MAY.

Land Acquisition.

Directing the publication in the *Fort St. George Gazette* of a draft notification for the acquisition of land required for the extension of the Lower Secondary school, Jeypore.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following paper:—

From the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, Madras, to the Secretary to Government, Educational Department, dated 13th February 1905, Ref. on Cur. No. 9144 of 1904.

In submitting the enclosed copy of letter Ref. on Cur. No. 512-Sub., dated 24th September last, of the Special Assistant Agent, Koraput division, together with the endorsement of the Government Agent, Vizagapatam, I have the honour to recommend that their proposals for the extension of the building of the Government Lower Secondary school, Jeypore, and for the acquisition for this purpose and for the extension of the play-ground, of the sites marked A, B and C in the accompanying ground plan be sanctioned, and that the Collector be authorized to acquire the sites in question under the Land Acquisition Act. The strength of the school has outgrown the accommodation afforded by the existing building and the proposed extension therefore is very necessary. It is also very desirable that some vacant space should be secured for drill and games especially as the school is, as I understand, situated in the heart of the town and is surrounded by houses. The Inspector of Schools, Northern Circle, whom I have consulted, is quite in favour of the proposals.

2. The cost of the acquisition is put down for Rs. 1,427. No provision exists either in the current year's or the next year's budget for this expenditure. I can suggest a source from which it may be met when I know whether it will be incurred this year or next.

3. The valuation statement and the draft notification for the acquisition of the sites are also enclosed.

Enclosures.

From the Special Assistant Agent, Koraput division, to the Agent to the Governor in Vizagapatam, dated 24th September 1904, Ref. on Cur. No. 512-Sub.

Referring to paragraph 1 of your Proceedings, Ref. on Cur. No. 217-Agency, dated 7th April 1904, I have the honour to submit the following proposals for the extension of the Jeypore school building and for the acquisition of new sites for the play-ground.

2. The school building is too small to accommodate the present strength. The headmaster reports that there are now eight classes each requiring a separate room for its accommodation, while there are only three rooms now for use, excluding the hall which is set apart for periodical examinations and for daily writing purposes, and that some of the lower classes are located on the verandah exposed to sun and rain.

3. The play-ground also is very insufficient and is not fit for games. Hence it is very necessary to extend the school ground in the interests of the school. The extension of the school ground is practicable only on the east and south since it is bounded on the north and the west by public high roads as is seen from the accompanying plan. It is proposed that the new sites marked A, B and C in the plan be acquired. If acquired the latrine attached to the school will be removed to the easternmost corner of the new site and there will be room for a play-ground.

4. A rough valuation statement of the new sites to be acquired and a copy of the Deputy Tahsildar's covering arzi No. 654, dated 18th August 1904, are herewith forwarded.

5. I request that the necessary sanction for the cost of the acquisition may be obtained and that the new sites proposed may be acquired as early as practicable under Act I of 1894.

Endorsement of the Agent to the Governor in Vizagapatam, No. 217, dated 22nd October 1904.

Submitted to the Director of Public Instruction, Madras, together with the rough sketch of the present building and the proposed site and the valuation statement referred to.

2. I have personally inspected the site proposed to be acquired and it is indispensably necessary in the interests of the school which has practically no play-ground. I recommend the Special Assistant Agent's proposal and request that the sum of Rs. 1,427 required for the acquisition of the site in question may be sanctioned at an early date from savings elsewhere as nothing can be spared from the allotments made to the district for the current year—*vide* Director's Proceedings, No. 8096, dated 20th ultimo. The necessary notification under section 6 of Act I of 1894 is herewith forwarded for transmission to Government if funds can be provided.

Notification.

Under section 6 of the Land Acquisition Act, 1894, the Governor in Council hereby declares that the land mentioned in the following schedule and measuring 4 acres 87·11 cents, be the same a little more or less, is needed for a public purpose, to wit, for play-ground for the Lower Secondary school at Jeypore, and, under sections 3 and 7 of the same Act, the Special Assistant Agent, Koraput, is appointed to perform the functions of a Collector under the Act and directed to take order for the acquisition of the said land.

Schedule.

Description of land, wet or dry, inam or poramboke, with survey or paimash number.	Name of owner or occupier.	Boundaries of the land required to be taken up.	Extent to be taken up. ACS.	CTS.
Vizagapatam district, Jeypore taluk, Jeypore village.				
Dry, house-site ..	A.—Bharata Guru	North, southern boundary of site C; east, road leading to Paninolla street; south, Siridharo Maliko's compound; west, eastern boundary fence of Government Lower Secondary school.	4	26·4

Order—No. 303, Educational, dated 9th May 1905.

The draft notification will be published in the *Fort St. George Gazette.*

(True Extract.)

H. D. TAYLOR,
Ag. Secretary to Government.

To the Director of Public Instruction.
„ Local and Municipal Department.
Gazette.

Exd. P. Seetharam.

NOTES CONNECTED WITH G.O., No. 303, EDUCATIONAL, DATED 9TH MAY 1905.

[SUBJECT.—*Acquisition of land for the extension of the building of the Government Lower Secondary School, Jeypore, and of its play-ground.*]

EDUCATIONAL DEPARTMENT.

From the Director of Public Instruction, No. 9144, *dated* 13*th February* 1905.

For orders as to whether the Director's proposal for the acquisition of the sites marked A, B and C in the ground plan forwarded by him may be approved. If approved, the Collector of Vizagapatam will have to be authorized to acquire the sites in question under the Land Acquisition Act and the notification published in the *Fort St. George Gazette.*

2. In the notification referred to it is stated that the sites in question are required for use as play-ground for the school, whereas they are actually required both for the extension of the building and of the play-ground.

It is not necessary to quote any specific purposes. 'Public purpose' is sufficient.

H. D. TAYLOR—23-2-05.

N.L.R.—20-2-05.

The total extent of land to be acquired is not given in the notification, but from the schedule it appears to be 4·87 acres. It is not clear why this large extent is required. Should the Director be asked?

The notification has apparently to be issued in Public Works Department as the acquisition is for extension of buildings (and provision of play-ground). If so that department will find the required funds.

P. T. THARYAN—21-2-05.

A. GALLETTI—22-2-05.

The school is situated at the corner of the two main roads and a fairly large play-ground is necessary. The total cost is estimated at—

	RS.	ACS.
Block A	332	4·26
" B	839	·44
" C	256	·18
Total	1,427	4·88

The main piece A is so far as I recollect it a somewhat low-lying piece of waste ground. The cost of its acquisition is not great. The acquisition of B is necessary, or rather desirable, in order to secure more air and open space at the back of the school building, and for access to C. The land may be acquired.

2. The school was built (by myself) from Agency funds, and presumably still remains under the Agency department and not under Public Works Department. It is not therefore known whether funds will be provided in the Agency budget or by Public Works Department. The land can hardly be taken up and paid for in this official year. Next year the building and school may probably be handed over to the Koraput District Board. Will Judicial please note on these points.

H. D. TAYLOR—23-2-05.

JUDICIAL DEPARTMENT.

From G.O., No. 301, Educational, dated 29th May 1889, it will be seen that half the cost of the middle (lower secondary) school-house at Jeypore was borne from the Education Department budget, the other half being met from contributions from the Maharaja of Jeypore. It is not known in Judicial under whose charge the school-house is at present. The Public Works Department may, it is submitted, be asked whether the building is borne on their registers.

Yes.
A. Y. G. CAMPBELL—3-3-05.

2. As observed by the Local and Municipal Department, the building will probably be handed over to the Koraput district board, when effect is given to notification II on page 21 of G.O., Nos. 124, 125 L., dated 4th February 1905, in connection with the extension of the Local Boards Act to the agency tracts of Vizagapatam. No proposals have yet been received from the Agent, Vizagapatam, in this respect.

N.A.R.—2-3-05.

Public Works Department u.o. for favour of remarks.

A. Y. G. CAMPBELL—3-3-05.

PUBLIC WORKS DEPARTMENT.

The Government lower secondary school at Jeypore is not borne on the registers of the Public Works Department. According to the latest "Register of buildings in charge of the Executive Engineer, Vizagapatam division," only the following buildings in Jeypore division are in charge of this department:—

Imperial.

Post office with out-houses and cook-room at Jeypore.

Provincial.

Deputy Tahsildar's office and sub-jail with cook-room and latrine.

Judicial may be informed accordingly.

J.V.S.—7-3-05.

S. B. MURRAY—7-3-05.

JUDICIAL DEPARTMENT.

It is for orders in Judicial whether the site may be acquired at once or whether the proposal may be left for the decision of the Koraput district board that will be * formed from the 1st April next. If the former is to be the case, the Director of Public Instruction says † that he can suggest a source for meeting the extra expenditure. These, however, are questions for consideration between Educational and Local and Municipal Departments.

* Note II on page 21 of G.O., 124-125 L. 4th February 1905.

† Paragraph 2 of his Page 1 of current file letter.

N.A.R.—11-3-05.

From paragraph 8 ‡ head *Education*, and Appendix C ‡ of the Agent's letter R. Dis No. 95, dated 7th April 1904, it appears that the Agent expects the lower secondary school to go over to the District Board; the Government have "generally approved" these proposals. If further consideration is deemed desirable, the following draft official memorandum is for acceptance in Local and Municipal; but there does not seem to be much reason to raise the question again unless Educational Department has any objection :—

‡ Pages 8 and 16 of G.O., 124 L., 4th February 1905.

Paragraph 7 of G.O., 124 L., 4th February 1905.

Official Memorandum, dated 13th March 1905.

> "With reference to his endorsement No. 217, dated 22nd October 1904, regarding land to "be acquired in connection with the Lower Secondary school, Jeypore, the Agent to the Governor, "Vizagapatam, is requested to be good enough to report whether he recommends that the school "should be handed over to the Koraput District Board which is to come into being on the 1st "April 1905 (G.Os., No. 124 and 125 L., dated 4th February 1905)."

A. Y. G. CAMPBELL—13-3-05.

LOCAL AND MUNICIPAL DEPARTMENT.

There is no objection to the acceptance of the draft, but it is submitted that the cost of acquisition will have ultimately to be borne by Government even if the school is handed over to the Koraput District Board. The latter is a "deficit" board and all expenditure of a special nature will, for the present at any rate, have to be met by contributions from Government. It is the intention that the school should be taken over by the District Board and as the land cannot be acquired this year, the Board may come up to Government for a grant.

Will office please note whether the budget provides for the maintenance of the school out of District Board funds?

H. D. TAYLOR—14-3-05.

The budget estimate of the Koraput District Board for 1905-1906 provides for the maintenance of the Lower Secondary school, Jeypore, out of the District Board funds. The charges are placed at Rs. 3,670 and credit has been taken for a grant of Rs. 1,080 from Government (under the provisions of the Grant-in-aid Code). The school has no other items of receipt.

N.C.—14-3-05.

V. RAGHAVA CHARLU—14-3-05.

The reference seems unnecessary.

H. D. TAYLOR—16-3-05.

JUDICIAL DEPARTMENT.

In these circumstances, I suppose the grant will certainly not be included in the Agency budget.

A. Y. G. CAMPBELL—16-3-05.

FINANCIAL DEPARTMENT.

The budget estimate for 1905-1906 of Civil Agency Works, Vizagapatam, does not provide for the extension of the building of the Government Lower Secondary school, Jeypore.

G.O., 1601, Judicial, 26th October 1904.

2. It has been decided in the file relating to the budget estimate for 1905-1906 of the Koraput District Board, now in Local and Municipal Department, to contribute in the course of the year a sum of Rs. 32,690 towards public works, by transfer of the allotments provided for agency works under Provincial funds.

A 3. The Koraput District Board may perhaps be able to arrange to meet the charge (Rs. 1,427) in the present case from this contribution. If this is not possible, the Director of Public Instruction may be requested to point out a source from which the sum may be transferred to the District Board. The result in that case will be that the Provincial contribution will stand at Rs. (32,690 + 1,427 =) Rs. 34,117. **B**

Paragraph 2 of Director of Public Instruction's letter Ref. on C. No. 9144, 13th February 1905.

T.H.R.—18-3-05.

The District Board might be asked as regards **A** and if the reply is in the negative the Director of Public Instruction might be referred to as suggested at **B**?

C. M. SCHMIDT—23-3-05.

The money will have to come out of next year's grant, and as there are special educational allotments perhaps Educational Department may contribute the whole cost.

G. S. FORBES—31-3-05.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The Jeypore school is a Lower Secondary school, whereas the special allotment of six lakhs in Educational is for the development of primary education. This cannot therefore be well taken as a charge against the Educational budget.

Are there any other special allotment besides the six lakhs?

H. D. TAYLOR—3-4-05.

Yes: there is a special allotment of eight lakhs—*vide* G.O., No. 325, Educational, dated 29th May 1902. It was granted to meet increased expenditure under Education, but the Government of India said there was no objection to a portion of it being utilized for the cost of educational buildings.

2. The cost of acquiring the land required for the Jeypore school may be met from this grant.

T. KANAKASUNDARAM PILLAI—7-4-05.

Submitted that the whole of the recurring grant of eight lakhs has been ear-marked, but there will be savings in the Educational budget from which the amount now required can be met by reappropriation. The exact item need not be specified at present.

P. T. THARYAN—7-4-05.

A. GALLETTI—7-4-05.

The school is no longer a Government school: it has become a Board school. If the charge is transferred from Judicial to Local and Municipal, would not the school come under the Grant-in-Aid Code, and under what provision of the Code could the full cost be contributed to the District Board, Koraput?

H. D. TAYLOR—8-4-05.

Under rule 6 (i) (7) of the Grant-in-Aid Code grants for teaching for all standards above the third in non-municipal areas are payable from Provincial funds. Under this rule the Jeypore school which is now a Board school will draw grants for teaching from Provincial funds for its standards above the third. Under rule (7) (ii) (1) the Local Board concerned can draw a proportionate grant from Provincial funds towards the cost of enlarging the building—nothing more. The school has eight classes—paragraph 2 of the Special Assistant Agent's letter on page 1 of the current file.

Page 3 of the Grant-in-Aid Code.

The maximum building grant payable from Provincial will thus be $\frac{4}{8} \times \frac{1}{3} = \frac{1}{6}$ of the cost of the enlargement. Under rule 7 (ii), however, Government very often pay from Provincial the Board's share of building grants also when the Boards have no funds to spare.

2. Submitted, however, that the present case need not be brought under the Grant-in-Aid Code. The existing building is a Government building, the Koraput District Board is a deficit Board and the school has only just been transferred. It appears to be only reasonable that the Government should give the Board an enlarged building with the school.

P. T. THARYAN—10-4-05.

A. GALLETTI—12-4-05.

To the Financial Department.

FINANCIAL DEPARTMENT.

The Koraput District Board does not appear to be in a position to meet the charges in connection with the extension of the buliding of the Lower Secondary school, Jeypore. If it should be decided to contribute from Provincial funds towards the whole of the cost of the extension, the Director of Public Instruction may, as suggested at **B** in Financial office-note, dated 18th March 1905, be requested to point out the source from which the amount may be transferred to the Board.

A.H.R.—25-4-05.

C. M. SCHMIDT—26-4-05.

Yes: the Director of Public Instruction must find the money.

M. HAMMICK—27-4-05.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The Director of Public Instruction may be asked to point out the source from which the charge of Rs. 1,427 can be met.

H. D. TAYLOR—28-4-05.

To the Director of Public Instruction.

The amount may be reappropriated from the provision of Rs. 40,000 for the reorganisation of training schools.

A. G. BOURNE—4-5-05.

EDUCATIONAL DEPARTMENT.

The draft notification may issue?

H. D. TAYLOR—4-5-05.

Yes.

J. T[HOMSON]—6-5-05.

The draft placed below may issue.

N.L.R.—9-5-05.

P. T. THARYAN—8-5-05.

A. GALLETTI—9-5-05.
