ORIGINAL

G.O., No. 467, 8th July 1905.

M. P.

Government Girls' school, Tirukkoyilur.

Informing the Director of Public Instruction with reference to his proposals for the acquisition of a site for the construction of a building for the — that until an estimate is sanctioned and funds allotted for the work no steps can be taken for the acquisition of a site.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, Madras.
To—the Secretary to Government, Educational Department.
Dated—the 6th June 1905.
No.—Ref. on Cur. 7981 of 1904.

I have the honour to request that you will be so good as to obtain the sanction of Government to the acquisition of the site shown in the accompanying plan for the construction of a building for the Government Girls' school, Tirukkóvilúr, item No. 126 under class B. Works in the Public Works budget for 1905-1906. The site was selected by the Inspectress and the Executive Engineer considers that it is suitable for building purposes and advantageously situated for the school-going girls of the town and Kiloor, a suburb. The owners have no objection to its acquisition, the cost of which is estimated by the Collector at Rs. 1,241-8-0.

2. The Consulting Architect is drawing up fresh type designs less expensive for buildings and the preparation of the necessary estimate for this building may be deferred until these designs are ready.

Order—No. 467, Educational, dated 8th July 1905.

The Director of Public Instruction is informed that until an estimate is sanctioned and funds allotted for the work no steps can be taken for the acquisition of a site.

2. The Director should not in future submit proposals for acquisition of sites unless these conditions are fulfilled or unless he can show urgency or can prove that the immediate acquisition of a site in any particular case will result in material saving in the cost of acquisition.

(True Extract.)

H. D. TAYLOR,
Ag. Secretary to Government.

To the Director of Public Instruction, with enclosure returned.
 „ Public Works Department, with copy of notes.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 467, EDUCATIONAL, DATED
 8TH JULY 1905.

[SUBJECT.—*Acquisition of a site for the construction of a building for the Government Girls' School, Tirukkóvilúr.*]

From the Director of Public Instruction, No. 7981, dated 6th June 1905.

The draft placed below may issue with the concurrence of the Public Works Department.

N.I.R.—8-6-05.

T. KANAKASUNDARAM PILLAI—8-6-05.

A. GALLETTI—9-6-05.

H. D. TAYLOR—10-6-05.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

Until an estimate is sanctioned for the work and funds allotted therefor, any expenditure incurred on the work will be treated by the Examiner, Public Works Accounts, as "unauthorised." The acquisition of the site in this case will therefore have to be deferred, unless there are reasons to the contrary, until an estimate is sanctioned and funds allotted for the work. It will be observed that this work has been classified as "less urgent" and appears as 49th in the order of urgency of Educational Department works—*vide* pages 50-51 of the current year's preliminary budget.

J. V. SUBRAHMANYA AIYAR—16-6-05.

There appears to be no urgency here, or special reason for the immediate acquisition of the land. It may be deferred until an establishment has been sanctioned and funds allotted.

S. B. MURRAY—18-6-05.

Will Educational please say if there is any urgency.

W. B. DEWINTON—19-6-05.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

There is no immediate urgency, except that if funds are likely to be allotted next year, it would be as well to acquire the site this year in advance and provide the necessary funds therefor.

2. The estimate and plan should be drawn up on a less expensive scale than for the school at Guntúr, Nellore—*vide* paragraph 2 of the Director of Public Instruction's letter.

H. D. TAYLOR—21-6-05.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

It cannot possibly be stated now whether funds are likely to be allotted for this school-house *next year*. That will depend upon the programme of works that will be recommended by the Director of Public Instruction next January. Orders in

A regard to the acquisition of the site must therefore evidently be postponed until after the preliminary budget for the next year is settled.

2. As regards the preparation of plans and estimates, the Superintending Engineer, V Circle, may be asked to prepare them in accordance with the instructions contained in paragraph 2 of the last note in the Educational Department, when the order that may be passed in that department on the Director of Public Instruction's present letter is received in this department. Educational may be asked to furnish this department at the same time with a copy of these notes.

J. V. SUBRAHMANYA AIYAR—27-6-05.

Yes.

S. B. MURRAY—29-6-05.

I agree.

W. B. DEWINTON—29-6-05.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

For orders as to whether the opinion of the Public Works Department at A above should be accepted and orders issued accordingly.

2. The land proposed to be acquired is private land; and should Government postpone its acquisition, it is possible that the owners might dispose of it otherwise. There will then be a difficulty in securing a new site and there is no knowing whether the new one will meet all requirements. In view of the fact that the site now selected is considered suitable for building purposes and advantageously situated for the school-going girls, it is for consideration whether the Director of Public Instruction may be asked whether the cost of acquisition can be met from savings in the Educational budget; or whether acquisition may be deferred.

A. GALLETTI.

cost of acquisition can be met from savings in the Educational budget; or whether acquisition may be deferred.

N.L.R.—1-7-05.

T. KANAKASUNDARAM PILLAI—1-7-05.

A. GALLETTI—3-7-05.

I have in another file raised the general question as to whether the Public Works Department may not be asked to modify their ordinary rules, so as to admit, to the extent to which funds are available, of the acquisition prior to preparation of plans and estimates, of sites selected for school buildings, the construction of which has been definitely decided upon and which will, sooner or later, be taken in hand. Once it has become generally known that a site has been selected, delay in acquisition may result in additional expense. Unless therefore the rule of the Public Works Department can be modified in these cases, and if funds for acquisition cannot be met from the Educational budget, it seems better that the Director of Public Instruction should not select (or at any rate should not let it be known that sites have been selected) for buildings for which detailed plans and estimates have not been prepared.

H. D. TAYLOR—4-7-05.

The Public Works Department rule is founded on good enough reasons. Here the Director of Public Instruction does not urge any reasons for early acquisition. Till he does there is no reason for departing from the rule. If he urges expedition it is for the Public Works Department to be called on to make it.

J. T[HOMSON]—5-7-05.

The Director of Public Instruction may be informed that the draft notification cannot issue pending preparation of plans and estimates and allotment of funds. He should not submit proposal for acquisition of sites unless these conditions are fulfilled, unless he can show urgency or can prove that cost will be ultimately saved by the immediate acquisition of sites in any particular case.

H. D. TAYLOR—6-7-05.

A revised draft is placed below for approval.

T. KANAKASUNDARAM PILLAI—6-7-05.

A. GALLETTI—7-7-05.

Issue.
