To

The Secretary to Government,

Educational Department.

Sir,

10 of R

Under article 55 of the Rules for the College of Engineering two of the Military students who pass the final examination are in order of merit annually appointed apprentice overseers and are sent to do a practical course in the Public Works Department ; and pending selection in any subsequent year those students who qualify but do not pass sufficiently high for immediate appointment revert to their regiments without taking a practical course. Students who thus revert to their regiments cannot obtain a college certificate unless there occurs a vacancy when one or more may be recalled to undergo the practical course . The Principal represents that while this is hard on the men who when they leave the army have the chances of their employment marred because they do not possess a certificate from the College it also results in a waste of time for those who are recalled ; and he proposes accordingly that all Military students who qualify should take the practical course at once- those who do not get permanent appointments being sent back to their corps and any student likely to be recalled (say within a year) being taken on to the temporary upper subordinate establishment of the Public Works Department until he is absorbed in the permanent establishment . The Chief Engineer to whom these proposals were referred has no objection to all the Military students being permitted to take the practical course at once and is prepared to give his favourable consideration-when such cases occur- to the proposal regarding the appointment of such students to the

Vide memo 6901C/09 Flag

3 -2- 4 2 P

temporary establishment. In these circumstances I have the honour to request the sanction of Government to the substitution of the following for the last sentence in Article 55 of the College Rules:-

"Students who qualify but do not pass sufficiently high for immediate appointment shall proceed to take the practical course. On the completion of the practical course they may either be reverted to their regiments pending selection in any subsequent year in which less than the guaranteed number pass the examination or may with the Chief Engineer's approval be employed on the temporary subordinate staff [pending such selection."]

I have the honour to be,

Sir,

Your most obedient servant,

For Director of Public Instruction.
