To

The Secretary to Government,

Educational Department.

Sir,

V. Subrahmanya Aiyar was admitted to the College of Agriculture in July 1902 as a stipendiary student recommended by the Collector of Chingleput. In the ordinary course the student should have completed his three years' course by the 30th April last; but his first year's course was prolonged by 8 months to enable him to appear for the examinations held in December instead of in April; and last December he was remanded to class II for failure in two subjects; and supposing he qualifies for promotion to class III next December, he will have to continue in the college till December 1906. The Principal reports, however, that the student, who is over 30 years old, is in financial difficulties and has recently been subjected to a domestic bereavement, and that his circumstances are such as to preclude the probability of his qualifying for promotion to class III next December. It will, therefore, be a mere waste of money to continue to give him stipends for the rest of this year. The student himself requests permission to discontinue his studies now and he has assured the Principal that he will take furlough for one year - having put in the necessary service under Government to be eligible for the same - and rejoin the College as a paying student. In these circumstances I have the honour to request the sanction of Government with reference to article 32 of the College Rules to the student being permitted to discontinue

FURTHER PAPERS.

To

The Secretary to Government,

Educational Department.

Sir,

Page 4, of file

With reference to the Memorandum of Government No.296, dated the 25th May last, I have the honour to report that the stipendiary student V.Subramania Aiyar mentioned therein is a permanent clerk on Rs.20 in the Collectorate. He had put in a service of 10 years, 8 months on 1st July 1902. About the end of July 1902 he was sent to the College of Agriculture as a stipendiary student. He passed in the following subjects of the first two years course :- Botany, Geology and Mateorology, Surveying and Levelling and Agricultural Engineering, and he has yet to pass General Chemistry and Anatomy. If he succeed in the next December in the two last mentioned subjects, he will then be promoted to class III which he will complete by the 31st December 1905. But if he fail in the examination of December next in either or both of the above subjects, he will be dismissed the College on 31st December 1905. The student does not hope to get through the examinations in December next and the Principal is also of the same opinion. In these circumstances the student wants to revert to his permanent appointment in the Revenue Department without being compelled to refund the stipends he has received from the College during his course of instruction there, which he will, in the ordinary course, be required to do under Rule 32 of the College rules. He promises to take furlough some 2 or 3 years hence and join the College as a paying student and complete the course.

2. The special circumstances under which he makes the application are :- i. General ill-health during his course of instruction in the College. ii. the death of his only child in May 1904, iii. the death of his mother in May 1905, and iv. general financial difficulties.

3. About his general ill-health the Principal of the College of Agriculture reports that he had been on medical certificate as in the margin besides 10 days casual leave in April 1905 for the same reason.

October 1904. 4 days.
February 1905. 15 days.
March 1905. 2 days.

With regard to points ii and iii in para 2 supra, it appears that he had lost some children just before he joined the College, that even the only surviving child died in May 1904 and that he lost his mother in May last. As regards point iv the Tahsildar of Conjeeveram and Ponneri report that he possesses 1/3 of a share of a house worth about Rs.600 in Conjeeveram and 2 acres of land worth about Rs.200 in Ponneri Taluk.

4. The Principal of the College of Agriculture considers that the case is a deserving one, and that the concession asked for by the student may be allowed. I see no reason to take a different view of the case and accordingly support the application.

I have the honour to be,
Sir,
Your most obedient servant,

Rule 32 of the Rules relating to the Constitution and Working of the College of Agriculture, Saidapet, Says that Scholarship-holders, permitted by the Director of Public Instruction to resign their Scholarships during the course for any Cause other than continued ill-health certified to by a recognised medical authority, shall refund the amount drawn by them in the way of scholarships and travelling allowances.

2. V. Subrahmanya aiyar, a Stipendiary Student in the Agricultural College undergoing training in the Second year's Course, requests permission to discontinue his studies now owing to financial difficulties & domestic bereavements & other circumstances. The permission sought for may no doubt be granted by the Director but under rule 32 above quoted the Student ~~should~~ will have to refund the money drawn by him in the way of scholarships and travelling allowances. The Director therefore requests sanction to the student be permitted to discontinue his studies without ~~refunding~~ being required to refund the stipends. For orders as to whether the D.P.I.'s proposal may be sanctioned. (The provisions ~~would~~ of the rule are not permissive) ~~and it [illegible]~~

The exact amount drawn as scholarship up to date by the applicant is not known. ~~[illegible]~~ It is submitted, however that in rule 27 of the agricultural College rules the amount of scholarship to be drawn by stipendiary students in each year's course is given, from which the approximate amount drawn by the applicant may be gathered. This amount comes to Rs. 380 ~~[illegible]~~ as shown below:-

	Rs.
Stipends in the first year's course from July 1902 to December 1903 – for 18 months at Rs. 10 per month.	180.
Stipends in the Second year's Course from 1st January 1904 to the 30th april 1905 at Rs. 12-8-0 per month – for 16 months	200
	Rs. 380

2. There is also the amount of travelling allowance drawn by the applicant to be taken into consideration. But there is no information here for calculating it. Submitted therefore that the D.P.I. may be asked to state the exact amount drawn up to date by the applicant in the way of Scholarships and travelling allowance. A draft memo accordingly submitted below for approval.

The secretary only wants to know

the

the total amount of scholarships drawn by the student & this is probably Rs 380 as shown above. As the student belongs to Chingleput the amount of travelling allowance drawn by him could not amount to much. vide rule 29 of the College rules. If Rs 20 is taken as the travelling allowance drawn by the student then the total amount of scholarships and travelling allowance drawn by the student will amount to Rs 400.

The Collector of Chingleput submits the report called for in memo. no. 296 dated 25th May 1905 and supports the D.P.I's proposal that the Stipendiary Student in question may be permitted to discontinue his studies without being required to refund the stipends received by him. Submitted that the collection of the money may be deferred. ~~until~~ The student should complete his course, a limit of time (5 years?) being laid down. If he does not complete it within that time, the money to be collected by deduction from his pay or otherwise: he is in Govt service. — As he is in Govt service no bond or mortgage on his immoveable property need be taken?

2. The Director's proposal is apparently that he should be let off the Rs 400 or

so unconditionally. The student could of course have stayed on in the College; drawn his stipends for the remainder of the year, failed in the examination and got himself dismissed:+ in which case he would not have been liable. The man may not be to blame in any way; but it is submitted (1) that rule 32 will not be of ~~[illegible]~~ much use to deter if Govt ~~relax~~ abrogate it in particular cases; (2) If no condition is made, the man may never complete his course and the money Govt have invested in his training will be wasted.

The future of the College of Agriculture is not yet decided. In two or three years time when the applicant proposes to take furlough to complete the course, the curriculum and rules may be completely altered. Rule 5 allows for cases of continued ill health. In the present case the medical certificate is absent. Submitted that in the special circumstances the Director's proposal may be accepted
