EDUCATIONAL DEPARTMENT.

READ—the following papers:—

I

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 3rd October 1905.

No.—Ref. on Cur. No. 3319 of 1904.

Under Rule 118 of the Grant-in-Aid Code I have the honour to submit, for the orders of Government, the enclosed plan and estimate for certain additions and improvements to the building occupied by the Sacred Heart School, Tellicherry.

2. The school was first located in a rented house adjoining the present building. The strength rapidly increased and the accommodation was found insufficient. The present building was then rented and was subsequently purchased for Rs. 15,100 and the Government in their order No. 584, Educational, dated 22nd September 1902, were pleased to sanction a grant of Rs. 2,630 which was a third of the total cost of the portion of the building used for educational purposes. Since 1902 there has been a further growth in the strength of the institution in consequence of which the accommodation now provided has also been found inadequate. With a view to provide better accommodation the manager proposes to carry out the additions and improvements specified below:—

- (1) Construction of a drill shed.
- (2) " of a dormitory.
- (3) " of a tiffin room.
- (4) " of four out-houses.
- (5) Strengthening the walls with iron rods.
- (6) Paving the rooms with Cuddapah slabs.
- (7) Opening of arches for the admission of light in the inner rooms.

The estimated cost of the above works amounts to Rs. 11,300 and a third grant thereon is sought for.

3. This is one of the well conducted institutions on the West Coast. It was established in April 1886 with 52 pupils on its rolls and the strength on the 31st March 1905, was 152.

4. The school was chiefly intended for the education of the girls belonging to the European, Eurasian and Native Christian communities, but it is now attended also by a large number of girls of the Non-Brahman Caste Hindus. Out of the 152 pupils on the 31st March last as many as 78 were Non-Brahman Caste Hindus.

5. The staff consists of ten teachers, all certificated, and a Malayalam Munshi. The Headmistress and the first assistant have also qualified themselves in Malayalam. The school has obtained a considerable measure of success in public examinations.

6. Including Rs. 1,760, the fixed grant which the institution receives, the total receipts during the last year amounted to Rs. 2,937-14-0 against a total expenditure of Rs. 4,175-2-0. The financial condition of the school is such as to warrant the aid now sought for being given from public funds.

7. Out of the allotment for building grant in the current year's budget estimate payment of Rs. 8,053 has been authorized up to date.

II

Note by the Chief Engineer, dated 21st November 1905.

The estimate for additions and improvements to the Sacred Heart school at Tellicherry, in the Malabar district, is recommended for sanction with the following remarks:—

- (1) Flooring tiles must be far cheaper than Cuddapah slabs at Tellicherry and should be used.
- (2) All external woodwork should be painted.
- (3) The following rates are in excess of those in the district schedule. A data list should be submitted in support of the enhanced rates.

	Rate in estimate.			Rate in schedule.		
	RS.	A.	P.	RS.	A.	P.
Laterite in chunam per 100 cubic feet	20	0	0	16	0	0

- (4) The following differences in rates should be explained:—

Erulwood Rs. 2 per cubic foot for ground floor and Rs. 1-14-0 for upper storey.

Flooring with 4" concrete plastered with $\frac{1}{8}$ " portland cement, Rs. 10 per 100 square feet for the latrine and Rs. 8 for the tiffin-shed.

- (5) All cement plaster should be not less than $\frac{1}{2}$ " thick.

- (6) The trussing of the sagged beams should be carried out as per sketch in the margin. The wooden tie beam at the bottom (as shown on the plan submitted) should be omitted and the ends of the sloping tie rods should be as near the ends of the beams to be supported as possible.

Tiffin-shed.

- (7) It is observed that neither arches nor stone lintels are allowed over the doors and ventilators. The latter are now provided.

- (8) The floor should be laid with tiles pointed with cement.

- (9) Two large windows, each 3' x 5', are now provided, one in each end wall.

Latrine.

- (10) For this design, No. 93 of the Sanitary Board should be adopted.

- (11) The following alterations have been made in the scantlings of the floor and roof timbers:—

NOTES CONNECTED WITH G.O., No. 41, EDUCATIONAL, DATED
22ND JANUARY 1906.

[SUBJECT.—*Building grant for the Sacred Heart School, Tellicherry.*]

From the Director of Public Instruction, dated 3rd October 1905, No. 3319.

The plans and estimate received with the Director of Public Instruction's letter read above may be forwarded un-officially to the Public Works Department for scrutiny before the question of grant is considered. That Department may also be requested to fix a period within which the work can be completed.

N.L.R.—11-10-05.

The estimate has not been signed by the manager or by the Director—nor even by the officer who prepared it; but the signatures may be obtained after it has been

EDUCATIONAL DEPARTMENT.

Attention is invited to the office-note of the 12th October 1905. Orders are solicited as to whether the estimate should be returned to the Director of Public Instruction for obtaining the signature of the manager of the institution, before the question of grant is decided. If the estimate is not to be returned, the amount of grant payable has to be considered. The amount of the estimate, as now modified by
A | the Public Works Department, comes to Rs. 10,360 and under rule 118 of the
| Grant-in-Aid Code the maximum grant admissible is Rs. 3,453.

A. GALLETTI—23-11-05.

We have nothing on record beyond the Director of Public Instruction's letter. The original letter of the manager is not in the file. The estimate may be returned for signature and resubmission at an early date. The grant cannot be paid this year, so the slight delay will not matter. We may allow till 31st December 1906 for the work. I doubt if much can be done on the West Coast during the south-west monsoon.

We have nothing on record beyond the D.P.D. letter. The original letter of the Manager is not in the file. The estimate may be returned for operation and submission at an early date. The fund cannot be paid this year, so the slight delay will not matter. We may allow till 31st Dec. only for the work. I doubt of much can be done on the West coast during the P.W. season.
