To
The Secretary to Government,

Educational Department.

Sir,

Letter from the Rev. J D.W Sewell S.J., Manager, St Joseph's College, Trichinopoly, No. 471, dated 12th April 1905.

I have the honour to acknowledge the receipt of your Proceedings communicating G.O. No. 85, Educational, dated 15th February 1905, which sanctions a maximum grant of Rs. 10,000 towards the erection of certain additions to our High School at the estimated cost of Rupees 86,970.

The authorities of the College in deciding to incur this expenditure were actuated with the hope, held out in section 113 of the Grant-in-aid Code of 1902-03, that it would be subsidised by a one third grant, as has not unfrequently been done in similar cases throughout the Presidency in the past. The Government have, however, as I understand, decided now that the maximum building grant shall not exceed Rs. 10,000. It will be seen that if the plans approved by Government were executed it would now throw on the resources of the College an expenditure of 35 p.c. over and above the already large sum they had calculated on spending and this increase, the authorities of the College do not at present see their way to meet. They are therefore reluctantly compelled to forego the execution of the plans which is one of the conditions of the grant and to endeavour to supply their more pressing wants by buildings of a more simple description for which they do not propose or seek a grant-in-aid.

I am directed to assure you that it is in no spirit of complaint that these remarks are offered but merely in justification and apology for the trouble the authorities of the College have unwittingly caused in seeking a grant they now unexpectedly find themselves unable to accept. In communicating to

Government

Government therefore our thanks for the proferred grant, I trust you will explain the reason which now compels me to say that we have no course left but, as I now do, respectfully to decline it.

I have the honour to be,

Sir,

Your most obedient servant,

(Sd) J.D.W. Sewell S.J.,

Manager.

St. Joseph's College,

Trichinopoly,

12 - 4 - 1905.

Submitted to Government, Educational, with reference to order No. 85 dated 15th February 1905.

2. In the circumstances stated by the Manager the grant sanctioned in the above order may be cancelled.

It may be the case that the
limitations of grant in this case
will interfere with the carrying out
of ideas with reference to University
Education in the Province which
are at present under consideration.

It is not a matter of want
of funds with us just at present.
It is possible however that the
conditions of grant now established
deter the St. Joseph's institution
from accepting any money. I
imagine that is the real reason
for withdrawal of request.

I should like to see the
Director on the matter.

I have asked the Director of Public Instruction by D.O. to call on the Hon'ble Member with reference to this file.

I do not quite understand how the cost to the College will be 35 per cent. in excess of that originally calculated, unless the cost of estimates as revised in accordance with D.P.W. remarks, is considerably in excess of Rs.86,970. That may perhaps be the stumbling block, and it may be cheaper for the Mission to do their work according to their own plans, and without contribution than according to the plans as revised in Public Works Department, with contribution.

The original estimate is Rs.86,970.

Total possible grant is Rs.28,990

Therefore the Mission calculated on expending Rs.57,980 /

35 per cent. on this is Rs.20,293 /

Total Rs.78,273 /

Add grant promised Rs.10,000 ✓

Rs.88,273 .

which would apparently be the amount of estimate as revised in the light of the Public Works Department remarks, if Father Sewell's estimate of 35 per cent. is correct.

The cost of estimate as revised would be Rs. Rs.1,300 in excess of the original estimate. It is observed however that the Municipality should properly pay the share of Rs.21,083 and Provincial Rs.7,907, out of the total grant admissible. The Government have not therefore been illiberal.

I may mention that Dr. Lancelle when
 discussing the question, said - unofficially -
 that he was surprised that G.L. should go
 on contributing in the way they do toward
 building for High Schools & Colleges, and he
 seemed to think that there would be no room
 for complaint if such grants were retarded

 are for High School and

 may be annulled.
