GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—again the following paper:—

G.O., Nos. 650, 651, Educational, dated 26th December 1903.

Abstract.—Approving, with remarks, the lists of text-books recommended by the Text-book Committee for use in schools, and directing their publication in the *Fort St. George Gazette*.

Read—also the following paper:—

From the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, to the Secretary to Government, Educational Department, dated Madras, 22nd December 1904, Ref. on Cur. No. 9286.

With reference to G.O., No. 650, Educational, dated 26th December 1903, I have the honour to submit the consolidated list of approved text-books brought up to December 1904 for favour of approval and publication in the gazette.

2. A reclassification of text-books based on the grade of schools and not on the grade of individual classes has been introduced in the present list for the following reason:—

The main function of the Text-book Committee is to prevent objectionable books from being used in any class, but it is impossible for the Committee to lay down for all schools the exact standard for which a particular book is suitable or unsuitable. The difficulty was clumsily overcome in previous lists by repeating books under various standards.

3. In the consolidated list herewith submitted the "Remarks" column is omitted, as it referred chiefly to portions of the text-books recommended for each class which is unnecessary under the arrangement referred to above.

4. A separate list of books recommended for teachers' and school libraries is included in the list.

5. The delay in the submission of the list is due to the fact that the books approved at the last meeting of the Text-book Committee were not included in the consolidated list submitted by the Secretary on the 6th instant, and this had to be done in this office and additional proof had to be called for from the Press.

ENCLOSURE.

The following is a consolidated list of text-books approved by Government.

2. Heads and Managers of Schools are informed that, where more books than one are appro for any department, they are at liberty to select any of the books so approved.

3. No books not authorized by Government shall be used in any recognized school.

FURTHER PAPERS

2

To

The Secretary to Government,

Educational Local and Municipal Department.

Sir,

With reference to G.O. No. 650 Educational dated 26th December 1903 I have the honour to submit the consolidated list of approved text books brought up to December 1904 for favour of approval and publication in the Gazette.

2. A reclassification of text books based on the grade of schools and not on the grade of individual classes has been introduced in the present list for the following reason:-

The main function of the Text Book Committee is to prevent objectionable books from being used in any class but it is impossible for the Committee to lay down for all schools the exact standard for which a particular book is suitable or unsuitable. The difficulty was clumsily overcome in previous lists by repeating books under various standards.

3. In the consolidated list herewith submitted the "Remarks" column is omitted, as it referred chiefly to portions of the text books recommended for each class, which is unnecessary under the arrangement referred to above.

4. A separate list of books recommended for Teachers' and school libraries is included in the list.

5. The delay in the submission of the list is due to the fact that the books approved at the last meeting of the Text Book Committee were not included in the consolidated list submitted by the Secretary on the 6th instant, and this had to be done in this office and additional proof had to be called called for from the Press.

I have the honour to be,
Sir,
Your most obedient servant,

for Director of Public Instruction.
