EDUCATIONAL DEPARTMENT.

Read—again the following paper :—

G.O., No. 349-A, Educational, dated 22nd May 1905.

Read—the following papers :—

From E. B. ELWIN, Esq., I.C.S., President, District Board, Tanjore, to the Secretary to Government, Local and Municipal Department, R. Dis. No. 87/D.B. dated 17th March 1905.

With reference to paragraphs 4 and 5 of G.O., No. 8 L., dated 4th January 1905, and agreeably to the resolution of the District Board, No. 17, dated 6th March 1905, copy sent herewith, I have the honour to submit this application under sections 4 and 5 of the Charitable Endowments Act VI of 1890, and to request that the Government may be pleased to undertake the administration of the undermentioned property held in trust at present by the District Board for the charitable purpose of maintaining His Royal Highness the Prince of Wales' Medical school at Tanjore :—

(1) Government promissory-notes to the value of Rs. 1,00,100 now in deposit with the Accountant-General, Madras.

(2) The building in Tanjore where the Medical school is now held with all its appurtenances as per list.

2. A statement showing the financial condition of the school is enclosed.

Telegram from the Secretary to Government, Local and Municipal Department, to the President, District Board, Tanjore, No. 52, dated 1st April 1905.

Please state whether [the] loan of Rs. 3,530 given by [the] District Board in 1903–1904 to [the] Medical School has [since] been fully adjusted.

From E. B. ELWIN, Esq., I.C.S., President, District Board, Tanjore, to the Secretary to Government, Local and Municipal Department, D. Dis. No. 599-D.B., dated 3rd April 1905.

6

With reference to the telegram from Government, dated 1st April 1905, requesting me to state whether the loan of Rs. 3,530 sanctioned by the District Board in its resolution No. 32, dated 5th September 1903 has been fully adjusted, I have the honour to report that, out of Rs. 3,530, Rs. 2,950 was already adjusted, and that Rs. 580—the amount allotted for works—(stable and latrine for the school) will be adjusted in the accounts of March 1905.

2. The balance of Rs. 594-8-6 shown in the statement submitted with my letter R. Dis. No. 87-D.B., dated 17th March 1905 was arrived at after adjusting the Rs. 2,950 shown above.

3. Against this balance of Rs. 594-8-6 and the income from interest on Government securities up to 30th April 1905 which will amount to Rs. 1,746-11-11, the following charges will have to be debited :—

		Rs.
(1)	Charges on account of works referred to above	580
(2)	Pay and contingencies of the Medical School for February 1905	670
(3)	Do. do. March „	529
(4)	Charges to be incurred until the school is taken by Government	Not known at present.

Memorandum No. 267, Educational, dated 9th May 1905.

With reference to his letter R. Dis. No. 87-D.B., dated 17th March 1905, the President, District Board, Tanjore, is requested to be so good as to submit under his own signature a formal application under sections 4 and 5 of the Charitable Endowments Act, 1890, expressly requesting Government to vest in the Treasurer of Charitable Endowments the property, movable and immovable, together with the Government securities, belonging to His Royal Highness the Prince of Wales' Medical School, Tanjore. He is also requested to furnish a correct description with boundaries of the land and buildings forming the Medical School and to give details regarding the Government securities for Rs. 1,00,100 forming the endowment fund.

2. A rough draft of the scheme for the administration of the trust, drawn up under section 5 of the Charitable Endowments Act, 1890, is herewith forwarded for the acceptance of the District Board. The information called for in the foregoing paragraph is for filling up the schedules referred to in this scheme. The details required may be gathered from the analogous notification No. 46 published on pages 264-266 of Part I-B of the *Fort St. George Gazette*, dated 12th April 1904 in respect of the late Madras Military Female Orphan Asylum.

3. As it is desirable that the notification in regard to the Tanjore Medical School should issue on the 23rd instant, the favour of a very early reply is requested.

4. Copies of the resolution of the District Board should accompany the application.

To the President, District Board, Tanjore.

From Lieut.-Colonel H. M. HAKIM, I.M.S., District Medical and Sanitary Officer, Tanjore, to the President, District Board, Tanjore, No. 32, dated 7th June 1905.

Lieut. Col. H. M. Hakim, I.M.S., Superintendent and District Medical and Sanitary Officer.

Assistant Surgeon F. T. Watson, Second Assistant.
Civil Apothecary S. J. Mullens, Third Assistant.
Assistant Surgeon V. Arumugam Pillai, Fourth Assistant.

With reference to your letter No. 1854/D.B., dated 1st June 1905, I have the honour to inform you that all the employés except the menials in His Royal Highness the Prince of Wales' Medical School are Government servants and their rank and names are given in the margin. In my opinion there could be no objection to their officering the school as it gives them the incentive to work up their respective subjects which help them in carrying out their professional duties efficiently.

[Subject.—*The Prince of Wales' Medical School, Tanjore.*]

From the President, District Board, Tanjore, No. 87, *dated* 17*th March* 1905.

As the administration of the Tanjore Medical School will in future rest with the Educational Department, it is submitted that the President's current letter may be transferred u.o. to that Department for the issue of the necessary orders.

K. V. Visvanatha Aiyar—25-3-05.

V. Raghava Charlu—27-3-05.

Transferred accordingly.

H. D. Taylor—1-4-05.

I recollect that a loan was given in 1903-1904 by the District Board to the Tanjore Medical School. The President, District Board, may be asked by telegram whether the amount of this loan has since been fully adjusted to the credit of the District Board.

H. D. Taylor—1-4-05.

A loan of Rs. 3,530 was given by the District Board to the Medical school in 1903-1904—*vide* the resolution of the Board on page 3 of G.O., No. 1441 L., dated 16th November 1903.

2. From column 19 of statement VII which accompanied the budget of the District Board for 1904-1905, it will be seen that a sum of Rs. 3,530 has been provided for the repayment of this loan in that year.

3. A draft telegram to the President is submitted below for approval.

EDUCATIONAL DEPARTMENT.

When does the school year commence? July 1st?

H. D. TAYLOR—6-4-05.

The school year begins on 1st July—*vide* paragraph 7 of the District Medical officer's report on page 7 of G.O., No. 1322 L., dated 12th October 1904.

T. KANAKASUNDARAM PILLAI—3-5-05.

In their Order No. 8 L., dated 4th January 1905, the Government decided to undertake the maintenance of the Tanjore Medical School and requested the District Board to submit an application under sections 4 and 5 of the Charitable Endowments Act, 1890, for vesting the school in the Treasurer of Charitable Endowments and for settling a scheme for its future management.

2. In his letter No. 87, dated 17th March 1905, the President, District Board, submits the required application. The application is signed by the Vice-President for the President. Under section 6 (1) of the Charitable Endowments Act the application in this case should be made by the District Board which is the person at present acting in the administration of the trust. It is presumed that an application, for the purposes of the Charitable Endowments Act, need not be signed by all the members of the Board but that it will be sufficient if the application is signed by the President or the Vice-President of the Board.

Of course.
H. D. TAYLOR—8-5-05.

3. Secondly, in the application it is not requested that the Tanjore Medical School may be vested in the Treasurer of Charitable Endowments. If this omission is fatal then the District Board should, it is submitted, be requested to make a fresh application in proper form.

4. Thirdly, sufficient information has not been furnished about the property to be vested in the Treasurer of Charitable Endowments, such as description of the land and buildings forming the Medical School, boundaries of the land and particulars of the Government securities for Rs. 1,00,100 forming the endowment fund. In the case of these Government promissory-notes, discription of loan and number and amount of securities should be given These are required for drawing up the notification vesting the property in the Treasurer of Charitable Endowments. The President, District Board, may be requested to supply these particulars.

5. Fourthly, under section 5 of the Charitable Endowments Act, a scheme for the administration of the property should be settled. The scheme should state who should be the trustee or trustees, who should draw the interest from the treasurer and for what purpose the income should be utilised. The application simply states that the Government should maintain the Medical School. But Government it seems cannot be a trustee—*vide* paragraph 6 of the Advocate-General's opinion in G.O., No. 335, Educational, dated 14th June 1897.

What procedure is being followed in case of the Breeks school?
H. D. TAYLOR.

As for the scheme of management it is not necessary that the District Board which is at present acting in the administration of the trust should formulate it; the Government can formulate a scheme and get the concurrence of the District Board afterwards—*v de* section 5 of the Charitable Endowments Act.

6. To sum up, the following points have now to be decided:—

(1) Is the application of the District Board in proper form? If not, should a fresh one be called for?

(2) Who is to administer the property in future?

In any case particulars regarding the land and buildings and the Government securities should be obtained from the President, District Board, for the preparation of the vesting order.

T. KANAKASUNDARAM PILLAI—3-5-05.

An application signed by the Vice-President for the President seems sufficient in this case, but it is submitted that the application should expressly request Government to vest the property movable and immovable together with the securities in the Treasurer of Charitable Endowments.

The President should himself sign?
A. GALLETTI.
Not necessary, I think, but desirable.
H. D. TAYLOR.

2. Particulars regarding lands, buildings and the securities may be called for.

3. The scheme in this case need not be anything but a very simple one—something to the following effect:—

"The Government securities of which particulars are given in schedule I hereto, the land "and buildings known as His Royal Highness the Prince of Wales' Tanjore Medical school as "described in schedule II hereto with all movable property relating to the said school shall be "vested in the Treasurer of Charitable Endowments for the territories subject to the Government "of Madras upon the trusts and for the purposes and subject to the following condition, that is "to say, the said Teasurer of Charitable Endowments shall stand seized and possessed of the said "securities, land, buildings and movable property upon trust to permit the interest accruing "from the securities together with the other properties to be used and administered by the "* Director of Public Instruction for the time "being of the Presidency of Madras (or "Director of Technical Education or Surgeon-"General), manner upon such terms and con-"ditions as he may with the sanction of the "Government of Madras from time to time "direct as a school for the education of pupils "for the grade of hospital assistants."

* The Medical school will remain under Director of Public Instruction.
H. D. TAYLOR.

H. D. TAYLOR.

4. On receipt of application in the proper form accompanied by details of the securities and properties belonging to the school, the Government Solicitor may be asked to give us the drafts of a vesting order and a scheme on the above lines. Meanwhile the District Board may also be asked to accept the above scheme in substance.

P. T. THARYAN—5-5-05.

A. GALLETTI—6-5-05.

Approved. The transfer may take place with effect from 1st July—the commencement of the school year. The President should be asked to reply without delay as the notification should issue by 23rd instant.

FINANCIAL DEPARTMENT.

It is submitted that according to paragraph 4 of G.O., No. 8 L., dated 4th January 1905, the intention appears to have been to provincialize the Tanjore Medical School. The notification now issued vests the property belonging to the Trustees of the institution in the Treasurer of Charitable Endowments who should permit the interest accruing therefrom to be used and administered by the ‡ Director of Public Instruction in accordance with the instructions of this Government, the Government contributing the cost of the institution over and above the receipts.

‡ In his private capacity as a citizen and not in his official capacity—*vide* paragraph 6 of the Advocate-General's opinion on pages 4–5 of G.O., No. 335, Educational, dated 14th June 1897.

2. It is proposed to take over the institution (Tanjore Medical School) from the 1st July 1905. In the Civil Budget Estimate for 1905–1906, the following provisions have been made both on the *Receipts* and on the *Expenditure* sides on account of the institution:—

3. Out of the Budget grant of Rs. 6,834 under 24. Medical a sum of Rs. 2,278 representing four months' § charges will not be required for expenditure during the current year.

§ March, April, May and June.

4. A draft order resuming Rs. 2,278 or Rs. 2,300 (in round figures) is submitted which may issue with the concurrence of the Educational Department.

V. GOPALA KRISHNAN—25-5-05.

Submitted for approval. It seems advisable that Educational should, when the endowment is taken over finally, state whether the service of any of the employers of the school will be pensionable. It does not seem to be necessary to make any of the offices in the school pensionable, but it will save the chance of any questions being raised hereafter if the point is definitely settled now.

Approved: send to Educational u.o., with reference to the Pension question.

4th Instructor (Raja Mirasidar's hospital, L.M.S.) allowance (G.O., No. 1411 L, dated 16th November 1903)	75	0	0

The first two are Government servants and the remaining three are Government servants lent to the District Board of Tanjore. They get their pay as Medical officers and allowances for their work in the Medical school. The question of pension does not therefore arise.

T. KANAKASUNDARAM PILLAI—26-5-05.

Should the President, District Board, be asked for a report?

A. GALLETTI—29-5-05.

Yes, better make sure. Refer to Collector and ask for a very early reply as to whether all the Instructors are Government servants, or whether any of them are private men. Also ask if there is any objection to the continuance of existing arrangements for officering the school.

2. After despatch send file to Public u.o. It has not yet been seen in that Department.

H. D. TAYLOR—29-5-05.

A draft memorandum is submitted for approval. After issue the file will be sent to Public.

N.L.R.—29-5-05.

It is assumed that the Secretary means that the President, District Board, should be asked about the present instructors of the Tanjore Medical School. The continuance of the present arrangements for officering *the school is, it is submitted, a matter for the Director of Public Instruction to consider.
