To

The Secretary to Government,

Educational Department.

Sir,

I have the honour to forward for the sanction of Government a list of temporary hands whom it is proposed should be exempted permanently from the examination rules with a view to their confirmation as clerks on Rs.15. The difficulty of obtaining qualified men in this district is so well known that it is unnecessary for me to reiterate the remarks contained in my letter R. Dis.No.172, dated 6th August 1904. I then recommended 25 men and the Government was pleased to sanction the exemption of 10 of them.

2. Subsequent experience confirms the Head Assistant Collector's statement that it is hopeless to expect to get passed men for the lowest grade of clerkships. In fact, the men confirmed on Rs.15 since September last are only those whose exemption was sanctioned in G.O., No.528, dated 24th August 1904. There are at present 28 permanent vacancies (of which two are in my own office) which cannot be filled for want of passed men and this number will increase as vacancies fall in higher grades. These and a number of acting vacancies have necessarily to be filled by unpassed men. Advertisements in gazettes and references to Local Educational officers have been of no avail and the only course left is to select the best of the material at hand. The men included in the list have been tried and found to be useful clerks and I strongly recommend their exemption so

3

that their services may be definitely secured.

I have the honour to be,

Sir,

Your most obedient servant,

for Collector.

Plague is the cause for the dearth of passedmen, according to the Coll^r. It is a fact that the repeated outbreaks of Plague have disorganized the Dt very much. All round the town, the fields are dotted with the huts of refugees, & it is highly probable that men fr other Dts will not go there. Plague to a native is a very real terror: even if he escapes, his wife or children run a grave risk; & there have been several deaths among subordinates themselves. Either the Coll^r's recommend^n must be accepted, or a system of compulsory recruitment fr outside the Dt must be introduced. The latter w^d be a difficult step to take, as to force a passed man to go & serve in Bellary is to expose him to risk of death for Rs 15 pm. We may, therefore, support the Coll^r's recommendation.

[G.O. no. 306 Edl, dated 10th May 1905.]

With reference to the Hon'ble member's query above, it is submitted that there are three institutions in Bellary, two of them educating up to the matriculation Standard and the third up to the First-in-Arts Examinati These institutions are (1) the Municipal High School (2) St. Philomena's High School and (3) the Wardlaw College The Bellary St. Philomena's High School is intended for

girls, as will be seen from page 8 of Vol. II of the Madras University Calendar for 1904-05. From an examination of the list of successful candidates in the F.A. & the Matriculation Examinations published by the University during the past five years, the following figures, showing the no. of candidates that passed the F.a. Examination & the Matriculation Examination from Bellary, are taken:-

F.A. Examination.

Years.	Name of the Institution	No. passed.
1900	The Wardlaw College	7
	Private Candidates	2
1901	The Wardlaw College	2

	Private Candidate	1
1903	The Wardlaw College	2
	Private Candidates	2
1904	The Wardlaw College	7
	Total	26.

The figures relating to private candidates have been obtained by deducting, from the total number of students passed from Bellary as furnished by the D.P.I's office, the number that passed out of the Wardlaw College.

The remarks above about private candidates apply here also. Further information about these Candidates in 1904 in the F.A. & the Matriculation Examinations is not available.

2. As regards the numbers of those who passed the B.A. and other higher examinations out of Bellary and as regards the subsequent history of those who passed the F.A. and the matriculation Examinations, there is ~~no very little~~ information in this office. For orders as to whether the D.P.I. may be asked about it.

Leaving out of account the figures of

15 4

St. Philomena's H.S. for girls, there are on the average 5 Pds and 15 Matriculates returned annually from the various institutions at Bellary. It may fairly be assumed that the 2 Pds are identical with 4 Matriculates of previous years. The net out-turn is therefore 15, of whom a certain proportion would fail upon the handwriting test: this would reduce the number qualified for superior Govt. service to say 12, of whom probably not more than half would accept the Govt. service. The out-turn seems hardly equal to the probable demand
