NOTES CONNECTED WITH G.O., No. 538, EDUCATIONAL, DATED
7TH AUGUST 1905.

[SUBJECT.—*Grant for University Education.*]

FINANCIAL DEPARTMENT.

From the Educational Department, dated 13th June 1905, No. 400.

I venture to submit that the Educational G.O., No. 400, dated 13th June 1905, does not express the facts correctly. What India said in paragraph 2 of their letter No. 2999-A (Finance Department), dated 25th May 1905, was that the expenditure in connection with the furtherance of University and College education "may . . . be incurred and recorded against the total of the budget grant for Provincial Education expenditure. If later in the year, it seems likely that this grant will be exceeded and that the excess cannot be met by reappropriation, the application for a supplementary grant may be repeated." India did not contemplate immediate reappropriation to meet any part of the expenditure of the Rs. 50,000 balance of special grant for University education.

Yes: quite wrong I think.

M. HAMMICK.

I think that in this respect we went wrong in G.O., No. 425, Financial, dated 15th June 1905, in asking for specific reappropriation.

C. M. SCHMIDT—27-7-05.

I agree. I don't think Educational view is right. What India virtually said was: "We won't allot because probably, as it is, you won't spend your whole allotment but you may spend this money and if at the end of the year you find you have exceeded your total educational grant we will give you the amount up to the Rs. 65,000 you want allotted."

2. I should say the Director of Public Instruction might safely be told to spend this money on instruments at once if he wishes. No reappropriation seems necessary.

M. HAMMICK—28-7-05.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

Have not revised proposals been called for from the Director? Did not his estimates provide for Government colleges also, on which it has been ruled by India that no portion of the funds should be spent?

H. D. TAYLOR—31-7-05.

In paragraph 2 of G.O., No. 460, Educational, dated 5th July 1905, the Director was asked to report what proportion of the proposed expenditure of Rs. 50,000 on the improvement of the teaching of mathematics in colleges related to Government colleges. His proposal related to both Government and aided colleges. No reply has yet been
