No. 1911

Station Madras, Dated the 23rd August 1905 190

From (Name) Lieut.-Col., W.G. King, C.I.E., I.M.S.,

(Designation) Sanitary Commissioner for Madras.

To The Secretary to the Government of Madras,
Local and Municipal Department.

Sir,

Having regard to G.O. No. 520, Educational, dated 3rd August 1905, it is evident that Government does not accept the exemption secured in the manner stated in para 2 of my letter No. 343/V dated 19th April 1900, where Certificated Sanitary Inspectors are concerned. Under these circumstances, I have the honour to forward herewith for favour of exemption the names of the existing Assistant Superintendents of the Institute. It will be seen that they were all originally Certificated Sanitary Inspectors who, by passing animal and human vaccination in Bangalore, qualified as Deputy Inspectors of Vaccination. One man however, is European soldier and is employed under the title of "Sergeant" for non-technical work. It was not considered necessary to ask for exemption

exemption for him as he was in public employment in the Police Department, when a transfer was effected. He is of much value, and I trust Government will be pleased to prevent any inconvenience arising if any flaw exists as to educational rulings in his case.

2. In regard to the appointment of Shed-Keepers, it has hitherto been impossible to secure men who are matriculates willing to take their posts, and, in suggesting their salaries, it was not contemplated that this would be the case. It was presumed that men of the Vaccinator class would suffice, provided they were picked men as to honesty and intelligence. One of the duties required of them is that about every fourth day they should undertake a complete tour of night duty. It is therefore not a favourite post. Under the circumstances, all men have been kept "acting". I now ask that this class of men may be exempted from the educational rules; if this be not approved, I anticipate that the pay must be considerably raised.

In para: 3 of his letter no. 343-V. 5 of 21st April 1900, Lt. Col. King, in submitting his proposals regarding the staff required for the Vaccine Institute, suggested the employment, as assistant Super: of Dy. Inspectors of Vaccination - namely, men who have passed the Certificated Sanitary Inspectors' test and have undergone training in the Mysore Govt. Vaccine Institute. His proposals regarding staff were sanctioned in para: 5 of G.O. no. 392, of 11th January 1901.

2. Accordingly Certificated Sanitary Inspectors who had undergone special training in Vaccination were appointed to the post of asst. Superintendents in the King Institute. The question regarding the eligibility of these Inspectors to hold the post of asst. Super: came to the up before Govt. recently in the case of one, Muhammad Yusuf Farukhi, and it was ordered that he, not being Educationally qualified to hold such post, should be exempted from the examination rules (Upper Secondary Examination) - vide notes & orders in (G.O. no. 525 Est: of 3rd August 1905

Para. 1 of his letter.

Para. 2 of letter.

3. Dr. King therefore now submits the names of 4 of the remaining asstts. sup^{ts}: in the Institute for similar exemption, as also that of a European Soldier who is employed under the title of "Sergeant" for non-technical work. He further requests that ^{the class of} men who are called "shed-keepers" in the Institute may be altogether exempted from the Examination Educational Rules. orders are solicited.

Per
3/9/15

The Assistant Superintendents are paid Rs 45-6-75 each. The Sergeant's pay is not known but apparently he takes the place of the 6th Assistant Superintendent and receives Rs 45-6-75 per mensem.

The depot keepers are paid Rs 20 each per mensem but it is not clear whether they are superior or inferior servants. If the latter they require no exemption.

The L & M reports may be consulted.

Under article 396 "Menial and inferior servants of all sorts" are included under inferior service, whatever their pay may be.

2 The duties of the Shed keepers of the King Institute as given in the Circular maintained in the Sanitary Commission's office are: -

"They will obey orders given them by the Assistant Superintendents or Sergeant as the case may be under whom they are detailed for special work. They will be present in the operation room during all operations and preparations for them. They will aid the Assistant Superintendents in packing and despatching all vaccine, but they will not be employed either in the manufacturing or paste loading rooms."

3 It is for consideration whether the above duties may be regarded as menial in character, in which case the men employed as shed keepers need possess no examination qualification.

It is submitted that the shed keepers may be treated as menial servants.

12.9.05 12/9/05

(1) The Sergeant - E. Coops, may be exempted

(2) Shed keepers - Pay Rs 20 - must, of the

general exemption applied for by Col. King & ~~also~~ accorded, be treated as inferior servants.

3. As to the Art. Sept., the S. P. has shown a total disregard of rules under the P.S. notification, and appears to desire these appointments to be reserved for his certificated San. Inspector, whether they are otherwise qualified or not. The Certificated San. Inspector course and vaccine having must be regarded as supplemental, and in addition to the ordinary tests. I see no reason for wholesale exemptions. The S. P. must select for these posts men who have passed also Matriculation or Upper Secondary Examⁿ. in addition to the special qualifications. Mr. King has lately been giving the names and qualifications of his Sanitary Insp^m and if these names are justifiable he should have no difficulty in selecting qualified men for the post of ~~the~~ Art. Sept. The present men may be temporarily exempted, and the S. P. asked to find qualified men by Dec. 1st 1901.

I expect that there is small
 fire in referring to except these
 particular persons. They were in
 doubt specially selected, and
 they should not be turned out
 from work they - in doubt have come
 to know thoroughly to make room
 for those who will here to be
 trained. The institution cannot have
 bunglers employed about it.

Better example: I told the
 superintendent that for future efforts he
 will take care that the same
 rules receive consideration
