SUBJECT.

Grant towards the cost of Chemical Apparatus & Chemicals required by the Madras Christian College.

The draft placed below may issue?

2. The Director has not forwarded the original application & it is not clear how the amount of Rs 583 recommended by him has been arrived at. He simply says that it is a "half grant". Nor is it clear what the abbreviations "mk" & "pf" in the list of chemicals & apparatus stand for.

The bill has not been paid at least I presume it has not - The College authorities know well enough that he should declare the Grant forfeited if it had been (Rule 126. iv. of the Code).

It might be as well if the order in this and similar cases ran somewhat as follows:-

"The Govt. are pleased to sanction a grant not exceeding Rs. or one half of the ^{total} _{actual} cost of the articles, whichever may be less, provided that all the conditions prescribed in the Grant-in-aid Code have been duly complied with"

May I suggest in this connection that such a proviso as occurs in para. 2 of G.O. No. 685 of 24. Oct. 05 "On the above conditions being fulfilled the Grant will be paid" and is now generally added to orders on Grants - suggests a

The Secretary, however, in his margin notes does not
object to the order sanctioning building grants
in principle a date by which work should be completed
and statement of actual expenditure submitted -
so that the year in which payment will be made can
be definitely located.

Submitted to committee for consideration
in principle on the basis of fact to make prompt
payment in the month of the completion of the work.

SUBJECT.

Stock form of draft order sanctioning
building grants.

Sent to Pres. 13.3.06

The form placed below is submitted for
approval.

2. In the concluding portion of his note on page 4
of 8. no 62. 8. 2. of 3rd February 1906 the Director
takes exception to para. 2. as this para. suggests a
prompt payment of the grant while it may at times
be more convenient to pay in a subsequent year.
The Secretary however, in his marginal note sees no
objection as the orders sanctioning building grants
imply prescribe a date by which work should be completed
and statements of actual expenditure submitted -
so that the year in which payment will be made can
be definitely located.

3. Submitted that even if the para. is omitted there
is an obligation on the part of Govt to make prompt
payments as the result of the conditions prescribed
in para. 1.
