Referring to paragraph 2 of G.O., No. 679, Educational, dated 18th October 1905, I have the honour to report that I am not yet in a position to recommend an allotment for the Anantapur district, the chief difficulty being that while the President of that District Board considers a sum of Rs. 2,000 is required for each building, I am anxious that less expensive buildings varying in cost between Rs. 400 and Rs. 700 should be constructed as in the adjoining districts of Kurnool, Bellary and Cuddapah. I am still in correspondence on the subject. The President of the District Board, Koraput, has reported that no new buildings are required for that district. I have called for the Inspector's opinion on this report. I shall therefore be able to determine very shortly whether any allotment should be recommended for these districts. In the meanwhile, I have also addressed a circular letter to all the Presidents of District Boards enquiring whether it has come to their personal knowledge that more money than has already been allotted could be utilized during the current year.

I have already received intimation from some districts that a further allotment could be utilized.

As soon as I have received all the replies I shall submit my final report as regards the distribution of the balance.

In continuation of my letter Ref. on Cur. **Order—No. 769, Educational, dated 23rd November 1905.**

The Government approve with slight modifications the distribution of grants as now proposed by the Director. These modifications have been made in order that the Anantapur District Board may receive some portion of the assignment for expenditure during the current year.

2. It is understood that difficulties have arisen in Anantapur owing to the desire of the Collector and President of the District Board to have buildings constructed of a more costly type than the Director of Public Instruction has proposed for and found acceptable in the other districts of the Presidency. It will be pointed out to the Collector and President that the Director of Public Instruction's scheme of buildings for the primary schools has the general approval of the Government; and that he should lose no time in arranging to spend the sum now assigned in conformity with those proposals.

3. No allotment has been made for the large tract of country within the boundaries of the Koraput District Board. The Government cannot believe that some expenditure cannot be undertaken on either new or additional primary school buildings during this year; and a sum of Rs. 3,000 will be transferred from the considerable grant to the Vizagapatam District Board sanctioned in G.O., No. 679, Educational, dated 18th October 1905 and will be paid to the Koraput District Board. The Collector and Agent, Vizagapatam, and President, District Board, Koraput, should make arrangements at once to utilize the amount.

4. The grants now proposed to be paid to South Canara and Chingleput will accordingly be reduced by Rs. 4,650 and 1,500, respectively, and the amounts thus obtained together with the unallotted balance of Rs. 5,850 will be assigned to Anantapur. The Accountant-General is requested to place the amounts at the disposal of the District Boards as shown below :—

| District Board. | Amount. |
|---|---|
| | RS. |
| Cuddapah | 2,500 |
| Chingleput | 2,000 |
| Tinnevelly | 6,000 |
| South Canara | 5,150 |
| Anantapur | 12,000 |
| Total | 27,650 |

EDUCATIONAL DEPARTMENT.

## NOTES CONNECTED WITH G.O., No. 769, EDUCATIONAL, DATED 23RD NOVEMBER 1905.

[SUBJECT.—*Construction of primary school buildings from the recurring grant of 6 lakhs made by the Government of India for primary education.*]

*From the Director of Public Instruction, dated 8th November 1905, No. 4238.*

Note balance.

H. D. TAYLOR—9-11-05.

Out of the recurring grant of 6 lakhs made by the Government of India during the current year on account of primary education (letter from the Government of India, in G.O., No. 282, Educational, dated 2nd May 1905), the following allotments have been sanctioned up to date :—

| | Allotment. | Government Order sanctioning the allotment. |

| | 1,01,050 | ,, ,, 679 ,, ,, 18th October ,, |
| Total | 5,72,350 | |

The balance still remaining to be allotted is thus (Rs. 6,00,000 — Rs. 5,72,350) Rs. 27,650. If the proposals now submitted by the Director for the distribution of a further sum of Rs. 21,800 are approved, the amount still remaining to be distributed will be (Rs. 27,650 — 21,800) Rs. 5,850—*vide* statement below :—

2. The District Boards to which no allotment has yet been made are Anantapur and Koraput. The reasons for the delay in distributing the grant to these District Boards will be found in the Director's letter of the 24th October 1905 in G.O., No. 713, Educational, dated 31st October 1905. Anantapur wants buildings costing Rs. 2,000 each. No new school-houses are required in Koraput.

3. The draft placed below may issue with the concurrence of Financial.

N.L.R.—9-11-05.

P. T. Tharyan—10-11-05.

A. Galletti—10-11-05.

H. D. Taylor—11-11-05.

Anantapur must not be permitted to have its own way, and it must be brought into line with the others. Nor would it be fair to cut out its fair share because the Collector is cantankerous.

2. Koraput should get something as well as Anantapur. It is surely too absurd to say that the Koraput area requires no primary school buildings—a poor and miserable tract. The Collector and Agent *must* see at once to utilizing at least Rs. 4,000 or Rs. 5,000. For this, I should revise the Vizagapatam grant of Rs. 59,000, and assign Rs. 5,000 out of it to Koraput. Vizagapatam won't be able to spend the original allotment. But the whole distribution seems to be very haphazard, *e.g.*, Salem has Rs. 70,000, while Coimbatore has only Rs. 27,000 and a poor district like Kurnool only Rs. 10,000.

There are very few schools, and most of these are provided with good buildings already. The difficulty is to get masters.

H. D. Taylor.

Please see Director of Public Instruction's assurance in his letter read in G.O., No. 679, Educational, dated 18th February 1905.

H.D.T.

Please see paragraph 3 of my demi-official (page 2 of notes in G.O., No. 543, Educational, dated 8th February 1905).

H.D.T.

3. Now to get for Anantapur at least Rs. 14,000, we must disallow or curtail some of the extra grants proposed in the present reference.

First we have the nominal balance of Rs. 5,800.

Reduce *South Canara* from Rs. 9,800 to Rs. 4,500, giving Rs. 5,200. South Canara is one of the wealthiest and smallest district in the Presidency and help is wanted less there than in Anantapur.

Reduce *Chingleput* from Rs. 3,500 to Rs. 1,500, leaving Rs. 2,000. Reduce Cuddapah by Rs. 1,000. Thus we shall get Rs. 5,800 + Rs. 5,200 + Rs. 2,000 + Rs. 1,000=Rs. 14,000 for Anantapur.

4. The Government Order should point out to the Collector of Anantapur that the Director of Public Instruction's policy of providing comparatively cheap buildings is approved by Government; and that he should lose no time in arranging to spend the sum now assigned. In many places additional contributions from the villagers benefited in the shape of money or labour, will doubtless be forthcoming to supplement the Government allotments.

G. S. F[orbes]—12-11-05.

Please draft.

H. D. Taylor—13-11-05.

The revised draft placed below is submitted for approval. If approved, Financial may be asked to accept it.

2. The Honourable Member has ordered a reduction of Rs. 5,200 in the gran proposed by the Director of Public Instruction for South Canara. This wil raise the total for Anantapur to Rs. 14,050 and the grand total of the amounts undistributed to Rs. 27,700, but only Rs. 27,650 remain unallotted. Subject to approval therefore the reduction in the grant for South Canara has been fixed at Rs. 5,150.

Honourable Member says Rs. 14,000.

No. 27.600. You have got it the wrong way round. Honourable Member has left Rs. 50 undistributed.

A. Galletti.

P. T. Tharyan—14-11-05.

Honourable Member says South Canara is to have Rs. 4,600 and Anantapur Rs. 14,000. Under Honourable Member's orders there will be Rs. 50 undistributed. Office have given it to South Canara. Honourable Member took the balance at Rs. 5,800 instead of Rs. 5,850.

I knowingly left Rs. 50 undistributed and it does not matter it goes.

G. S. F[orbes.]

A. Galletti—15-11-05.

Where is the Director of Public Instruction's demi-official reply to my demi-official letter of 9th August 1905, printed with the notes to G.O., No. 543, Educational, dated 8th August 1905. That should have been printed also, as it explained his methods and the inequality in distribution. So far as I recollect Director of Public Instruction replied that as the grant was a recurring one he would make it up in other districts next year, that as the current year was advanced he had to make arrangements to allot money to those districts in which it could be best and most easily spent.

H. D. Taylor—15-11-05.

Please see demi-official, No. 70-R. On page 5 of the demi-official the Director said "next year a considerable amount will be required for the upkeep (maintenance) "of those schools which will be newly opened and I should propose to use the bulk "of the balance in further building operations."

[By the time this demi-official was received the notes in G.O., No. 543, Educational, dated 8th August 1905, had been printed; but the demi-official should have been printed at the head of the notes in G.O., No. 619, Educational, dated 13th September 1905. This will now be done.]

P. T. Tharyan—15-11-05.

A. Galletti—15-11-05.

The draft is submitted to the Honourable Member for approval.

The demi-official from Director of Public Instruction, which is of importance as explaining his methods in distributing the grant was not in the file when previously circulated.

2. In regard to the proposed transfer of funds (Rs. 5,000) from Vizagapatam to Koraput, the Director of Public Instruction stated that he had made a large grant to Vizagapatam because of the excellent arrangements made in that district to spend the allotment. Work may have commenced now on all buildings and it might be inconvenient to withdraw much of the allotment.

Perhaps, but it is not at all likely. Indeed it would be marvellous if so large a grant could be spent in any district in the time.

G. S. F[orbes].

3. As for Koraput, the schools in existence up to April 1905 were, with the exception of one or two Mission schools, all Government schools, and all fairly well provided with buildings. I do not know whether circumstances have altered much since I was there, but I think it would be very difficult to spend Rs. 5,000 on school buildings. This would represent at least twenty schools, and even if the buildings were erected in new localities, it would be a matter of difficulty to find the masters.

H. D. Taylor—15-11-05.

I have no objection to reducing Koraput, but it would not look at all well or be fair to leave it out altogether. The Agent can surely find in that enormous area necessitous places. Assign it Rs. 3,000 then.

I have also cut down Anantapur to Rs. 12,000, and revised the draft, the figures of which should, however, be checked before issue.

G. S. F[orbes]—15-11-05.

Check please and type fair.

The Govt. approve with slight modifications the distribution of grants as now proposed by the Director These modifications have been made in order that the Anantapur District Board may receive some portion of the assignment for expenditure during the current year.

2. It is understood that difficulties have arisen in Anantapur owing to the desire of the Collector & President of the District Board to have buildings constructed of a more costly type than the D.P.I. has proposed for and found acceptable in the other districts of the Presidency. It will be pointed out to the Collector and

Presiden

President that the D.P.I.'s scheme of buildings for the primary schools has the general approval of the Govt;and that he should lose no time in arranging to spend the sum now assigned in conformity with those proposals.

3. No allotment has been made for the large tract of country within the boundaries of the Koraput District Board. The Govt. cannot believe that some expenditure cannot be undertaken on either new or additional primary school buildings during this year; and a sum of Rs 3000 will be transferred from the considerable grant to the Vizagapatam District Board sanctioned in G.O.No. 679 Edl. d/ 18th October 1905 and will be paid to the Koraput District Board. The Collector and Agent, Vizagapatam and President, District Board, Koraput, should make arrangements at once to utilize the amount.

C.

4. The grants now proposed to be paid to South Canara & Chingleput will accordingly be reduced by Rs 4,650 & 1,500 respectively and the amounts thus obtained together with the unallotted balance of Rs 5,850 will be assigned to Anantapur. The Accountant General is requested to place the amounts at the disposal of the District Board as shown below:-
