Technical Scholarship.

Communicating to the Director of Public Instruction a copy of the rules framed by the Secretary of State for Indian Government Technical scholars in England.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

Letter—from W. S. MARRIS, Esq., Deputy Secretary to the Government of India,
Home Department (Education).
To—the Secretary to the Government of Madras, Educational Department.
Dated—Calcutta, the 30th December 1905.
No.—816.

I am directed to forward, for the information of the Governor in Council, a copy of the rules which have been framed by the Secretary of State for Indian Government Technical scholars in England, together with an extract* from a despatch from the Secretary of State, regarding certain additional conditions which it is proposed to embody in the rules.

* Paragraph 5 of Secretary of State's despatch,
No. 138 (Public), dated the 20th October
1905.

ENCLOSURES.

Rules for Indian Government Technical Scholars in England.

1. Every scholar shall, on reaching England, at once present himself to the Secretary, Judicial and Public Department, at the India Office, and report his arrival in writing.
2. Every scholar shall, without any unnecessary delay, inform the Secretary of State to which University or College he is about to proceed, and shall at once take steps to enter himself thereat.
3. Every scholar shall, within four weeks of reaching England, submit for the approval of the Secretary of State a statement showing the general course of study he proposes to follow; and the course approved shall not be changed without the sanction of the Secretary of State.
4. Every scholar shall, at the end of each term of residence at a University or College, submit to the Secretary of State a certificate from the proper University or College authority, showing that his residence, conduct, and progress in study have been satisfactory during the term.
5. Every scholar shall at all times obey such instructions as he may receive from the Secretary of State.
6. Subject to a due compliance with the above conditions, the allowance, at the rate of 150*l.* a year for two years, or three years, if so determined, will be paid quarterly, in advance, by the India Office, commencing from the date of the scholar's reporting his arrival in England; but this allowance shall be reduced by the amount of any other sum which may become payable to him out of the revenues of India in respect of residence at a University or College during the same period or any part of it, but not in respect of University or College fees, the cost of which will be separately defrayed by the Secretary of State.

The necessary travelling expenses of scholars, by second class, or by third class if no second class be available, will also be separately defrayed by the Secretary of State; these should be claimed on forms obtainable from the Accountant-General, India Office, S.W.

Charges for hotel bills are not defrayed.

7. Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete the required term of residence in England according to the terms and conditions approved by the Secretary of State under rule 3, or who is guilty of misconduct or disregard of the orders of the Secretary of State. If a scholarship be forfeited, the scholar will lose his claim to a free return passage to India, and will further become liable to refund the cost of his free passage to England.

8. The scholars will be under the special supervision and charge of the Political Aide-de-Camp to the Secretary of State, through whom the necessary orders will be given, and to whom all reports and other communications respecting them should be sent.

INDIA OFFICE,
9th November 1904.

5. With your concurrence, I propose also to embody the substance of Mr. Heaton's recommendations in the "Rules for Indian Government Technical Scholars in England," a copy of which is sent to every scholar on his arrival. The new paragraphs would be as follows:—

"(a) Every scholar must give a written undertaking that he will devote himself exclusively, during the tenure of his scholarship, to the study of the subject for which his scholarship was granted, and that he will return to India on its termination, and there continue to devote himself to the industry which he has studied. Any scholar who neglects his studies, or tries to work for any other profession concurrently, will render himself liable to forfeiture of his scholarship.

"(b) Every scholar will be required to keep a concise daily diary, to be certified by the authority under whom he is working, and to be submitted through that authority to the Secretary of State for transmission to India. He must also submit, in the same way, from time to time, full notes of the work on which he is employed.

"(c) Scholars will be expected to continue their studies during the summer vacations of the institutions where they are working, with the exception of three weeks in each year. Vacation study should, when possible, take the form of practical work."

Order—No. 32, Educational, dated 18th January 1906.

A copy of the rules which have been framed by the Secretary of State for Indian Government Technical scholars in England will be communicated to the Director of Public Instruction for information.

2. The rules will be published in the *Fort St. George Gazette*.
