The Secretary to Government,

Educational Department.

Sir,

In accordance with the suggestion of the official visitors of the Reformatory School, Chingleput, Dr. Duncan recommended in his letter No. 2560 dated 4th March 1895 that the sub jail should be handed over to the Reformatory as soon as practicable with a view to provide additional accommodation for the school. This recommendation was accepted A by Government in their order No. 1279, Judicial, dated 15th June 1895. The building of a new sub jail was thus part of the scheme connected with improvements and extensions to the Reformatory School, but the idea appears to have been abandoned B with reference to G.O. No. 510 Educational dated 17th October 1900. The Superintendent has addressed me on the subject again and strongly urges that early steps may for the following reasons be taken for the removal of the sub jail from the precincts of the Reformatory School:-

(i) the present situation of the sub jail-forming, as it does, "an island in the midst of our territory"- defeats the very object for which the Reformatory exists, viz., the entire removal of juvenile offenders from criminal influences and associations;

(ii) the incessant noise created by the sub jail prisoners interferes with the discipline of the school in which the boys are taught to do everything as quietly as possible;

(iii) the pupils can look right into the sub jail and at times have been detected communicating with the prisoners;

(iv) when going to and fro, the prisoners have necessarily

to pass through the premises of the Reformatory School;

(v) there is reason to believe that the large number of tobacco offences detected among the boys is mainly due to the present situation of the sub jail;

(vi) additional accommodation is required for the school, and this can be provided by taking over the sub jail buildings.

2. I visited the Reformatory School recently and I agree with the Superintendent in thinking that the present situation of the sub jail is really very detrimental to the interests of the Reformatory. I beg to recommend accordingly that other accommodation may be provided for the sub jail and the existing buildings handed over to the Reformatory school.

I have the honour to be,

Sir,

Your most obedient servant,

E. Sathianadhan

With refefence to your Endorsement No. 4904, dated the 16th Instant, I have the honour to report that the construction of a new Sub Jail, to be attached to the proposed new Stationary Sub Magistrate's Office at Chingleput, has been sanctioned by Government in their Order No. 150, Revenue dated the 16th February 1903. A site has been selected and steps for acquiring it are being taken in consultation with the Executive Engineer. The present Sub Jail building must continue to be used until the new one is built, as no other suitable building is available.

EDUCATIONAL DEPARTMENT.

C. No. 1955 From the Director of Public Instruction No. 4629, dated 4-11- 1904.

SUBJECT.
Removal of the Sub-Jail from the precincts of the Reformatory School, Chingleput.

C

Please see Mr. Cardew's note in G.O. nos. 241-42 Educational, dated 22nd May 1903, which gives a concise history of the Reformatory School, Chingleput, and of the various proposals made from time to time in regard to the increased accommodation for the School. Mr. Cardew ~~suggested~~ stated in his note mentioned above that "the mere removal of the district court and sub-jail, though it would give more space, would not render the reformatory a really satisfactory block of buildings but that on the other hand it would cost a good deal. He therefore suggested that if any change was made it would be best to consider whether a new site for the school could not be found at Chingleput (or elsewhere) and build a complete fresh school rather than a new district court. His Excellency and the Hon'ble Members agreed with him in his opinion that the existing arrangements should not be interfered with at present and his note was under orders forwarded to the late Mr. G. H. Stuart, the then Director of Public Instruction for perusal and return.

2. It has however been recently decided that a new building should be provided for the Sub-Registrar office

Office at Chinglepet and it is stated that steps will betaken in the P.W.D to construct at an early date a new building for the Office in question and that meanwhile existing arrangements will continue. — Vide G.O. no. 594 Educational, dated 26th September 1904. D

3 The Director now ~~proposes~~ recommends the removal of the Sub-jail from the precincts of the Reformatory on the grounds detailed in paragraph 1 of his letter. He states that he visited the School recently and agrees with the Superintendent of the School in considering that the present situation of the sub-jail is really very detrimental to the interests of the Reformatory. The reasons adduced by the Superintendent and referred to in paragraph 1 of the Director's letter are mostly sound and Dr. Bourne has not apparently seen Mr. Carden's note of the 22nd May 1903 stitched with G.O. no. 641-42 Educational, dated 22nd May 1903. The question for consideration therefore is whether to remove the Sub-jail from the precincts of the Reformatory or to construct a complete fresh School. It was pointed out so far back as 1900 by the Superintending Engineer, V circle, that it would probably be found cheaper to build a new Reformatory rather than new Civil buildings — vide his letter in G.O. no. 606 Educational, dated 3rd November 1900. ~~It is therefore evident from this that a new School will~~ building answer all purposes, by ~~both~~ reducing ~~the cost of construction~~ ~~in regard to the amount~~ ~~and by facilitating the~~

F

The question therefore of having a new building for the Reformatory may be reopened now. ~~the mode of construction~~ so as to meet all the requirements of a Reformatory. Orders are therefore solicited as to whether the Director's proposal should be approved or as to whether he should be asked to consider the question of selecting a site for the new building.

The question of cost is one for Judicial to consider. The Sub-jail might be combined with the Sub Registrar's office

13

From the site plan it is clear that the present position of the Sub jail is most objectionable – far more so than the Sub Registrar's office.

2. There is ample space between the Taluq Cutcherry and Court house for both buildings. A new Sub-jail to be combined with the Sub Registrar's office may be constructed. In the present type design Sub-jails and Sub Registrar's offices generally form one continuous block.

3. The file may now be transferred to Judicial for issue of the necessary orders if the above proposals are approved, – D.P.I. may be informed accordingly.
