The Chief Secretary to Government,

Sir,

The Superintendent of the Central Jail, - Coimbatore forwards an application (in original) from Mr. G. N. Deval, the Weaving Master of that Jail, for one of the Technical Scholarships lately instituted by the Government of India for natives of this country.

2. The Superintendent, Mr. Gadsden, states that Mr. Deval possesses a fair knowledge of the industry (Weaving) which he intends to take up as also a fair knowledge of English. Mr. Deval was appointed to the Coimbatore Jail as Weaving Master in 1897, when the Weaving industry was in a very bad way and he has by his intelligent exertions been chiefly instrumental in reorganizing the whole industry, and has brought it to the position it now holds as the supplier of the large requirements in cotton goods to the Public Consuming Departments, Civil and Military.

3. Mr. Gadsden further remarks that Mr. Deval thoroughly understands all matters in connection with weaving, so far as they can be learnt in this country, but that he is ambitious and wishes to improve his - knowledge by going to England and studying the industry in Manchester, so that he may qualify himself for a better appointment in India than he is eligible for now.

4. Particulars of applicant's age, etc, are given in the application.

---

5. As regards his character, it is reported that it has been uniformly good during the whole eight years he has served in the Coimbatore Jail.

6. In the circumstances, I have the honour to submit the application for the orders of Government and would recommend Mr. Deval for the award of one of the Technical Scholarships offered by the Government of India, if he be regarded as fulfilling the conditions attaching to the grant of the same.

I have the honour to be,
Sir,
Your most obedient servant,

W. O'Hara

Lt. Col. I.M.S.,
Inspector General of Prisons.

Through

The Superintendent Central Jail
Coimbatore

Sir

The Government of India have lately published an award of Technical Scholarspips available for Indians, in Europe or America, and I pray that you will be pleased to recommend me for one of them

2 I have been in the weaving line since 1889. After finishing my course as an apprentice I began my career from the lowest rank, ie as a jobber, and after working as a head jobber, sizer, and finisher I became a Weaving Master. By this you will be pleased to note that I have a practical knowledge of all the branches of Weaving. It may not be out of place here to mention that with the help of this knowledge I have been able to manage the work under my charge with jobbers of poor attainments or at times with no jobbers at all. I leave it to the Superintendent to say how

how I have done my work at the jail where I have been employed as Weaving master for nearly 8 years

3 It is now my wish to proceed to England in order to improve my Knowledge of my profession and this I can only do by — attending one of the Textile Colleges or other large Institutions devoted to the Textile Industry in England, where all the latest improvements & appliances in the industry are employed, and which have not yet been introduced into this Country.

4 I am a Brahmin by birth & now a Brahmo and a native of Satara District Bombay Presidency. My age is 39 years.

5 This application is in my own handwriting.

6 If my application for a Scholarship is granted I wish to be allowed to avail myself of it about next March or April as my work in connection with the new weaving shed will not be complete before the end of the year.

I beg to remain
Sir
Your most obdt servant
G. N. Deval

SUBJECT.

Application for State Technical Scholarship.

Mr. Deval is a native of Bombay.

(1) Is the appointment of weaving master permanent and pensionable?

(2) Are these scholarships open to Govt: servants?

H. D. T.

at Q. (1). From information obtained from the Office of the I. G. of Prisons, it is understood that the appointment of weaving master in the Central jail, Coimbatore, is temporary and non-pensionable.

(2). In the scheme for the institution of State Technical scholarships, it is submitted that in regard to the selection of Candidates no mention is

T made of any such restrictions. In para: 6 of Mr. Hewett's letter no. 501 Edn. of 20-11-'01 on page 4 of G.O. no. 695 Edn. of 28-11-'01 and also in para: 3 of the Govt: of India Despatch to the Secry: of State printed in page 3 of

S. G.O. no. 504 Edl. of 9th Octr: 1903, it is only observed "that no Candidate should be considered qualified unless he had displayed in his

Educational

"Educational career an aptitude for technical study" and that "a wide discretion should be left to the "Local Govts: in selecting candidates for the award of these "scholarships".

S. 2. In the last para: of their letter on page 2 of G.O. No. 504 Est: d/ 9th Octr: 1903 the Govt: of India stated that they would be glad to consider any suggestions which this Govt: might have to offer for the establishment of a technical scholarship in any branch of industry other than textile industry in Bombay and mining in Bengal. Mr. Deval applies for a scholarship in textile industry – weaving – which has been reserved for Bombay. Besides, he is a native of Bombay and in a former application from another native of Bombay – Mr. K. E. Dalali

R. the D.P.I saw no reason why such applications should be made to the Govt: of Madras instead of to that of Bombay – Vide para 1 of the Director's letter on page 10 of G.O. No.

R. 341 Est: d/ 4th June 1904.

Not clear that this was meant. K 13/1

I do not think that they meant that ~~the tex~~ textile industry sh.d be banned in Madras. Vide para: 3 of his letter on page. 5 of the cur. file.

Tell him to apply to Bombay?

HM.

The man is too old for one thing, poorly educated (I judge) for another, and (though this is of small account) not of this presidency for a third. He might pick up "wrinkles" at home but that is not the end of Technical Scholarships

---

The meaning of the Govt of India in their 50 of G. 10.03 is, I think, that they regard the textile industry of Bombay & the mining of Bengal as good things to give technical Scholarships towards the improvement thereof. But Madras is not tied down to consider these or any other fields only
