FURTHER PAPERS.

To

The Secretary to Government,

Educational Department.

Sir,

I have the honour to bring to the notice of Government that special remuneration for the work of tabulating the results of the examinations held by the Commissioner of Government Examinations has been granted to the Secretary to, and to the Establishment of, the Commissioner of Government Examinations and also to the Personal Assistant to the Director of Public Instruction and Commissioner for Government Examinations, and to enquire whether remuneration for this work is admissible. The remuneration granted to Mr. P. E. Messinier the Secretary, and to Mr. T. R. Scott, the Personal Assistant to the Commissioner for Government Examinations is Rs.300 each, and was authorised in G.O.No.102 Ed., of the 21st of February 1905, but there is nothing whatever in the Government order to show that Government was aware of the precise nature of the duties for which the remuneration was given. As regards the office establishment of the Commissioner a remuneration of Rs.50 each was given for tabulating the results of the Lower Secondary Examination of December 1904 to the following members of the Commissioner's Establishment:-

|                                                  |            |
|--------------------------------------------------|------------|
| Muhammad Unsar Sahib, Acting Manager;            |            |
| Ghulam Muhammad Habibulla Sahib, Ag. Head Clerk; |            |
| T. Gungadara Mudaliar                            | " Second " |
| R. Krishna Rao                                   | " Third "  |
| S. Venbu Aiyar                                   | " Fourth " |

The

3

The amount of the remuneration being below Rs.100 was within the limit upto which the Commissioner has power of sanction and the sanction of Government was not obtained nor was it necessary so far as the amount of the remuneration is concerned.

A. The work of tabulating the results of the examinations held by the Commissioner would prima facie seem naturally to fall within the scope of the duties of the Commissioner and his establishment and for this work no extra remuneration would seem to be admissible to this establishment. I would respectfully invite attention to the provisions of Article 72(d) of the Civil Service Regulations, which forbid the grant of remuneration for superintending an examination the conduct of which comes within the ordinary duties of the officer or officers conducting it. In these circumstances I would refer the matter for the consideration and orders of Government and may add that for the extra duties of Secretary to the Commissioner for Government Examinations Mr. Messinier receives an extra allowance of Rs.350 a month in addition to his salary as a Junior Professor of the Presidency College.

I have the honour to be,

Sir,

Your most obedient servant,

B. Dobbie.

Accountant-General.

EDUCATIONAL DEPARTMENT.

C. No. ~~859~~ From the A.G. No. P.A. 78, dated 8-5-1905  
136

SUBJECT. Remuneration for tabulating  
the results of post-examinations

The Govt. are not aware of the facts  
brought to notice by the A.G. Before, however,  
the question of the admissibility of the remuneration  
referred to is considered in the office, the C. G. E. may,  
it is submitted, be consulted in the first  
instance. For orders as to whether the A.G.'s  
letter may be referred to him for report.

Ru  
16/5/5 There is no Personal Assistant to the Commissioner  
as such. There is only a Personal Assistant to the  
Director and tabulation of the results of post-examinations  
is, it is submitted, a work outside his ordinary duties.  
Payment of remuneration for tabulation to the  
Secretary to the Comm. & to the Comm.'s establishment  
seems inadmissible. The Comm. may however  
be consulted before orders are issued.

27/5/5 16/5/5  
C.G.E. for remarks.

15/5/5

Ed. No. 383 D of 18/5/5

U.S.  
17/5

17/5

Two examinations are concerned

1. The Lower Secondary
2. The Special Tests.

The results of the lower secondary must continue to be tabulated outside the office so long as the examination continues on its present footing. The results last time occupied 13 large registers, and it is most important to get them out as quickly as possible if the work of the schools is not to be disrupted. I was informed by the Secretary that it had been to practice to give some of the work to the senior clerks of the office to be done at home. I ~~objected to this~~ made up my mind last year to stop the practice but the matter escaped my memory so I said that it might be done as usual this year for the last time and have <sup>of any office clerk</sup> forbidden their employment upon this work in future - partly because the work can be done more quickly by outsiders working full time and partly because, to avoid risk of the results being tampered with, it is better to appoint the tabulators from year to year so that no one knows beforehand that he will have to

tabulate.

As to the Special Tests - the results do not go into the office at all.

Special tabulators are always appointed from year to year by the Commissioner himself.

This year I appointed McCott and Mr. Messinger both did the work entirely outside office hours and there is of course no doubt about its being outside McCott's ordinary duties. The Secretary to the Commissioner

has never been so appointed before but I put him on this year as he was at hand and I felt I could trust him.

According to previous practice the work was outside his ordinary duties.

In future the Deputy Commissioner might be made responsible for the work and authorized to employ an outside assistant who should receive sufficient remuneration to secure the services of a reliable man. Tabulation requires two men working together to secure accuracy - no portion of the Special Test work other than the merest routine should go into the office

| 26.5-05 | 281565 |

The surplus of fees over honoraria paid to examiners amounted to R. 19000.

The A.G. may be informed that the special remuneration will be paid for the current year.

With the appointment of a full time Secretary, the tabulation of results should be deemed to be one of the ordinary duties of the Secretary to the C.G.E.
