*From (Name)* The Hon'ble Mr. A.G. Bourne, D.Sc., F.R.S.

*(Designation)* Director of Public Instruction

*To The Secretary to the Government of Madras,*
*Educational Department.*

*Sir,*

The building for the Government Girls' School, Madura stands in need of extension as it does not afford sufficient accommodation for the present strength. The school also lacks a play ground. Further, the District Medical and Sanitary Officer Madura considers the proximity of the latrine to the main building objectionable and proposes that it be constructed at a distance from it. As none of these improvements can be carried out on the present site it becomes necessary to acquire additional land. There is at the back of the school a piece of vacant municipal land which will, as may be seen from the accompanying tracing, serve the purpose well. The Municipal Council however declines to transfer it to this department though application for it has been made twice, once by the Inspectress and again by me and though the necessity for it has been clearly explained -please see copies of my letter Ref on Cur No. 242/04 dated 7th April 1904 and of the Council's resolution No. 202 dated 30th April 1904. If this land is to be added to the school the only course left open is to acquire it compulsorily under the Land Acquisition Act. The cost of acquisition is estimated by the Collector of Madura at Rs 1919-9-6 exclusive of the 15 per cent allowance. I have the honour therefore to request that you will be so good as to obtain orders as to whether Government in the circumstances set forth above is disposed to order the acquisition of the site in the manner proposed.

2. A report on the contemplated extensions and improvements will be submitted on receipt of orders of Government on this recommendation.

I have the honour to be,

Sir,

Your most obedient servant,

Referring to your letter No. 2071 dated 28th July 03 to the Inspectress of Girls' Schools, Southern Circle, I have the honour to request that you will be so good as to move the Municipal Council to re-consider their resolution No. 285 dated 20th July 1903 regarding the transfer for use of the Government Girls' School, Madura of the vacant Municipal land lying behind it.

2. The District Medical and Sanitary Officer, Madura states that the proximity of the latrine to the main building is objectionable and proposes that it be constructed at a distance from the school in the vacant Municipal land behind if the latter could be obtained. Further the building does not afford sufficient accommodation for the present strength and any extension on the site already occupied is not possible. It is also very necessary that the school should be provided with a suitable play ground which it lacks at present. It is in consideration of these circumstances that I ask for a reconsideration of the resolut-ion.

3. If the Council think it necessary I shall advise Government to sanction such compensation for the land as the Collector of the District may recommend.

2. The Municipal Council of Madura may be asked in the Local & Municipal Department as to what use the land now sought for by the D.P.I. for the Govt. Girls' School, Madura, is now put or is likely to be put and whether it can not reconsider its decision as regards the of transfer of the land to the Educational Department. If ~~and~~ the Municipal Council persists, the question of compulsory acquisition ~~of land under the Land Acquisition Act, 1894,~~ ~~it will have to be authorized.~~ may be considered. Information may also be called for regarding the Council's title to the land - i.e. whether the land was a gift from Govt. & if so on what terms or whether it was purchased or acquired. If it is Govt. land made over to the Council for temporary use there is no reason why Govt. should now acquire it under the Act.

The land mentioned by the Director forms part of the old jail buildings, which were sold to the municipal Council for Rs 13,000, for the construction of a municipal market — Vide paragraphs 2, 5 & 9 of the Dt. Magistrate's letter on pages 1 & 2 of G.O. No. 1155 Judicial, dated 8th May 1884 and G.O. No. 1668 W, dated 20th June 1900. The Council's title to the land is therefore known; but it does not appear that the Council has yet constructed a market on this land, and the ~~proposed~~ reference to the Council ~~as~~ proposed at A on the previous page may be made.

The chairman states that the ^site of the^ old jail buildings, a portion of which is now applied for by the Director of Public Instruction, is to be utilized for the proposed General Market of the town, the estimates for which ~~are~~ now under revision by the Sanitary Engineer. The Divisional Officer (V. Srinivasachariar) states that under the circumstances, it will be advisable

to remove the girls' school to another locality where sufficient accommodation will be available.

2 The site for the market has been approved by the Sanitary Commissioner and the Sanitary Board. It is not now known what portion of the land will be ~~[illegible]~~ actually required for the market. The ground plan ~~wd~~ which will make this point clear is now with the Sanitary Engineer. May he be asked to forward it for perusal & return

From the plan of the market, the whole will be surrounded by a high compound wall and presumably nothing outside the wall will be later upon utilised by the Council. It seems perfectly clear from the Council's resolution that the site asked for by D.P.I. will fall within the area reserved for market purposes. In the circs. the D.P.I. may be informed that the Council cannot grant the land, and that, as it is required for an important Municipal purpose the Govt. cannot consent to its acquisition for the Department
