I

G.O., No. 282, Educational, dated 2nd May 1905.

ABSTRACT.—Passing orders in regard to the utilization in the current year of the recurring grant of six lakhs made by the Government of India to the Provincial revenues of Madras to meet increased expenditure on account of primary education.

II

Letter—from R. H. CAMPBELL, Esq., I.C.S., President, District Board, Vizagapatam.

To—the Secretary to Government, Local and Municipal Department.

Dated—24th June 1905.

No.—81 Re.G.

With reference to paragraph 4 of G.O., No. 282, Educational, dated 2nd May 1905, I have the honour to submit for the orders of Government copy of resolution No. 9, dated 21st instant, passed by the Educational Conference requesting to authorise the construction of the bulk of the school buildings under the supervision of the Taluk officers.

ENCLOSURE.

Extract from the Proceedings of the Educational Conference, Vizagapatam, dated 21st June 1905.

Read—

(1) Government order No. 282, dated 2nd May 1905.

(2) Circular Proceedings, No. C-4389, dated 12th May 1905, of the Director of Public Instruction, enclosed in his letter Ref. on C. No. 4238, dated 16th May 1905.

Resolutions—

9. The Conference is very strongly of opinion that the bulk of the new buildings should be constructed in the same way as pounds by village officers under the supervision of the Taluk officers. The President, District Board, considers it impracticable for the Local Fund Engineering Department to carry out the work of erecting so many buildings scattered all over the district within such a limited time. Taluk officers are accustomed to constructing pounds and chavadies through the agency of village officers and the new school buildings which are very simple in design can be similarly constructed. The Conference resolves to move Government to authorise the construction of the bulk of the school buildings under the supervision of Taluk officers. Of course a limited number of school buildings in important localities, where professional contractors are available can without difficulty be erected by the Local Fund Engineering department. All that the Conference insists on is that the Presidents of District Boards in their capacities as Collectors should be authorised to employ the Revenue agency in erecting the bulk of the new buildings and to so relieve the enormous strain which will otherwise be thrown on the Local Fund Engineering establishment.

Order—No. 456, Educational, dated 4th July 1905.

The resolution of the Vizagapatam Conference will be transferred to the Director of Public Instruction who will be requested to settle the matter in consultation with the Collector and President. The execution and details of the erection of village schools have been expressly left to the Director of Public Instruction in concert with the Presidents of District Boards.

2. The Government will raise no objection if the Collector wishes to employ his Revenue subordinates on the work in addition to or in substitution of the Local Fund Engineering establishment, without detriment to their own duties.

(True Extract.)

H. D. TAYLOR,
Ag. Secretary to Government.

To the Director of Public Instruction.

„ the Revenue Department.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 456, EDUCATIONAL, DATED
4TH JULY 1905.

[SUBJECT.—*Construction of the primary school buildings under the supervision of the
Taluk officers.*]

From the President, District Board, Vizagapatam, No. 81, dated 24th June 1905.

I see no objection with the concurrence of Revenue. The President, District Board, will place the funds at the disposal of Deputy Tahsildars and the expenditure will have to pass through the District Board accounts.

H. D. TAYLOR—30-6-05.

To the Revenue Department for remarks.

REVENUE DEPARTMENT.

Secretary.

F. B. EVANS—1-7-05.

Under G.O., No. 282, Educational, dated 2nd May 1905, Presidents of Taluk Boards are to be consulted as to localities, and the works are to be carried out by the Local Fund Engineering establishments with the assistance and co-operation of Revenue officers. I do not know exactly what more the Vizagapatam conference wants. Tahsildars are members of Taluk Boards, and Taluk Board Presidents can direct them to make the necessary contracts for the erection of these buildings with the help of village officers. But the responsibility for the construction, and supervision of the work, should, I think, remain with the Local Fund establishment, and I don't think Government should go beyond the terms of G.O., No. 282, Educational.

A. G. CARDEW—1-7-05.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

Submitted that Tahsildars can give more active co-operation than mere arrangement of contract terms, and can inspect during construction. Some of the buildings may be erected in rural villages at some distance from the main lines of communications, and frequent inspection of the work while in progress by Revenue Inspectors would be desirable. The buildings should however be finally inspected and completion reports signed by the District Board Engineer.

H. D. TAYLOR—1-7-05.

If a Collector-President wishes to employ his Revenue Subordinates on this work in addition to or in substitution of his Engineering establishment, Government need not make any objection. It is the Collector's business to see that his revenue work is not improperly interfered with.

2. But I have, intentionally, left the execution and details of the erection of village school-houses to the Director in concert with the Presidents: and you had better send this paper to the Director and tell him to settle with Mr. Campbell. There is no reason to suppose they will disagree. I do not wish to complicate work and authority if I can avoid it. Revenue should see before order issues.

For draft.

J. T. [HOMSON]—3-7-05.

H. D. TAYLOR—3-7-05.

A draft is placed below for approval.

2. May the order be communicated to all Collectors and Presidents of District Boards for information?
