LEGISLATIVE DEPARTMENT.

C. No. 203, From G. S. Sankararam, No. , Dated 10-2-1906.Trichinopoly
SUBJECT.Application for a State Technical
Scholarship.

The applicant apparently wants a Scholarship for the study of Industrial Chemistry.

According to the last sentence of para: 7 of G.O. no 46 of 23rd January 1906, the applicant should specify the Special Branch or branches of Industrial Chemistry he proposes to study. but on the other hand, he wants to know what the several branches of the Industrial Chemistry are. He does not seem to know what industrial chemistry is.

2. According to para: 8 of the above G.O. the Candidate should show that he has received the best technical education in the Presidency in the particular industry he has to study. There is nothing in the present paper to show that he has received any technical Education.

Submitted for orders.

The applicant is merely a "Student".
 G.O. 46 of 23rd Jan 7.06 does not specify the
 various branches of Industrial Chemistry - and
 it may be desirable to specify them in
 the supplementary order which, it is
 proposed, should issue on Hon. P.S. Desai's
 Aiyas' proposals.
 The applicant may be informed that the
 Govt. are not able to entertain his
 application at this stage - that he
 should, in the first instance, be a graduate.

2. Submitted that the Hon'ble Mr. Kraswani Aiyas
^{appears to have been}
 proposals to restrict the scholarships to 75%
 - not graduates. Final orders on the subject have
 not however issued as yet & meanwhile Govt.
 no 46 of 23rd January 1906 stands. All
 that we have said there in about this matter is that
 a candidate must have sufficient knowledge
 of English - para. 8 of the G.O. May not the words
 in pencil brackets in the draft be therefore omitted?
