1440 3
Battersea Polytechnic
London S.W.
21th July 1905.

The Secretary to Government,
Educational Department,
Madras.

Sir

C. I am much obliged for yours received
July 17th containing orders 339 and 403.

2. With regard to order 339 allow me, Sir, to mention that there are several Government Officers* in Madras whom I have the honour to know and who I presume will oblige by giving you any information they can with regard to me.

3. Besides, if my being in England at present should be other than a point in my favour because of non-payment of fare from India to England, then would any letters of recommendation from Government Officers be necessary?

4. In Order 403 I am told Engineering is excluded from the list of subjects. At time of application I was unaware of this, Engineering being considered a technical subject by the Battersea and other Polytechnics. May I know if you grant the Scholarship to one who proposes to take up or the one who has already started on one of these subjects, say, tanning?

5th Let me, Sir, quite candidly say that my eagerness

eagerness to obtain the Scholarship is for this reason. Owing to my Father's pecuniary position and very large family I see that I cannot stay in London long enough to complete the London B.Sc. Course. Incidents have occurred since my leaving India to prevent my returning thoroughly efficient in a practical Subject.

6. Finding that I cannot complete my course owing to insufficient means, and understanding from you that Engineering is not in the list of subjects, I beg leave to once more trouble you with an application for a State Scholarship in view of a course in Tanning.

I humbly and earnestly trust that my case now fully defined and explained will meet with a kindly and favourable reception at your hands. I shall do my best in my new course to justify the grant.

I beg to remain, Sir,

your most Obedient Servant

Joseph Sargon Lazarus.

C. No. 1440 From Mr. J. S. Lazarus. No. , dated 21-7-1905.

SUBJECT.

Application for a State Technical Scholarship.

N.

Attention is invited to the notes and orders in Proceedings no. 339 Est. of 20th May 1905 and no.

C.

403 Est. of 13th June 1905. In the latter proceeding

Mr. Lazarus was informed that Govt. were un-

able to reconsider the orders already passed

N.

in Progs. no. 339 Est. of 20th May 1905 declining

to recommend the grant of a State Technical

scholarship in his case, and that Engineering

was excluded from the list of subjects for which

such Scholarships might be granted.

2. Mr. Lazarus now enquires if a scholarship

may be granted to one who proposes to take

up or one who has already started ^{one} of

the ^{technical} subjects - say tanning; and requests,

for the reasons stated by him in paras. 5 & 6

of his application, that he may be granted

a scholarship "in view of a course in tan-

ning".

3. In the last para. of their letter on page 2 of

G.O. no. 504 Est. of 9th Oct. 1903 on the subject

of the institution of State Technical Scholarships

the Govt. of India stated that they would

be

para. 4 of his appli-
cation on page 1 of it.

D.

6

be glad to consider any suggestions which this Govt. might have to offer for the establishment of a technical scholarship ^{if a} ~~in any branch of~~ industry other than textile and mining if a suitable Candidate could be found. There appears therefore to be no objection to include "tanning" in the list of subjects for which State Technical Scholarship may be granted.

4. Orders are solicited.

Re
13/8/5

Submitted that there is no objection to the inclusion of tanning ~~in~~ ⁱⁿ the list of subjects but the question for consideration is how will Mr. Lazarus in his return help in the tanning industry. His object so far as can be ~~ascertained~~ ^{ascertained} from the papers is to ~~take~~ ^{complete} the B.Sc. course with the help of Govt. money & take the degree if possible and then secure a suitable appointment anywhere. This, it is submitted, is not the object of the scholarship, but Mr. Lazarus may be simply informed that the Govt. see no reason to reconsider their order of the 20th May 1905, nothing more need be added.

PH
15/8/5

Submitted that the applicant's proposal is not sufficiently definite to merit acceptance. He does not say where or how he is going to learn tanning or what he proposes to do when he has learnt it.

See
14/6/5

In an interpretation of the position as desired please see this note on page 9 of GO no 418 881 of 20-8-55. Z.

Mr. Lazarus is persistent and clearly not the type of man that we require. He has clearly no special aptitude for anything and so long as he can secure a scholarship he is willing to turn his hand to anything.

'Janning' was not referred to by Mr. Culleray in his minute on the subject as one to be taken up & encouraged, and the Madras Chamber of Commerce have not referred to it, though Messrs Lides hold a special quotation in the market.

Please see G.O. and Hon. Members' orders on page 2 of the notes in G.O. 339
205:01

Mr. Lazarus wishes for the scholarship, nominally for Janning, but really because he is unable without pecuniary aid from Govt. to complete the B.E. Course. He has no initial knowledge of the subject he proposes to take up, and does not belong to an artisan class. He may be finally and definitely told that the Govt. cannot consider his application for a grant of a scholarship
