No. 1009

Station Madras , Dated the 28 October 1905.

From (Name) Edgar Thurston Esqr.

(Designation) Superintendent, Govt. Museum.

To The Secretary to the Government of Madras,
Educational Department.

Sir,

I have the honour to forward herewith copy of a letter received from Mr. Narayanaswami Iyer, asking for permission to have impressions taken of certain copper grants, which are deposited in the Museum. A large number of these grants still remain to be deciphered, and I am personally in favour of the permission asked for being accorded, and of impressions being

taken for the purpose, free of charge, at the Government Press. But I have thought it well to refer the matter to Government for decision.

I have the honour to be,
Sir,
Your most obedient Servant,

Edgar Thurston

Superintendent,

To,

Edgar Thurston Esqre.,
Superintendent,
Govt. Central Museum,
Madras.

Sir,

I am informed that there are a number of copper plate grants, published and unpublished, in the Museum; and I shall feel highly thankful if you will be so good as to permit me to study them in the Museum and also to take impressions of them. I shall, if the Editor of the Epigraphia Indica allows, publish those yet unpublished in that Journal, and if he does not I shall do so elsewhere. I am aware of the rule of which you informed in person, that the rules do not allow of the plates being taken out of the Museum; and I would therefore suggest that the plates may be sent by you to the Government Press for taking impressions, it being impossible for me to take with me a copying apparatus to the Museum. The method I suggest would avoid the necessity of lending the plates out of Government custody and would not violate the rule you mentioned to me. Of course I shall bear whatever the Govt. Press may charge for taking the impressions. I have the honour to request you to be good enough to favour me with an early reply.

I have the honour to remain,
Sir,
Your most obedient Servant,
(Sd) M. Narayanasami Iyer

I have written to Mr. Thurston as to the number of plates and style of impression were not stated. The presses here are not adapted for this work, and Mr Thurston states that he can take impressions that will answer the purpose in his little press. The cost should not be more than 2 annas each
