Founded 1877. Incorporated by Royal Charter, 1885.

GOVERNMENT OF MADRAS SEP 1905

30, BLOOMSBURY SQUARE,
LONDON, W.C.

6th Sept., 1905.

Dear Sir,

By direction of the Council of the Institute of Chemistry, I am preparing a list of persons officially connected with the practice and teaching of chemistry in Great Britain and Ireland, in the Colonies and in India.

It is desirable that the List should include the names of all analysts holding official appointments under Government. It will include analysts appointed under the Sale of Food and Drugs Acts (1875-1899), under the Fertilisers and Feeding Stuffs Act (1893), and under other Acts and Statutes controlled by British and Colonial Government Authorities. Further, it will include a list of Professors and Teachers of Chemistry in the Universities and Colleges recognised by the Council of the Institute for the training of Candidates for the Associateship, and, also, in the principal Indian and Colonial Universities.

May I ask you to be so good as to inform me whether there are any appointments, requiring chemical knowledge and skill, under the Government of Madras ?

The Council of the Institute will be much obliged for any information you can give me in answer to this enquiry.
