To The Secretary to the Government of Madras,
Educational Department.

Sir,

Page 19, of file

With reference to Memorandum No. 460 Educational dated 16th August 1905 I have the honour to state that the Superintendent of the Rayapuram Medical School reports as follows in regard to the employment of the assistant instructors in Anatomy for nine months:-

"During the last two years they were entertained for a period of six months only as the second course of Anatomy was taught only for six months for the second year old curriculum pupils. But the third year new curriculum pupils who now get their second course of Anatomy have to be taught for nine months according to G.O. No. 654 Educational dated 22nd October 1896."

Please see the portion marked in pencil on page 11 of the G.O. H

2. The course of Anatomy at the Medical

College extends over six months only -from July to December.

C. No. 1454, From the D. P. I. no. 5480, Dated 3-8-1905.

Subject.— Employment of two ~~additional~~ assistant anatomical ~~demonstrators~~ instructors in the Rayapuram Medical School.

For orders as to whether the Director's proposal to employ in the Medical School, Royapuram, two assistant Anatomical instructors on a teaching allowance of Rs. 20 per mensem each for a period of nine months may be approved and the draft placed below issued with the concurrence of the Financial Department. There is already a provision of Rs. 240 for this purpose in the current year's budget Estimate and the extra amount required is Rs. 120.

F 2. Under G.O. no. 745, Financial, dated 19th November 1904, the Sanction of Financial to the reappropriation Statement is not necessary; ~~and~~ it is within the competence of the D. P. I. to Sanction it.

12/8/5

G. The Assistant Instructors were employed for only six months last year — G.O. No 231 Finl dt 28th July 1904 — and the reason assigned for the extension of the period to 9 months is not very clear. The course has all along been apparently 9 months. At any rate the

H. reorganization Committee in their recommendation at the bottom of page 15 of G.O. no 654 Edl dt 22nd October 1896 said that two demonstrators for six months would be sufficient. In the Medical College also demonstrators are employed only for six months - proposition statement at flag W. Should further and clearer information be called for?

P.T.T.
12-8-05.

H.

See Recommendation (8) on p.12 of the G.O. of 1896. A 9 months' course in Anatomy is recommended for the third year. The recommendation on p.15 quoted in the office note seems to apply only to the Medical College before detachment of the Hospital Assistant classes. This is the first year of third year pupils under the new curriculum. I don't know on what authority office say it has always been 9 months.

Submitted that under the new curriculum first year pupils also have Anatomy - page 5 G.O. No. 171-172 dt 11-3-04. D.

But the formal courses of lectures in Anatomy may very probably always have gone on through the two sessions,+ while ~~which~~ the Dissection course, which is what, I suppose, the Assistant Instructors are wanted for, may have gone on only through a part of the two sessions. The Dissection course for the Apothecary class at the Medical College now only extends from 1st September to 28th February. No doubt the Instructors prefer to have Assistants all the time: it saves them work. It may be pointed out

out to the Director that in the Medical College where also the Anatomy course goes on for 9 months they only have Assistants for 6 months.
