GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—again the following papers:—

G.O., No. 724, Financial, dated 7th November 1903.

ABSTRACT.—Sanctioning proposition statement in connection with the reorganization of the Government girls' schools in the Central Circle.

G.O., No. 269, Financial, dated 6th April 1904.

ABSTRACT.—Sanctioning proposition statement in connection with the reorganization of the Government girls' schools in the Northern Circle.

READ—also the following papers:—

From His Majesty's Secretary of State for India, to His Excellency the Right Honourable the Governor-General of India in Council, No. 51, Public, dated India Office, London, 7th April 1905.

Having considered in Council Your Government's Financial letter No. 59, dated 9th February last, I give my sanction to the scheme for the reorganization of the Government girls' schools in the Presidency of Madras.

2. The statement forwarded with your letter regarding the special recurring grant of 8 lakhs allotted for expenditure on education in Madras shows that the grant has already been exceeded. But it is presumed that a portion of the further special grants for education sanctioned in the budget for 1905-1906 will be used to defray the excess expenditure.

Despatch from the Government of India, Finance and Commerce Department (Salaries, Establishments, etc.—Education), to His Majesty's Secretary of State for India, dated Calcutta, 9th February 1905, No. 59.

We have the honour to forward for your consideration a copy of a letter from the Government of Madras, No. 643, dated the 22nd October 1904, regarding the reorganization of the Government girls' schools in that Presidency.

2. The scheme submitted by the local Government provides for the improvement of the pay of the existing teachers and for a large increase to the tutorial staff. The additional expenditure involved amounts to Rs. 45,262-8-0 a year, but as it is possible that in some cases personal allowances will have to be given in order to compensate teachers who may be adversely affected, this figure may be somewhat exceeded. On the other hand, it is proposed to withdraw from the teachers the results stipends which in the year 1903-1904 amounted to Rs. 19,300, and this will result in a substantial reduction of the ultimate cost.

3. In our opinion the scheme is a well considered one, and is likely to benefit the cause of female education, which, as the Educational Conference of 1901 pointed out, is in special need of assistance. For these reasons we support the proposals and commend them to your favourable consideration.
