G.O., No. 533, 7th August 1905.

Acquisition of land.

Cancelling paragraph 2 of G.O., No. 467, Educational, dated 8th July 1905, and stating that separate estimates of the cost of land required for Educational buildings may be submitted for sanction with reference to paragraph 950, Public Works Code.

No. 533, EDUCATIONAL, 7TH AUGUST 1905.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

I

G.O., No. 467, Educational, dated 8th July 1905.

ABSTRACT.—Informing the Director of Public Instruction with reference to his proposals for the acquisition of a site for the construction of a building for the Government Girls' school, Tirukkoyilur, that until an estimate is sanctioned and funds allotted for the work no steps can be taken for the acquisition of a site.

II

Letter—from the Hon'ble Mr. A. G. BOURNE, D. Sc., F.R.S., Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 6th June 1905.

No.—Ref. on Cur. 6146 of 1904.

I have the honour to request that you will be so good as to obtain the sanction of Government to the acquisition of the sites shown in the accompanying tracing and land schedule for the use of the Government Girls' school, Puttur, item No. 120 in the Public Works budget for 1905-1906, class B. Works.

2. The cost of acquisition is estimated at Rs. 745-15-0, but it is not necessary to pay the estimated value (Rs. 25) of the present school building as the Taluk Board has already agreed to transfer it to Government.

3. The Consulting Architect is preparing revised type-designs and, pending their receipt, the preparation of the necessary estimate for this building may be deferred.

Order—No. 533, Educational, dated 7th August 1905.

Paragraph 2 of G.O., No. 467, Educational, dated 8th July 1905, is cancelled.

2. Separate estimates of the cost of land required for Educational buildings, the construction of which has been finally decided upon, may be submitted for sanction with reference to paragraph 950, Public Works Code. These will be separately sanctioned, should funds be available, and orders will then issue immediately for the acquisition of the land.

(True Extract.)

H. D. TAYLOR,
Ag. Secretary to Government.

To the Director of Public Instruction, with tracing returned.
Public Works Department.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 533, EDUCATIONAL, DATED
7TH AUGUST 1905.

[SUBJECT.—Acquisition of a site for the use of the Government Girls' School,
Puttur, in the South Canara District.]

From the Director of Public Instruction, dated 6th June 1905, No. 6146.

A draft is placed below for approval. If approved, it may go to the Public Works Department for acceptance.

N. LAKSHMANA RAO—8-6-05.

T. KANAKASUNDARAM PILLAI—8-6-05.

A. GALLETTI—9-6-05.

H. D. TAYLOR—10-6-05.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

There is no sanctioned estimate for the work nor an allotment of funds in the current year. The work appears as 43rd in the list showing the order of urgency of the Educational Department works and has been classified therein as "less urgent"—vide pages 50 and 51 of the current year's preliminary budget.

2. Unless circumstances have since changed and there is imperative need now for the acquisition of the site in question, the usual Public Works procedure may be adopted, i.e., the land should be acquired only after an estimate has been sanctioned for the work and funds allotted therefor. If expenditure is incurred on any work not covered by a sanctioned estimate, the Examiner of Public Works Accounts will treat such outlay as "unauthorized expenditure". Under these circumstances, Educational may perhaps be prepared to defer the acquisition of the site until after an estimate for the work is sanctioned by Government.

J. V. SUBRAMANYA AIYAR—16-6-05.

Yes, and funds allotted. Educational may be asked if they agree to this.

S. B. MURRAY—18-6-05.

To the Educational Department for favour of remarks.

W. B. DEWINTON—19-6-05.

EDUCATIONAL DEPARTMENT.

To the Director of Public Instruction for remarks.

H. D. TAYLOR—21-6-05.

This "usual Public Works procedure" seems to be calculated to secure the maximum of delay.

2. That there are 42 other works more urgent does not mean that this is not urgent. It is. I know the present school shed; it may tumble down at any moment. However, it must wait its turn if it will and if funds are not available there is an end of the matter for the present. Must the practice of waiting to secure a site until the

estimate is passed and funds are allotted be adhered to? It may well frequently happen that a site selected by our officers has been taken up in the meantime for some other purpose and the plans may prove unsuitable for the other sites available. The weary round of correspondence has then to be undertaken all over again. This is an admirable site we know. We shall want it for a school house as soon as funds are available to build. Can we not get so far with the transaction as to acquire it?

A. G. BOURNE—29-6-05.

For orders.

I fully agree with the remarks of the Director of Public Instruction as to the desirability of acquiring sites in advance for educational buildings which must, sooner or later, be taken in hand.

2. Once the sites have been selected it is undesirable to delay their acquisition, as the cost of acquisition may be increased by such delay.

3. May not the Public Works Department be asked to modify the rule in respect of the acquisition of such sites. I understand that the object of the rule is to prevent the unnecessary acquisition of sites which may eventually be not required. This will not apply to sites selected for school buildings the construction of which, as funds become available, has been definitely decided upon.

H. D. TAYLOR—2-7-05.

Ask the Public Works Department.

J. T[HOMSON]—4-7-05.

To the Public Works Department for remarks.

H. D. TAYLOR—5-7-05.

PUBLIC WORKS DEPARTMENT.

In accordance with the provisions of paragraph 786 of the Public Works Department Code, when land has to be acquired for a public work, the cost of such land is provided for in, and forms part of, the estimate for the work. To acquire land, before the cost thereof is covered by a sanctioned estimate, would involve an irregular outlay. It is thus necessary to defer taking steps for the acquisition of land until after an estimate has been sanctioned for the work for which the land is required.

2. There seems, however, in the special circumstances stated by the Director of Public Instruction, to be no objection to making a departure in the case of educational buildings, provided a *separate estimate* to cover the cost of acquisition is framed and sanctioned as contemplated by paragraph 950 of the Public Works Department Code.

J.V.S.—12-7-05.

P. K. SUBBA AIYAR—12-7-05.

The above proposal is recommended to Educational. As soon as funds to cover the cost of the land have been allotted the land can be acquired, under this procedure.

S. B. MURRAY—14-7-05.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The suggestion may be accepted?

H. D. TAYLOR—14-7-05.

Yes.

J. T[HOMSON]—15-7-05.

Please draft instructions to the Director of Public Instruction accordingly and send to the Public Works Department for acceptance.

H. D. TAYLOR—17-7-05.

A draft is placed below for approval. If approved, it may be sent to the Public Works Department for acceptance.

T. KANAKASUNDARAM PILLAI—17-7-05.

A. GALLETTI—18-7-05.

Yes.

H. D. TAYLOR—19-7-05.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

Under the draft Government Order, a Public Works officer will first have to submit an estimate of the cost of land. If funds are available which has apparently to be ascertained from the Secretariat Department concerned, the estimate will be sanctioned in the Public Works Department and the acquisition will then be proceeded with. The draft order may be accepted in this Department.

C. V. GANGADHARA SASTRI—20-7-05.

Yes.

S. B. MURRAY—20-7-05.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

It will have to be decided whether the funds are to be provided by the Public Works Department or by Educational in these cases. The cost of acquisition is generally included in the total estimate under Public Works Department. Perhaps Public Works Department could make a small lump provision in future budgets for cases of acquisition in advance of estimates. For the current year such charges as can be met by reappropriation can alone be incurred.

H. D. TAYLOR—20-7-05.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

Under paragraph 1671 of the Public Works Department Code charges for land taken up for public works should be included in the cost of the works when the land is taken up for a specific purpose, and should be charged to the Public Works budget grant in cases where the cost of constructing the building itself is so chargeable. It is thus clear that funds for acquiring sites for educational buildings are to be provided in the Public Works Department. It is, however, submitted that no lump sum provision need be made in future budgets of this Department as suggested in Educational. In these special cases where the delay in the matter of acquisition of land is not desirable in the interests of Government, funds can, it is submitted, be provided by reappropriation of the budget grants or if possible from the reserve at the disposal of this Department.

2. In communicating the draft Government order, Educational may be requested to furnish us with a copy of these notes.

S.R.—29-7-05.

Educational may be told as above.

S. B. MURRAY—2-8-05.

I agree.

W. B. DEWINTON—2-8-05.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The draft is submitted for approval.
