GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

From R. F. CAREY, Esq., Yercaud, to the Secretary to Government, Educational Department, dated 9th January 1905.

I have the honour to acknowledge, with thanks, the extract of the proceedings of the Madras Government, dated 5th January 1905, which has my best attention.

2. I trust you will forgive my troubling you any further in this matter, but I am still in doubt as to what course I am to pursue with reference to the instruction contained in your original letter, No. 646, dated 24th October 1904, limiting the time allowed for the completion of the work to 15 days. In my reply to the foregoing I pointed out that I could not undertake to finish the work in the time mentioned, promising however to push on with it to the best of my ability, and in your letter No. 742, dated 16th December 1904, you inform me that the Government accept my assurance that every endeavour will be made to get through the work as speedily as possible. Am I to understand from this that the work is to be finished, irrespective of the length of time it will require to do so, or am I to get through as much of the work as I can in the 15 days, ceasing the work from evening of the 15th day?

LETTER—No. 32, Educational, dated 20th January 1905.

I am directed to acknowledge the receipt of your letter, dated 9th January 1905, and to state that the work of numbering the unnumbered specimens in Mr. Bruce Foote's collection should be completely finished and as speedily as possible. The time is not necessarily to be restricted to 15 days if a longer period is required for the work. I am to request that you will, when you have commenced the work, be good enough to furnish the Superintendent of Government Museum with a daily statement of progress.
