To

His Excellency the Right Honorable Baron Oliver Villiers
Lord Ampthill, the Governor of Madras in Council,
Ootacamund.

Through,

Lt. Col. W. G. King, I.M.S.; C.I.E.,
Sanitary Commissioner with the Government of Madras.

The humble petition of Syed Amir Ali, 2nd. son of late Mir Muzher Ali Sahib, 1st. Class Deputy Inspector of Vaccination and at present a temporary Sanitay Inspector under the Plague Department at Trivattiyur

Most respectfully sheweth,

That the father of your Excellency's humble petitioner was for the period of 28 years, 1 month and 27 days a First class Deputy Inspector of Vaccination under the benign British Government during which term of his service he conducted himself to the thorough appreciation and satisfaction of his superiors by being very honest and straightforward in the duties he was entrusted with as will be established from copies of a few of his testimonials herewith appended.

That consequent upon the death of the said Mir Muzher Ali Sahib, the father of your Excellency's humble petitioner one Mir Abdullah Hasan Sahib, the elder brother of your petitioner who was then in his scholastic career finding a patron in Lt. Col. King was advised by him to attend a sanitary class and on securing a 1st class pass in the Examination that was held in it was employed as a temporary Sanitary Inspector by him. During his such period he was recommended by his said patron to Government for an exemption from the Examinatin

the Examination Rules which was duly accorded in consideration of his hardworking and sincerity and faithfulness.

That your Excellency's humble petitioner also as ordered by the said Lt. Col. King underwent a temporary course in sanitation and on passing the test was given a temporary Sanitary Inspector's place under the Plague Department where he is still serving with all activity, perseverance and earnestness possible.

That your Excellency's humble petitioner is also an unpassed candidate just like his said elder brother and as such cannot secure a footing in any permanent establishment under the benign British Government unless he is also given an exemption from the Examination Rules.

That your Excellency's humble petitioner although has a mind to study and pass University Examinations has no means wherewith to study and qualify himself because his late father's family still continues in straitened circumstances.

15-6-05

Under the above circumstances your Excellency's humble petitioner most humbly prays that your Excellency in Council will be most graciously pleased to exempt him as well from the Examination Rules so as to make him also eligible for Government service and to afford some relief to his late fat er's family in their present distressed circumstances.

For this act of kindness your Excellency's humble petitioner shall ever pray.

Dated the 30th day of April 05.

TESTIMONIALS.

Meer Muzhur Ali is about to leave the Ganjam District on emergent Medical Certificate in consequence of illness contracted while serving as Superintendent of Vaccination, Hill Tracts. I have known him for the last two years during the greater portion of which he held a similar post in the low country of Ganjam. He is well educated well spoken man, has passed good Examinations in the Medical Department, and possesses excellent testimonials as a Munshee. I believe that he has done his best to work the Vaccination Dep. in this District and I regret his departure from us.

Office of Inspector of Vaccination and Deputy Sanitary Commissio
Camp Tinnevelly, the 19th Oct. '79

No.75.

1st Class Deputy Inspector of Vaccination Meer Muzher Ally of the Salem Circle is transfered from thence and posted to the Cuddapah Circle whether he will proceed forthwith and assume charge of the office from 1st Class vaccinator Gopalasawmy of Cuddapah. The Deputy Inspector will hand over charge of the office records &c. to 1st Class Vaccinator C. Rungasawmy No.307 of Tripatoor who has been ordered to go to Salem at once and receive charge.

2. In transfering Deputy Inspector Meer Muzher Ally from Salem Circle he is informed that he has been chosen to go to Cuddapah Circle for a time to recognize and bring the vaccine staff there into good order and to keep a strict hand over the Vaccinators who had been allowed to do pretty well as they liked.

Para 30. X X X X X X

A First Class Vaccinator was in charge of the office till 5th November when Meer Muzher Ally Sahib was transferred from Salem to reorganise the Department. Under these circumstances good progress was hardly to be expected, but an improvement was looked for at the close of the year under the new Inspector, an experienced and active man. The improvement has however been trifling, this District being one in which the passive resistance of the people to Vaccination is an obstacle which seemingly cannot be overcome without compulsory legislation. The diaries of the Staff show how great the difficulties are. Often during the hot weather lymph fails in Taluq, when there are not enough subjects submitted for Vaccination to be carried out from arm to arm, the tube lymph being spoilt by the heat. Good service is done by the Deputy Inspector in reporting on the sanitary requirements of the country and the working of the Sanitary Establishments.

31. X X X X X X X

32. The success obtained by these measures is said by the Deputy Inspector of Vaccination to be very poor. It is thought however, that he takes too gloomy a view, and that, though disease is still invited by filth and use of water from badly-situated wells or from places used for washing, &c., yet that something is being done to improve the state of the towns and villages.

TESTIMONIALS.

This is to certify that Syed Ameer Ali has studied in this school for three years and has appeared for the Matriculation Examination 1904. He is hardworking, honest and active lad who was always regular in attendance and punctual in the performance of his duty. He entered with earnestness and zeal into any work that was entrusted to him. He is sure to make a succesful man in whatever sphere of life he may enter upon. His conduct has been good.

Syed Ameer Ali was reading in the sixth Form of this school in 1904. I have always found ~~in~~ him an earnest, willing and obedient, regular and punctual in all his duties. He did with the best of his powers and cleverly too whatever duty he was entrusted with. I sincerely hope he will, by his hard work and intelligence gain the confidence of his superiors, and I wish him success.

Mr Syed Ameer Ali Sahib was a student of the Matriculation class during 1904. I have always found him to be well behaved and perfectly gentlemanly. He was very regular in his attendance. His diligence and attentiveness and willingness to learn surpassed all other characteristics that could be said in his favour. Apart from his keen avidity to master the other subjects, I found he had a special aptitude for History and General knowledge. He had a wide reading in them and possessed knowledge far above his standard His aims are high, his diligence keep pace with his aspirations. My own impression about him is that he is bound to succeed immensely in any undertaking he may launch himself in, inasmuch as it has become

become a past of his nature to work heart and soul towards the achievement of anything he has in view. He had endeared himself to his teachers and was the confidence and respect of them all by his exemplary obedience, modesty and assiduity. The admiration of his fellow students for him is simply intense.

I will be, I am sure, but echoing the opinion of his other teachers, if I say that success shall be with large or every one of his undertakings and that he is bound to be prosperous.
