G.O., No. 435, Educational, dated 23rd June 1905.

Abstract.—Approving finally the draft scheme vesting the property belonging to His Royal Highness the Prince of Wales' Medical School, Tanjore, in the Treasurer of Charitable Endowments and requesting the Director of Public Instruction to submit proposals for the maintenance of the school on its new basis.

Letter—from the Hon'ble Mr. A. G. Bourne, D.Sc., F.R.S., Director of Public Instruction, Madras.
To—the Secretary to Government, Educational Department (through the Accountant-General).
Dated—the 7th October 1905.
No.—Ref. on Cur. No. 6283.

Referring to G.O., No. 435, Educational, dated 23rd June 1905, I have the honour to submit for the early sanction of Government a proposition statement in duplicate for the working of the Tanjore Medical School as a Government institution with effect from the 1st July last. As Superintendent and First Instructor of the school, the District Medical and Sanitary Officer and his assistant will continue to receive a teaching allowance of Rs. 150 and Rs. 100 respectively. The second, third and fourth instructors who are in receipt of their grade pay for their medical duties at the Raja Mirasidar Hospital, Tanjore, received a teaching allowance of Rs. 75, Rs. 50 and Rs. 75, respectively, when the school was under the District Board, but the Surgeon-General proposes in the enclosed extract from his letter No. 4785, dated 12th September 1905, that the allowance may now be the same for each, viz., Rs. 50. The menial establishment already in the school is also proposed to be continued.

2. There are now 5 first year, 8 second year and 3 third year students in the school. The District Board had been paying a stipend of Rs. 7 for the first year pupils and Rs. 9 for those of the succeeding years. The first year pupils however who will be required to sign agreements binding themselves to serve Government like the pupils of the Rayapuram and Vizagapatam schools should receive a stipend of Rs. 9 as civil medical pupils in Government schools are to be paid a uniform stipend of Rs. 9 per mensem during their entire course; and I am informing the Superintendent accordingly. As regards the second and third year pupils the Surgeon-General considers that the following course should be adopted :—

> "The pupils should be given the option of either becoming Government stipendiary students by the execution of fresh bonds in the prescribed form or continuing as District Board students under the terms of the existing agreements. Those that choose the latter alternative should be paid their stipends at the present rate from Provincial funds till the end of the course. In default of such pupils taking service under the District Board the amount that will be refunded by them should be divided between the Government and the District Board in due proportion."

I beg to enquire whether this proposal has the approval of Government.

3. In the Rayapuram Medical School the books required for civil medical pupils are obtained from Messrs. Baker & Co., London, on indents submitted through the Financial Department. But in the case of the Tanjore Medical School the further delay that will occur if this course is adopted will cause great hardship to the pupils who have not as yet been supplied with the books required for the current session. I have therefore in anticipation of the approval of Government authorized the Superintendent to arrange for the local purchase of the necessary books as a special case this year.

2. Of the three junior instructors at the Tanjore School, two (Messrs. Watson and Arumukam Pillai) are Civil Assistant Surgeons of the third grade and one (Mr. Mullens) a Civil Apothecary—all drawing a grade pay of Rs. 100 per mensem. Each of them should be granted a uniform teaching allowance of Rs. 50 per month and the first two a further monthly allowance of Rs. 30 each for their hospital duties. These proposals will only entail an extra expenditure of Rs. 10 per mensem as particularized below :—

Dated—the 2nd November 1905.
No.—T. 156.-Taj. 8945.

In forwarding the proposition statement received with Ref. No. 6283, dated 7th October 1905, from the Director of Public Instruction, Madras, I have the honour to state that there is no audit objection to the proposal being sanctioned by Government. But the addition of the teaching allowances to the pay of the officers referred to below, requires the sanction of the authorities noted against each.

Superintendent.	Secretary of State for India.
First Instructor, Second Instructor and the Third Instructor	Government of India.

Order—No. 39, Educational, dated 20th January 1906.

The teaching allowance of the second, third and fourth instructors has been fixed at Rs. 30 in each case in G.O., No. 749, Public, dated 2nd October 1905, and the continuance of these allowances as well as of the allowance of Rs. 100 to the first instructor has recently been sanctioned by the Government of India. That Government will now be addressed on the subject of the continuance of the allowance of Rs. 150 drawn by the District Medical and Sanitary Officer, Tanjore, and Superintendent of the school. These five allowances will be removed from the proposition statement and the statement as thus altered will be sanctioned with effect from the 1st of July 1905.

2. This sanction has been registered as No. 106 of 1905-1906.

3. The Government approve of the Director's proposal in paragraph 2 of his letter as well as of his action in authorizing the Superintendent of the school to arrange for the local purchase of the books required by the pupils during the current year.

Letter—from H. D. TAYLOR, Esq., I.C.S., Acting Secretary to the Government of Madras, Educational Department.
To—the Secretary to the Government of India, Home Department.
Dated—Fort St. George, the 20th January 1906.
No.—40, Educational.

I am directed to address the Government of India on the subject of the grant of a teaching allowance of Rs. 150 per mensem to the District Medical and Sanitary Officer, Tanjore, for discharging the duties of the Superintendent of His Royal Highness the Prince of Wales' Medical school at Tanjore.

2. This school was under the management of the District Board of Tanjore up to the 30th of June 1905 when, under a scheme settled under section 5 of the Charitable Endowments Act, 1890, its administration was transferred to the Director of Public Instruction. While the school was under the control of the District Board, it was reorganized in 1903, and the teaching allowance of the Superintendent, who is also the District Medical and Sanitary Officer, was fixed at Rs. 150 per mensem. I am to express regret that owing to an oversight the sanction of the Secretary of State which under Financial Department letter No. 7542-Ex., dated 2nd December 1904, appears to be necessary for the payment of this recurring allowance, was not at the time obtained. I am accordingly directed to request that this sanction may now be obtained to the payment from Local Funds to the District Medical and Sanitary Officer, Tanjore, of the allowance under section 95 (iii) of the Madras Local Boards Act, 1884, from the 1st of October 1903 to the 30th June 1905, and to its continuance from Provincial Funds from the 1st of July 1905.

3. I am directed to add that under the sanction conveyed in the Secretary of State's despatch No. 84, Public, dated 31st July 1903, a similar allowance is paid to the District Medical and Sanitary Officer, Vizagapatam, for the charge of the Medical school at Vizagapatam, and that the continuance of allowances drawn by the 1st, 2nd, 3rd and 4th instructors of the Tanjore school has been sanctioned in Home Department (Medical), letter No. 1241, dated 21st November 1905.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., Nos. 39, 40, EDUCATIONAL, DATED 20TH JANUARY 1906.

[SUBJECT.—*Teaching allowance to the Superintendent, Medical School, Tanjore.*]

Telephone from the Accountant-General, to the Secretary to Government, Educational Department, dated 23rd October 1905.

Please refer to G.O., No. 435, Educational, dated 23rd June 1905. Please state whether the sanction of the Secretary of State was obtained for the teaching allowance of Rs. 150 per mensem drawn by the District Medical and Sanitary Officer, Tanjore, as Superintendent of His Royal Highness the Prince of Wales' Medical school, Tanjore.

The Accountant-General desires to know whether the sanction of the Secretary of State was obtained for the teaching allowance of Rs. 150 per mensem to the District Medical and Sanitary officer, Tanjore, as Superintendent of the Prince of Wales' Medical school, Tanjore. In their order No. 1441 L., dated 16th November 1903, Government sanctioned the payment of this allowance, but the orders of the Secretary of State required under note 1 to article 72 (*b*) read with article 70 of the Civil Service Regulations do not appear to have been obtained. To make this sure, however, the Local and Municipal Department may be asked.

2. The school has now been taken over by Government and in G.O., No. 435, Educational, dated 23rd June 1905, the Director of Public Instruction has been asked to submit proposals for working the school on its new basis. The proposals have not yet been received.

LOCAL AND MUNICIPAL DEPARTMENT.

In paragraph 2 of G.O., No. 320, Educational, dated 10th June 1901, the District Board of Tanjore was requested to reorganize the Medical school at Tanjore and in paragraph 3, the allowance to be paid to the Superintendent was fixed at Rs. 150.

2. In their order No. 1441 L., dated 16th November 1903, the Government in sanctioning the reorganization of the Medical school, approved the grant of the allowance of Rs. 150 to the Superintendent, which was in accordance with G.O., No. 320, Educational, dated 10th June 1901, quoted in paragraph 1 above.

3. The sanction of the Secretary of State was not obtained in this department for the grant of the allowance.

4. Under article 72 of the Civil Service Regulations the sanction of the Secretary of State is required for payment of an honorarium to an officer from general revenues or from Local funds administered by Government. But it will be seen from letter, No. 14, dated 13th May 1901, of the Government of India in which they held that the sanction of the Secretary of State was not required to the increases of salaries sanctioned by this Government for certain Local Fund Engineers—that Local funds in this Presidency are not regarded as administrated by Government. It is therefore submitted that the sanction of the Secretary of State was not necessary to the allowance of Rs. 150 drawn from the funds of the Tanjore District Board by the District Medical and Sanitary Officer, Tanjore, as Superintendent of the Medical school.

In G.O., No. 959 L., dated 11th June 1901.

But that was a case of a Local Fund servant and its applicability to Government servant is very far from apparent.

With reference to paragraph 4 of Local and Municipal office-note, dated 30th October 1905, attention is solicited to Finance Department letter No. 7542-Ex., dated the 2nd December 1904 (G.O., No. 808, Financial, dated 17th December 1904), in which the Government of India have ruled that a recurring payment to a public servant, *even from private sources*, requires the sanction of that Government, if the salary of the recipient exceeds Rs. 250 per mensem or would be raised by the payment in question above that figure. The sanction of the Government of India (Secretary of State), which was not obtained before, should, it is submitted, be now applied for.

For precedent please see G.Os., No. 382-83, Educational, dated 15th August 1903, and No. 34, Educational, dated 18th January 1904.

From the Director of Public Instruction, No. 6283, *dated 7th October* 1905.

The Director of Public Instruction now submits his proposals called for in G.O., No. 435, Educational, dated 23rd June 1905, for the working of the Tanjore Medical school on its new basis. It is proposed to continue the teaching allowances of Rs. 150 and Rs. 100 previously drawn by the Superintendent and the 1st instructor, respectively, and to pay a uniform allowance of Rs. 50 to the 2nd, 3rd and 4th instructors, instead of the varying allowance of Rs. 75, Rs. 50 and Rs. 75, respectively, when the school was under the District Board. In G.O., No. 749, Public, dated 2nd October 1905, however, the teaching allowance to the 2nd, 3rd and 4th instructors has been fixed at Rs. 30 each per mensem with the usual charge allowance of Rs. 30 for medical duties in the hospital. The proposition statement may therefore be altered in this respect. The menial establishment already in the school is proposed to be continued. The Accountant-General points out that the addition of the teaching allowance to the pay of the District Medical and Sanitary Officer as Superintendent of the institution requires the sanction of the Secretary of State and that the addition to the pay of the 1st, 2nd and 3rd instructors requires the sanction of the Government of India. But in letter No. 750, Public, dated 2nd October 1905, formal sanction has already been applied for for the continuance of an allowance of Rs. 100 to the 1st instructor and of Rs. 30 each to the 2nd, 3rd and 4th instructors of the school. The 4th instructor is now a civil apothecary, but he should be replaced by a Civil Assistant Surgeon—paragraph 2 of G.O., No. 749, Public, dated 2nd October 1905. The Government of India may now be addressed regarding the allowance of Rs. 150 to the Superintendent.

G.O., No. 1441 L., dated 16th November 1903.

Paragraphs 2 (5) and 3 of the letter.

A | 2. There are on the whole 16 students in the school—5 first-year, 8 second-year and 3 third-year students. The first-year students will be required to sign agreements binding themselves to serve Government, their stipends being raised to Rs. 9 *per mensem* from Rs. 7. As regards the second and third year pupils the Surgeon-General suggests that they may be given the option of either becoming Government stipendiary students by the execution of fresh agreements or of continuing as District Board students under existing agreements, the stipends in the latter case also being paid by Government. The Director enquires whether these proposals have the approval of Government. Submitted for orders.

3. As regards books required for the pupils, to avoid delay the Director has authorised the Superintendent of the school to arrange for their local purchase so far as regards the current year. His action may, in the circumstances explained in paragraph 3 of his letter, be approved. Orders are solicited.

R.N.—10-11-05.

The Public Department fixes the number of Government pupils to be recruited every year. The conversion A | of the present first year or of the first, second and third year pupils into Government pupils will raise the sanctioned number of pupils for the years concerned and will thus require the approval of that department. The file may therefore go to that department in the first instance. That department has also to approve formally the grant of an allowance of Rs. 150 to the District Medical and Sanitary officer as Superintendent of the school.

Please see G.O., No. 227, Public, dated 28th March 1905, for instance.

2. The approval of the Financial Department will be necessary before the remaining items in the proposition statement are sanctioned. The school has been taken over by Government from the 1st of July 1905. The sanction in all these cases should therefore have retrospective effect from that date. The Director will also have to submit a reappropriation statement for meeting the expenditure in the current year.

P. T. Tharyan—11-11-05.

A. Galletti—13-11-05.

To the Public Department.

PUBLIC DEPARTMENT.

The Surgeon-General may be asked (u.o.) for remarks with reference to portion marked "**A**" on page 3.

N.K.—22-11-05.

It does not seem necessary to consult the Surgeon-General. The proposal to convert the present pupils into Government pupils may be accepted; *cf.* paragraph 2 of the Director's letter. The Surgeon-General's proposals may be accepted.

2. The proposal to grant the District Medical and Sanitary officer, Tanjore, an allowance of Rs. 150 may be accepted; for the charge of the Ráyapuram and Vizagapatam schools allowances of Rs. 200 and Rs. 150 per mensem were sanctioned (G.O., No. 34, Educational, dated 18th January 1904). In paragraph 3 of letter No. 375, Public, dated 23rd May 1905, to the Government of India, it was stated that the Surgeon, First District, now draws a local allowance of Rs. 200 a month as Superintendent of the Medical school, Ráyapuram, and that this allowance should remain unaffected by the revised scale of pay.

A. Y. G. CAMPBELL—23-11-05.

Yes; in Public we may accept the proposals.

M. HAMMICK—1-12-05.

To the Financial Department.

FINANCIAL DEPARTMENT.

Director of Public Instruction's letter No. 6283, dated 7th October 1905, and proposition statement.

In connection with the Tanjore Medical school which is maintained as a Government institution from the 1st April 1905, the present proposal concerns the following charges:—

	RS.
(*a*) Superintendent (teaching allowance)	150
(*b*) First Instructor (do.)	100
(*c*) Second do. (do.)	30
(*d*) Third do. (do.)	30
(*e*) Fourth do. (do.)	30
(*f*) One attender	7
(*g*) One anatomical attendant	10
(*h*) One peon	7

2. With reference to item (*a*), it has been decided that the Government of India should be asked to obtain the sanction of the Secretary of State. In regard to items (*b*), (*c*), (*d*) and (*e*), the Government of India have been asked in our letter No. 750, Public, dated 2nd October 1905, to communicate their *formal* sanction to the continuance of these teaching allowances to the medical subordinates.

Chief Secretary's note, dated 4th November 1905, on page 2 *supra.*

Paragraph 2 (5) and paragraph 3 on pages 7 and 8 of letter No. 750, Public, dated 2nd October 1905.

The remaining items (*f*), (*g*) and (*h*) may, it is submitted, be sanctioned by this Government with effect from the 1st July 1905.

3. In the Civil Budget Estimate for 1905–1906, a lump provision of Rs. 6,834 for the whole year was entered under the head 24-E. MEDICAL—MEDICAL SCHOOL AND COLLEGE for the Tanjore Medical school, but a sum of Rs. 2,300 representing four months' charges has since been resumed from this provision as the school was taken over by Government only on the 1st July 1905. There is thus provision in the budget to meet the expenditure during the current year.

V.G.K.—5-12-05.

This department need not object but in applying for sanction to the Superintendent's allowance of Rs. 150, retrospective sanction should be asked for. The Secretary of State's sanction should not be anticipated, but as the District Medical and Sanitary Officer has drawn the allowance of Rs. 150 for some time past without its being challenged, the Accountant-General will probably not object to continuing it pending the receipt of the Secretary of State's confirmation of the arrangement. If it is intended that the District Medical and Sanitary Officer should continue to draw the allowance, it would be better to tell India that this has been so.

It does not appear from the notes to G.O., No. 1441 L., dated 16th November 1903, that it was owing to any misunderstanding of India letter No. 14, dated 13th May 1901, that sanction was not applied for. Besides that letter had, as far as I can see, nothing to do with the case: in it India were talking about Local Fund servants, not Government servants. Would it not be better simply to say that, owing to an oversight, sanction was not asked for in 1903 when it should have been asked for?

That case is absolutely different.

To the Secretary to the Govt. of India,
Home Deptt.

Sir,

I am directed to address the Government of India on the subject of the grant and continuance of a teaching allowance of Rs. 150 per mensem to the Dt. Medical and Sanitary Officer, Tanjore, for doing the duties of the Superintendent of His Royal Highness the Prince of Wales' Medical School at Tanjore.

2. This School was under the managem

of the District Board of Tanjore up to the 30th of June 1905, when under a scheme settled under Section 5 of the Charitable Endowments Act, 1890, its administration was transferred to the Director of Public Instruction for the time being of the Madras Presidency. While it was under the control of the District Board the School was reorganized in 1903 and the teaching allowance of the Superintendent was fixed at Rs. 150 per mensem. As it was then thought that the ruling in the Home Department (Local Boards) letter no. 14 dated 13th May 1901, applied in this case, ~~the~~ sanction of ~~the Secretary of State~~ superior authority was ~~not sought~~ for the payment of the allowance. It ~~now appears~~ is understood, however, ~~that under~~ from ~~Finance Department's letter no. 7542 E.F.~~ dated 2nd December 1904 ~~such~~ ~~that the~~ already ~~sanction~~ of ~~the Sec. of State~~ to be necessary ~~was not~~ for ~~was necessary~~. I am accordingly directed to request that the sanction ~~of the Secretary of State~~ may be obtained to the payment to the Dt. M. & S. O. Tanjore of the allowance ~~(limited)~~ under sec 95 (iii)(a) from Local Funds ~~(under Act V of 1884)~~ the Madras Local Boards Act, from the 1st of October 1903 to the 30th of June 1905 and to its continuance from Provincial Funds from the 1st of July 1905.

3. I am directed to add that under the sanction conveyed in the Secretary of
