EDUCATIONAL DEPARTMENT.

Read—the following papers :—

I

Letter—from S. Satthianadhan, Esq., M.A., LL.D. (Cantab), Professor of Mental and Moral Science, Presidency College, Madras (now on leave).
To—the Director of Public Instruction.
Dated—Bangalore, the 27th July 1905.

I have the honour to inform you that the Faculty of the University of Yale, United States, America, have offered me the Taylor Lectureship for the current year, which consists of a course of four lectures to be delivered before the University on "Fundamental Doctrines of Hinduism in relation to Christianity." They offer an honorarium of two hundred and fifty dollars for the course. I have also been requested by the Faculties of the Theological Colleges of Princeton and Hartford to deliver a course of five lectures on "Indian Philosophical Systems with special reference to Christianity," for which they offer a remuneration of two hundred dollars each.

I request the favour of your kindly obtaining the sanction of Government for my accepting these offers and the remunerations attached to the lectureships. I would add that I intend visiting the chief educational centres in America during my stay there with a view to study the University system of education in that country, and also, on my way back, to visit Japan and study, as far as opportunities offer, the educational system of that country as well.

No. G. 606/5233, *dated* 2*nd August* 1905.

Forwarded to Government.

If the employment is under a Foreign Government, the previous sanction of the Secretary of State is required, article 757-A of the Civil Service Regulations. Otherwise the sanction of the Government of India is necessary with reference to the Resolution of the Government of India No. 2256-P., dated 17th May 1899, published in G.O., No. 662, Financial, dated 5th June 1899. The rate of remuneration to be received also requires the sanction of the Government of India under article 74 (*c*) of the Civil Service Regulations.

Accountant-General.

Order—No. 559, Educational, dated 15th August 1905.

The Government of India will be addressed.

(True Extract.)

H. D. Taylor,
Ag. Secretary to Government.

Letter—No. 560, Educational, dated 15th August 1905, to the Secretary to the Government of India, Home Department.

I am directed to address the Government of India on the subject of an application received from Mr. S. Satthianadhan, M.A., LL.D., Professor of Mental and Moral Science, Presidency College, and a Member of the Provincial Educational Service, for permission to receive a remuneration of 650 dollars for certain lectures to be delivered in the United States of America.

2. The Faculty of the University of Yale in the United States have offered him the Taylor Lectureship for the current year, which consists of a course of four lectures and carries an honorarium of 250 dollars for the course. The Faculties of the Theological Colleges of Princeton and Hartford have also offered him 200 dollars each for courses of five lectures on "Indian Philosophical Systems with special reference to Christianity." Dr. Satthianadhan is now on leave extending till the middle of March next and requests permission to accept the offers and deliver the lectures during his leave. He also intends to visit the chief educational centres in America during his stay there with the view of studying the University system of education in that country and to visit Japan on his way back in order to study, as far as opportunities offer, the educational system there.

3. The Accountant-General, Madras, states that the sanction of the Government of India is necessary to the acceptance of the Lectureships under their Resolution No. 2256-P., dated 17th May 1899, and to the acceptance of the remuneration under article 74 (*c*) of the Civil Service Regulations. It appears to His Excellency the Governor in Council that the resolution referred to applies only to cases of officers of Government in receipt of furlough or leave allowance taking service under another employer in India, whereas Dr. Satthianadhan proposes to accept offers made by *private* employers in America, and that article 74 (*c*) of the Civil Service Regulations refers to cases of officers of Government on duty accepting fees from private persons or private bodies. Dr. Satthianadhan would receive the remuneration offered while he is on leave out of India and it may be argued from the silence of article 757-A of the Civil Service Regulations that in such cases sanction is required only when employment is offered by a Foreign *Government.*

4. I am directed to enquire whether this Government's interpretation of the rules and orders is correct, in which case Dr. Satthianadhan will be informed that no sanction is necessary. In the contrary case I am directed to request that the necessary sanction may be accorded or obtained. Dr. Satthianadhan is now on the University Commission of inspection of colleges which will have completed its task early in September, and will be leaving India soon after the termination of that duty. I am therefore to request the favour of early orders on this letter, if possible by telegraph.

H. D. Taylor,
Ag. Secretary to Government.

NOTES CONNECTED WITH G.O., Nos. 559, 560, EDUCATIONAL, DATED 15TH AUGUST 1905.

[SUBJECT.—*Acceptance by Dr. S. Satthianadhan of an honorarium of* 650 *dollars for delivering three courses of lectures in the United States of America.*]

From the Director of Public Instruction, dated 28*th July* 1905, *No.* 6427.

I see no objection. Rules please.

H. D. TAYLOR—3-8-05.

Submitted that the resolution of the Government of India quoted by the Accountant-General, No. 2256-P., dated 17th May 1899, on page 3 of G.O., No. 662, Financial, dated 5th June 1899, refers only to officers of Government in receipt of furlough or leave allowance taking service under any other employer *in India*. In the present case Dr. Satthianadhan will be employed by a private employer *in America*. It is not clear therefore how he comes under the resolution. Article 757-A of the Civil Service Regulations refers to acceptance of employment under *another Government* during furlough: this cannot be done without the sanction of the Secretary of State.

2. Article 74 (*c*), also quoted by the Accountant-General, refers to acceptance of fee from a private person or private body, but this seems to apply to officers on duty and not to those on leave.

3. On the other hand it is difficult to say what rules are applicable. Perhaps the position may be explained to the Government of India and their sanction asked if they consider it necessary.

P. T. THARYAN—7-8-05.

I should argue from Civil Service Regulations, 757-A, that no sanction was required except in the case of employment under a foreign Government. However it will do no harm to ask the Government of India.

A. GALLETTI—8-8-05.

I agree. Please draft a reference to India, but Dr. Satthianadhan will be wanting an early reply.
