Memorandum No. 636, Educational, dated 4th November 1905.

The school referred to in the Director's letter is called a "European" school. The Director is requested to report to what classes the pupils in this school belong.

It is presumed that the school is under Government inspection and that the due quantum of secular instruction is given in it.

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, Madras.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 17th November 1905.
No.—Ref. on Cur. No. 6935.

With reference to Memorandum No. 636, dated 4th November 1905, I have the honour to say that there are 89 Europeans and Eurasians and two Parsees on the rolls of the school.

2. The parents or guardians are officials in the case of 43, artisans in the case of 41, and " others " in the case of the remaining 7. Eighty-two belong to the middle class (income Rs. 200—500 a year) and 9 to the poorer class (income below 200 a year).

3. The school was opened last year; it is under inspection; the secular instruction extends over four hours daily; the teaching is reported to be more intelligent than in some other European schools and the tone and discipline to be excellent. The Inspector says that the school was evidently needed in the locality. The grant is within my power of sanction but I submitted the matter to Government as the building is a Government building.

Order—No. 792, Educational, dated 4th December 1905.

The Governor in Council is pleased to sanction as a special case a grant of Rs. 704 towards the cost of the additions to the building occupied by St. Mark's European School, Rayapuram. The payment will be met from the allotment for building grants under 22. EDUCATION, but it will be made on the distinct understanding that the conditions laid down in G.Os., No. 3436 W., dated 13th December 1901, and No. 757 W., dated 4th April 1905, apply and that the additions to the building will be the property of Government. Consequently should Government at any time resume the original building under the terms of the first of these orders, all structural additions to the building will pass with the building to Government and no claim for compensation on account of expenditure incurred by the School Committee or other persons will be admissible.

2. The Director should communicate the above terms to the Manager of the school and to the Right Reverend the Lord Bishop and obtain their acceptance of them before taking any further action.

NOTES CONNECTED WITH G.O., No. 792, EDUCATIONAL, DATED 4TH DECEMBER 1905.

[SUBJECT.—*Aid towards the cost of certain additions to the building occupied by St. Mark's European School, Rayapuram.*]

From the Director of Public Instruction, dated 14*th September* 1905, *No.* 6935.

This is an application from the manager of St. Mark's European School for a building grant. The school is now located in one of the buildings in the old workhouse at Rayapuram, which were lent * on certain conditions to the Right Reverend the Lord Bishop of Madras for the use of the parish of North Black Town.

* G.O., No 3436 W., dated 13th December 1901, and G.O., No. 2356 W., dated 29th August 1902.

2. In December 1904, the Consulting Architect to Government forwarded for disposal an estimate amounting to Rs. 2,114 for certain additions to and alterations in, one of the out-houses of the building. This estimate was prepared at the request of the Chaplain of North Black Town for the purpose of providing greater accommodation for St. Mark's European School, Rayapuram. But the Government regretted their inability to incur the proposed expenditure from Provincial funds and returned the estimate to the Consulting Architect. They further observed that if it was still desired that the additions and alterations should be carried out by the Public Works Department from *privats funds*, the Consulting Architect should treat the work as a " contribution work " subject to the rules in the Public Works Department Code—*vide* G.O., No. 453 W., dated 1st March 1905. It was also made clear to the Lord Bishop that should Government claim the buildings hereafter under the conditions of the original grant (G.O., No. 3436 W., dated 13th December 1901), no compensation would be paid for any additions that might have been made to the buildings in the meanwhile under the permission accorded in G.O., No. 453 W., dated 1st March 1905 (*vide* G.O., No. 757 W., dated 4th April 1905).

3. The Director of Public Instruction now submits for the orders of Government an application for aid towards the cost of certain additions to the building. The amount of the grant sought for is Rs. 704. It is, however, submitted that no plans or estimates have been forwarded to indicate the nature of the additions or alterations proposed and whether they are of the approved type. The Director of Public Instruction also does not make any recommendation. Orders are solicited.

N.L.R.—26-9-05.

Under rule 124 of the Grant-in-Aid Code the grant can be sanctioned by the Director of Public Instruction, and if and when he sanctions it he will have the plans and estimate before him. The object of his present letter is to ascertain whether in view of G.Os. No. 453 W., dated 1st March 1905, and No. 757 W., dated 4th April 1905, he will be justified in sanctioning the grant of Rs. 704 applied for. If the original buildings are resumed by Government the additions will go with them and no compensation will be payable. The Lord Bishop apparently agrees to this condition.

2. So far as the payment of the grant is concerned there appears to be no objection. The Bishop will have no title to the property but it remains Government property.

The Ecclesiastical Department may be asked whether it agrees.

P. T. THARYAN—27-9-05.

The school is called a European school. If it is a European school within the meaning of the Code for European schools, Government might have been asked under that Code for a half, or if it is a poor school, a two-thirds grant, whereas rule 118 of the Grant-in-Aid Code, under which this application has been made to the Director, allows only of a one-third grant.

2. Rule 110 does not appear, strictly speaking, to be applicable. The building is a Government building and the proposed additions will, I presume, be the property of Government. In these circumstances the Director of Public Instruction had no right to sanction the grant himself and has, properly, submitted the application to Government.

3. If the school committee are allowed to make additions to this Government building partly at their own expense, will it not give them a moral claim, in spite of any condition that Government may lay down, to keep their school on in it permanently? If so, is not the first question for consideration: Will Government ever want the building again?

Public Works Department may perhaps be asked to say.

A. Galletti—27-9-05.

I do not think that the original conditions under which the building was temporarily handed over to the Lord Bishop should be varied. This appears to be an attempt, by a side issue, to gain what has already been refused direct.

The mere execution of repairs by the Chaplain, North Black Town, would not give him any claim to permanent occupancy in the light of the orders issued.

2. But under rule 120 (ii) it seems that no grant can be paid. The Lord Bishop can possess no title-deeds to the property, and to allow a grant on repairs or extensions would amount to an admission that he has such title—which Government have already declined to admit.

3. The application may be refused.

H. D. Taylor—28-9-05.

H. D. Taylor—30-9-05.

No grant can be made under the Code perhaps. But just consider whether assistance can be given apart from Code rules. The object is laudable and in assistance of education, and under the orders already issued expenditure by the Bishop confers no claims upon him.

J. T[homson]—1-10-05.

Please note precedent, if any, for grants outside the Code rules.

H. D. Taylor—2-10-05.

For precedents please see—

(1) G.O., No. 101, Educational, dated 30th March 1874.—A grant of Rs. 1,200 is annually paid to the Civil Orphan Asylums under this order. The grant is outside the Code.

(2) G.O., No. 97, Educational, dated 19th February 1897.—Sanctioning a grant of Rs. 25,000 in aid of the Kumbakonam hostel. The amount being in excess of one-third of the cost of the hostel, the grant is outside the Code.

(3) G.Os., No. 721, Educational, dated 18th November 1898; No. 110, Financial, dated 5th February 1900; No. 398, Educational, dated 11th July 1902; and No. 455, Financial, dated 18th July 1903—Sanctioning grants aggregating Rs. 1,80,000 for the Victoria Students hostel. This also being in excess of a third of the cost is outside the Code.

Please see also paragraph 2 of the notes on page 1 of the notes in G.O., No. 210, Financial, dated 15th March 1904.

P. T. Tharyan—5-10-05.

A. Galletti—6-10-05.

The Director makes the reference under the Grant-in-Aid Code. If a grant is to be made outside the rules, Financial will have to provide, and should be consulted.

Financial Department.

Submitted that the sum of Rs. 704 which is one-third of the estimated cost (Rs. 2,114) of the proposed additions to St. Mark's European School, Ráyapuram, located in the old workhouse building at Ráyapuram belonging to Government and lent to the Right Reverend the Bishop of Madras, can be found from the reserve with "Financial". The grant which is to be sanctioned apart from the rules in the Educational Grant-in-Aid Code is of the nature of donations for charitable purposes.

To be debited in the accounts under 32-A. Miscellaneous—Donations for Charitable Purposes—Charitable Institutions. (Page 197, C.B.E.)

V.G.K.—25-10-05.

Submitted that there are not sufficient grounds for a grant apart from the rules under the Educational Grant-in-Aid Code. Please see the notes on page 11 of G.O., No. 453 W., dated 1st March 1905. The position does not appear to have altered so far as a grant from General Revenues is concerned.

C. M. Schmidt—25-10-05.

The object—a poor school for Europeans and Eurasians—is a good one, and I should be inclined to make a special grant. We have money, and it will be improving Government property. But it is for the Honourable Members to say if a grant can be made. It would be a charitable grant of course.

I presume the school is under Government inspection? If so, I suppose the Educational authorities see to it that the due quantum of secular instruction is given; and that it is not merely a religious institution?

It is called a "European" school: ask to what classes the pupils belong.

The Director reports that there are 89 Europeans and Eurasians and two Parsees on the rolls of the school and that it is under Government inspection. If it is under Government inspection, the grant would be, I understand, ordinarily admissible, but that the building is a Government building.

2. I think we may sanction the grant of Rs. 704 as a special case from the building allotment, with the distinct understanding that the expenditure will not in any degree vary the conditions (Government Orders dated 1st March 1905 and 4th April 1905) on which the building is temporarily occupied; that all structural additions will pass back to Government, on resumption, without any claim to compensation, etc.
