to granting this request. A draft order is submitted for approval.

No, not since appearing for the upper secondary. He only appeared once for the upper sec. & and then passed the H & D test and that was before he matriculated

AG

Submitted that the upper secondary begins on the 8th & the Matriculation on the 15th December. The petitioner appeared for both in 1902.

VH 20/1/4

The rule is that the hand-writing and dictation test, to be a qualification for the public service, must be passed after matriculation. Applicant passed the test before culating. There are no special umstances in his case.

2. He has not sent up his ation certificate. He may be an impostor. If the rule is to be is case, submitted that nd up the certificates.

Recd AG 21-1-4

Petr is not within the rule, tho' why the rule should be ramed is not clear. If any alternative to the H.W.

test is admitted, it might as well come before [illegible] Matric.

The Certificates may be called for.

[Memo: no. 36 of 25-1-04.]

From T. Venkata Rao of 27-1-04.

In reply to the memo: above, Venkat forwards, in lieu of the original certificate called for, the leaving and conduct certificate granted to him by the headmaster of the High school, Amalapur, (where he was studying in which mention is made of his hav the matriculation and the compulsory of the upper secondary examinations. Ven Rao says that his matriculation certi is with the headmaster and tha fore unable to submit it. As for the secondary certificate, been granted to him yet. This can [illegible] be granted unless he completes the test.

2. Venkata Rao's name, however, appears

of candidates who have passed the matriculation and the compulsory portion of the upper secondary examinations held in December 1902, published in the Fort St. George Gazette supplement dated the 24th February and 10th March 1903. It is therefore clear that Venkata Rao has passed both the examinations held in December 1902.

3. If it is considered undesirable to declare* that he has passed an examination equal to the matriculation examination, he may perhaps be simply exempted or promised exemption in case the head of a department illing to employ him.

He may be declared eligible for ~~an~~ appointment under art 2. of the Educational Notn inasmuch as he has passed all the examinations ired by that article though not the order required by rule+

If the rule were altered, the number ons who might enter for the H.E.D. the Upper Secondary Examn might inconveniently large. But if the rule should be that would be necessary would be to substitute 'persons' for 'undergraduates' rule 4 of the U.S. Examn rules. Note 2 of art 2 Educational Notn would not need alteration.
