Training Schools.

Accepting, with remarks, the recommendation of the Director of Public Instruction that certain Government — should be constructed in accordance with the special design approved for those at Guntur and Nellore.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

I

G.O., No. 170, Educational, dated 22nd March 1905.

ABSTRACT.—Recording proceedings of the Conference held on Thursday, the 9th March 1905, for drawing up suitable designs for girls' schools.

II

Memorandum, No. 421, Educational, dated 31st July 1905.

The following works connected with Training schools were brought forward by Superintending Engineers for inclusion in the current year's budget estimate of Provincial Civil Works:—

- | | | |
|-----|-----------------------------------|---------------------------|
| (1) | Constructing a Training school at | Chicacole. |
| (2) | " | Guntur. |
| (3) | " | Nellore. |
| (4) | " | Malappuram. |
| (5) | " | Calicut (for mistresses). |
| (6) | " | Badagara. |
| (7) | " | Villupuram. |
| (8) | " | Madura. |
| (9) | " | Tinnevelly. |

An estimate for a Training school at Anantapur has also been called for in G.O., No. 3130 W., dated 26th October 1904, with reference to G.O., No. 570, Educational, dated 12th September 1904.

2. Estimates for Nos. (2), (3) and (7) have been sanctioned, those for Nos. (2) and (3) being for a special design specially approved by Government. Estimates for none of the other works have been received. Meanwhile the Government have approved of the transfer to Dindigul of the school proposed for Madura.

3. The Director of Public Instruction is requested to be so good as to submit a list of the Training schools which should, in his opinion, be constructed, for special reasons, according to the special design approved for the Training schools at Guntur and Nellore. He should, in submitting the list, give reasons for his proposals supported by statistics and the relative importance of the schools as training centres. His attention is invited to the notes of the Conference held on the 9th March 1905, a copy of which is enclosed for reference.

H. D. TAYLOR,
Ag. Secretary to Government.

To the Director of Public Instruction, with a copy of
G.O., No. 170, Educational, dated 22nd March 1905.

III

Letter—from the Hon'ble Mr. A. G. BOURNE, D. Sc., F.R.S., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—the 31st October 1905.

No.—Ref. on Cur. No. 6555.

Referring to Memorandum No. 421, Educational, dated 31st July 1905, I have the honour to report—

(i) that for the three schools at Guntur, Nellore and Villupuram estimates have already been sanctioned;

(ii) that the Moyan Training school for Mistresses, Calicut, will, in accordance with G.O., No. 1406 W., dated 26th July 1905, communicated with Endorsement No. 416, Educational, dated 31st July 1905, occupy the premises now occupied by the Executive Engineer's office, Calicut, when that office moves into the press building in that station; and

(iii) that no building is at present contemplated for the school at Badagara as I have under consideration a proposal to amalgamate it with the school for masters at Calicut when the latter comes into possession of the whole building which it at present shares with the School of Commerce.

2. There are therefore only five buildings for which estimates have to be drawn up or sanctioned and these are for the schools at—

Chicacole.	Malappuram.
Dindigul (now at Madura).	Anantapur.
Tinnevelly.	

The first three will always be important training centres and the schools in them will therefore be able to utilize large buildings. I therefore recommend that the buildings for these be in accordance with the special design already approved by Government for the schools at Guntur and Nellore. The other two schools may also be provided with buildings of the same type but with smaller rooms. The necessary modifications to be made in these two buildings have already been communicated to the Executive Engineers concerned.

3. I am asked to furnish statistics, but I doubt whether any statistics have much bearing upon the question.

The strength of the schools in question has been as follows for the last three years:—

	1902.	1903.	1904.
Chicacole	20	19	16
Madura to be replaced by Dindigul	31	39	38
Tinnevelly	31	38	38
Anantapur	17	22	21
Malappuram	15	17	17

With the present accommodation and staff these numbers appear to have been taken as a suitable maximum. This year the schools are overcrowded owing to the extra batch of students which has been sent for training. The strength at the present moment is as follows:—

Chicacole	25	Anantapur	26
Madura	41	Malappuram	17
Tinnevelly	44		

The overcrowding could only be allowed of course as a temporary measure, but it is clear that there is no difficulty in securing practically as many men as can be taken in. There is no doubt that a very large further supply of trained teachers is required not only at present but for very many years to come. It is only necessary to select suitable centres and the students can be sent to those centres. Chicacole, Dindigul and Tinnevelly would seem to be eminently suitable.

Order—No. 735, Educational, dated 11th November 1905.

The Governor in Council accepts the Director's recommendation that the Training schools at Chicacole, Dindigul and Tinnevely be built in accordance with the special design already approved for the schools at Guntūr and Nellore and that the schools at Malappuram and Anantapur be provided with buildings of a cheaper type.

(True Extract.)

H. D. TAYLOR,
Ag. Secretary to Government.

To the Director of Public Instruction.
,, Public Works Department.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 735, EDUCATIONAL, DATED 11TH NOVEMBER 1905.

[SUBJECT.—Buildings for Training Schools.]

Extract from the notes connected with G.O., No. 1196 W., dated 23rd June 1905, sanctioning an estimate of Rs. 42,220 for constructing a new building for the Government Training school at Nellore.

The draft is accepted in Educational. Before any additional estimates for Training schools are prepared with this design, will Public Works department please consider a modification of the same in consultation with the Director of Public Instruction, with reference to the notes in G.O., No. 170, Educational, dated 22nd March 1905.

If, for any special reason, the Director of Public Instruction considers that the retention of this design is desirable at any specially important centres, he may be asked to submit for the approval of Government a list of such centres before the estimates are drawn up.

H. D. TAYLOR—16-6-05.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

The following is a list of the works connected with Training schools, which were brought forward by Superintending Engineers for inclusion in the current year's budget estimate of Provincial Civil Works :—

Item 97 on pages 50 and 51 of the Provincial Civil Works budget.	(1) Constructing a Government Training school at Chicacole.
" 90 " 12 and 13 "	(2) " " " at Guntūr.
" 92 " 12 and 13 "	(3) " " " at Nellore.
" 117 " 52 and 53 "	(4) " " " at Malappuram (Malabar district).
" 118 " 52 and 53 "	(5) Constructing a Government Training school for Mistresses at Calicut.
" 120 " 52 and 53 "	(6) Constructing a Government Training school for Mistresses at Badagara.
" 97 " 12 and 13 "	(7) Constructing a Government Training school for Mistresses at Villupuram.
" 125 " 52 and 53 "	(8) Constructing a Government Training school for Mistresses at Madura.
" 126 " 52 and 53 "	(9) Constructing a Government Training school for Mistresses at Tinnevely.

There is one other item, viz., "constructing a Government Training school at Anantapur," an estimate for which has been called for in G.O., No. 3130 W., dated 26th October 1904.

Item (2), G.O., No. 1064 W., dated 2nd June 1905.
Item (3), G.O., No. 1196 W., dated 23rd June 1905.
Item (7), G.O., No. 2598 W., dated 12th September 1903.

2. Estimates for items (2), (3) and (7) above have been sanctioned and the works are in progress. No funds have been provided for any of the remaining items, nor have estimates for the works been received in this department.

3. The Director of Public Instruction in his letter R.C. No. 9049, dated 22nd February 1905 (recorded in Memorandum No. 1916-C., dated 15th March 1905), stated that the building for the proposed Training school at Tinnevely would have to be constructed on the type design prepared by the Consulting Architect and those for the schools at Chicacole, Malappuram and Anantapur with slight modifications.

4. The Director of Public Instruction may, it is submitted, be requested to submit for the orders of Government those cases in which he proposes to adopt the Consulting Architect's type design and to report what accommodation is required in the case of other schools. His attention may also be invited to the notes of the Conference held on the 9th March 1905.

G.O., No. 170, Educational, dated 22nd March 1905.

5. The reference may, it is submitted, issue from the Educational department.

P. K. SUBBA AIYAR—22-7-05.

Yes.

(The Consulting Architect's design referred to above is not a "type design", and should not be so described. It is to be adopted only at specially important centres, and for special reasons—see Mr. Taylor's note, dated 16th June 1905, above).

S. B. MURRAY—24-7-05.

I agree.

W. B. DEWINTON—24-7-05.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

A reference may be made to the Director of Public Instruction asking him which schools should be constructed, for special reasons, according to the special design approved for Guntur and Nellore. He should give reasons supported by statistics and the relative importance of the schools as training centres. Orders have issued for the transfer of the Madura school to Dindigul.

H. D. TAYLOR—26-7-05.

A draft memorandum is placed below for approval. If approved, it will be typed as revised.

N.L.R.—26-7-05.

P. T. THARYAN—27-7-05.

A. GALLETTI—28-7-05.

Issue.

H. D. TAYLOR—28-7-05.

[Memorandum No. 421, dated 31st July 1905.]

From the Director of Public Instruction, dated 31st October 1905, R.C. No. 6555.

I cannot think that Chicacole, which is very inconveniently situated, requires a building of superior design, nor do the numbers seem to justify it.

H. D. TAYLOR—2-11-05.

Out of the ten items of buildings referred to in paragraph 1 of Memorandum, No. 421, dated 31st July 1905, paragraph 1 of the Director's reply disposes of five, and the remaining five for which estimates have yet to be prepared are stated to be—

- | | |
|-------------------------------|-----------------|
| (1) Chicacole. | (4) Malappuram. |
| (2) Dindigul (now at Madura). | (5) Anantapur. |
| (3) Tinnevely. | |

The Director of Public Instruction considers that Nos. 1, 2 and 3 are important centres and the buildings for the Training schools in them should be constructed according to the special design approved for the schools at Guntur and Nellore; and that items Nos. 4 and 5 may be provided with less costly buildings of the same type. The statistics furnished by the Director of Public Instruction do not show that Chicacole is as important as Madura and Tinnevely.

K.K.M.—3-11-05.

P. T. THARYAN—3-11-05.

A. GALLETTI—4-11-05.

The design which has been already drawn up may be accepted for Tinnevely and Dindigul. The cost will be from Rs. 42,000 to Rs. 46,000.

2. For Chicacole, Malappuram and Anantapur a cheaper design with one storey, and not exceeding Rs. 20,000 or Rs. 25,000 should be adopted.

H. D. TAYLOR—6-11-05.

The present figures of attendance are not much of a guide as to the future. Under the new régime it is hoped that the Training schools will be more and more frequented. I would accept the Director of Public Instruction's proposal to give Chicacole as well as Tinnevely and Dindigul the better design; with a cheaper design for the other places.

G. S. F[ORBES]—8-11-05.

Please draft accordingly.

H. D. TAYLOR—9-11-05.

The draft placed below is submitted for approval.

P. T. THARYAN—9-11-05.

A. GALLETTI—10-11-05.

Director of Public Instruction proposes buildings of the same design but with smaller rooms. If upstairs buildings are to be constructed, there would be little saving by the adoption of smaller rooms. The entire design requires alteration from a double to a single storey.

H. D. TAYLOR—11-11-05.

To The Secretary to the Government of Madras,
Educational Department.

Referring to Memorandum No. 421 Educational dated 31st July 1905 I have the honour to report

(i) that for the three schools at Guntur, Nellore and Villupuram estimates have already been sanctioned

(ii) that the Moyan Training School for Mistresses, Calicut will in accordance with G.O. No. 1406 W dated 26th July 1905 communicated with endorsement No. 416 Educational dated 31st July 1905, occupy the premises now occupied by the Executive Engineer's office, Calicut when that office moves into the Press building in that station,

and

(iii) that no building is at present contemplated for the

Km

school at Badagara as I have under consideration a proposal to amalgamate it with the school for masters at Calicut when the latter comes into possession of the whole building which it at present shares with the School of Commerce.

2. There are therefore only five buildings for which estimates have to be drawn up or sanctioned and these are for the schools at

Chica cole
Dindigul (now at Madura)
Tinnevelly
Malapuram
and
Anantapur

The first three will always be important training centres and the schools in them will therefore be able to utilize large buildings. I therefore recommend that the buildings for these be in accordance with the special design already approved by Government for the schools at Guntur and Nellore. The other two schools may also be provided with buildings of the same type but with smaller rooms. The necessary modifications to be made in these two buildings have already been communicated to the Executive Engineers concerned.

3. I am asked to furnish statistics but I doubt whether any statistics have much bearing upon the question.

The strength of the schools in question has been as follows for the last three years:-

	1902	1903	1904
Chica cole	20	19	16
Madura /to be replaced by Dindigul/	31	39	38
Tinnevelly	31	33	33
Anantapur	17	22	21
Malapuram	15	17	17

With the present accommodation and staff these numbers appear to have been taken as a suitable maximum.
