TRANSLATION.

The memorialists understand that the houses adjoining the Girls' scho at Erode are ~~to~~ be acquire for its extension. They propose that the Quarters of the head mistress in the school premises may be very well utilised for holding some classes. They also suggest that the old quarters of the Sub Collector which is occupied at present by the Municipal Chairman may be conveniently used ~~as~~ the Girls' School house as the building is to be sold soon by the Government they desire that the Girls' school be built on the site near the Railway station, which was recently sold to the Municipal Chairman's friend for the use of the former and which is ~~some~~ subject to the ~~for~~ Confirmation of the Govt. ~~yet~~.

In conclusion they request that the houses adjoining the Girls' school be not acquired for its extension as they would be put to a great inconvenience in these famine days if they were to lose their houses.

To

The Chief Secretary to Government,

MADRAS.

The humble memorial of the undersigned citizens of Erode, most respectfully showeth :—

1. That your humble Memorialists understand that sanction has been accorded for the extension of the Erode Government Girls School by acquiring the adjoining houses.

2. That your Memorialists beg leave to represent that owing to scarcity of houses at Erode much difficulty is felt by the people, who are continually coming and settling in the town for purposes of trade the town being a very important commercial centre. Such being the case the poor owners of the neighbouring houses which are proposed to be acquired will be put to the greatest difficulty if they are compelled to give up their houses.

3. The building in which the Mahajana High School, Erode, is located belongs to Government, and has been granted to the said school for a period of 20 years rent free; and the school authorities have recently made considerable additions to the building by putting up a long wing thereto.

Your Memorialists further understand that the Sub-Collector's Bangalow (which is also Government property) is to be sold by auction.

Your Memorialists humbly venture to suggest that the said Sub-Collector's Bangalow may be granted to the Mahajana High School on the same terms as the building in which it is now located was granted, and the girls school removed to the last mentioned building, which is amply spacious, and which is now accommodating 9 classes consisting of more than 300 students.

4. The building in which the girls school is at present located may be sold by public auction, and several people are willing and ready to purchase the same, for a sum which will be about half the amount which the Sub-Collector's Bangalow may fetch.

5. Your Memorialists further beg to submit that such a course as is herein humbly suggested will result in the saving of the large amount sanctioned for the extension of the girls school.

6. Besides, the building suggested for the location of the girls school is in the heart of the town and is thus easily accessible from all parts.

7. In conclusion Your humble Memorialists most respectfully pray that Government will be graciously pleased to give a favourable consideration to the suggestions and representations herein put in forth, and to give effect to them.

For this act of kindness Your Memorialists shall ever pray.

To

The Secretary to Government,

Educational Department.

Sir,

In returning herewith the papers received with your endorsement No. 1 5 2 Educational dated 15th March 1905 I have the honour to state that it appears to be in contemplation to acquire the buildings whose acquisition is objected to and that the subject is still under correspondence between the Inspectress and the Executive Engineer of the Coimbatore Division . In reply to a reference made by me on these petitions the Inspectress submits the enclosed copy of endorsement No. 3 9 3 /M /4 4 7 S dated 20th March 1905, of the Executive Engineer from which it will be seen that he is in favour of the extension of the building at present occupied by the Government Girls' School, Erode, and that he does not see sufficient justification to deviate from his "present proposals". I shall go into the matter carefully when the proposals come up to me and Government may, if it deems necessary, institute the necessary enquiries in the Public Works Department.
