I have been directed by the Committee to ask you to be so good as to invite the attention of Government to G.O., No. 603, Educational, dated 1st October 1904, in which it was ruled that "the Government are unable to sanction any further grant from Provincial funds for the Lawrence Asylum buildings at Ootacamund during the current year". EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 137, EDUCATIONAL, DATED 2ND MARCH 1906.

[SUBJECT.—*Application for further grant from Provincial Funds for the Lawrence Asylum buildings at Ootacamund.*]

From the Director of Public Instruction, dated 4th October 1905, No. 7692.

In their resolution passed at the meeting held on 6th August 1904, the Committee of the Lawrence Asylum recommended the construction of the following additional buildings for the girls' school :—

(1) A hospital ward to be used as an out-patient, dispensing and consulting room.

(2) An additional room, the dimensions of which should not be less than 65′ × 40′, lofty and well lighted and fitted up so as to answer the purposes of a gymnasium.

(3) A scullery close to the kitchen 26′ × 12′ at least.

The Government, however, expressed their inability to sanction any further grant from Provincial Funds for the Lawrence Asylum buildings during the then current year.

G.O., No. 603, Educational, dated 1st October 1904.

2. The committee now request that the construction of these additions—the large hall, the scullery and the hospital ward—is urgently required and may be sanctioned. Submitted for orders.

R.N.—11-10-05.

P. T. THARYAN—16-10-05.

The institution is a Military department institution. The Rs. 70,000 recently spent on buildings was eventually debited, with the sanction of the Government of India, to the 1904 Special Grant of 3 lakhs.

Submitted that if Government approve the expenditure now proposed, there is no reason to burden the Provincial Educational budget with it. The Educational grant is all wanted for educational purposes. The money should, it is submitted, come from the Military department grant.

A. GALLETTI—23-10-05.

It will be observed that the Lawrence Asylum Committee only ask "for an instalment" with more to follow.

The question is whether Government are prepared to allow an additional grant for buildings to be considered part and parcel of the new extension. At present we have no estimates of the cost of carrying out these proposals. Should Consulting Architect be asked to draw up estimates? Educational cannot find the money for the work, if sanctioned.

H. D. TAYLOR—25-10-05.

Why is the present gymnasium supposed to be inadequate?

I think not.
H. D. TAYLOR.

If the proposals now put forward have been anywhere previously justified by the Lawrence Asylum Committee, please refer to them, if not ask for justification.

G. S. F[ORBES]—26-10-05.

A draft is placed below for approval.

2. Attention is solicited to the committee's resolution on page 3 of G.O., No. 603, Educational, dated 1st October 1904. The present play-room is "quite "inadequate for the requirements of 165 girls and will be still more so when a portion "of it is screened off for a dining room." About the proposed new buildings it is not likely the committee will have much more to say than what they have already said in their resolution.

P. T. THARYAN—28-10-05.

A. GALLETTI—30-10-05.

The Hon'ble Sir James Thomson (then His Excellency the Governor) visited Lovedale in August 1904 and went over the buildings in detail, the urgent and main defects were then remedied. It was then considered that the dining hall would suffice, and that this could be used between meals for typewriting and sewing classes.

Page 9 of the last report. The average daily sick was 2·25 against ·01 in 1903.

I then asked the Principal about hospital accommodation which I thought was hardly sufficient, but he said that the health of the inmates of the institution was very good. The girls who came from Madras have however not been on the average so healthy as the old inmates of the institution. Please see my note of the 30th September 1904 with G.O., No. 603, Educational, dated 1st October 1904. A scullery certainly is a necessity but the reference may issue. The committee may have further statistics showing the insufficiency of the present accommodation.

H. D. TAYLOR—31-10-05.

[Memorandum No. 633, Educational, dated 2nd November 1905.]

From the Director of Public Instruction, dated 15th December 1905, No. 7692.

The Director of Public Instruction submits a letter from the Principal and Secretary wherein he requests to be furnished with a copy of the letter referred to in Memorandum No. 633, Educational, dated 2nd November 1905. The letter referred to is apparently the Director's endorsement No. 7692, dated 4th October 1905 which was read in the memorandum, but this will not help Mr. Atkinson at all as it is a simple forwarding endorsement and nothing more.

In any case he would not get it.
G. S. F[ORBES.]

2. Mr. Atkinson wants a copy of the paper in order to understand the reference made in Memorandum No. 633, dated 2nd November 1905, about the inadequacy of the gymnasium. Mention is made of this matter in the fourth resolution of the Lawrence Asylum Committee on page 3 of G.O., No. 603, Educational, dated 1st October 1904, and not in the Director's forwarding of endorsement. This may be explained to Mr. Atkinson. Please see the draft placed below.

[Memorandum No. 720, dated 27th December 1905.]

From the Director of Public Instruction, dated 15th February 1906, No. 7692.

In Memorandum No. 633, Educational, dated 2nd November 1905, the Committee of the Lawrence Asylum, Ootacamund, were requested to furnish detailed information showing the necessity for each of the proposed new buildings and justifying their proposals (contained in Mr. Atkinson's letter of the 5th September last). They were also requested to state why the present gymnasium was supposed to be inadequate.

2. In regard to the proposed additions and extensions, the Principal and Secretary of the Lawrence Asylum reports that the necessity for them is given in the proceedings of the committee of the 6th August 1904 on page 3 of G.O., No. 603, Educational, dated 1st October 1904.

3. As regards the inadequacy of the present gymnasium, the Principal simply states that there was no reference to a gymnasium in his previous letter, but only to a play-room; but he does not say why this play-room is considered to be inadequate.

4. In this connection attention is invited to the Secretary's note of the 31st October 1905 on page 4 *supra*. Orders are solicited.

N.L.R.—17-2-06.

P. T. THARYAN—19-2-06.

If the expenditure is sanctioned it will have to be considered who will bear it. It ought to be the Military department.

C. A. SOUTER—19-2-06.

Of the three buildings* referred to the scullery is the most needed. We have no estimate as to cost. Should Consulting Architect be called on to prepare an estimate or may the committee be at once informed that Government are not prepared to make any additional grants to the institution for building purposes?

2. Scullery.

institution. The ~~half lakh~~ Rs 70,000 recently spent on buildings was eventually debited, with the sanction of the Govt of India, to the 1904 Special Grant of 3 lakhs.

Submitted that if Govt approve the expenditure now proposed, there is no reason to burden the Provincial Educational budget with it. The Educational grant is all wanted for educational purposes. The money should, it is submitted, come from the Military Dept grant.

23.10.5

It will be observed that the L.A. Committee only ask for "an instalment", with more to follow.

The question is whether Govt. are prepared to allow an additional grant ~~with of~~ for buildings to be considered part and parcel of the new extension. At present we have no estimates of the cost of carrying out these proposals. Should C.A. be asked to draw up estimates? Edn. cannot find the money for the work, if sanctioned.

2. Attention is solicited to the Committee's resolution on page 3 of G.º no 603 Edl dd 1st October 1904. The present play room is ~~stated to be~~ "quite inadequate for the requirements "of 165 girls and will be still more so when a portion of it is "screened off for a dining room". About the proposed new buildings it is not likely the Committee will have much more to say than what they have already said in their resolution.

The Hon. Sir James Thomson (then S.G. the Governor) visited ~~the~~ Lovedale in Aug. 04 and went over the buildings in detail. The urgent and main defects were then remedied. It was then considered that the dining hall would suffice, and that this could be used

between meals for typewriting and sewing classes.

~~Sd~~ I then asked the Principal about hospital accommodation which I thought was hardly sufficient - but he said that the health of the inmates of the Institution was very good. The girls who came from Madras have however not been on the average so healthy as the old inmates of the institution. Please see my note of 30-9-04 with G.O. 603 Edl. d/ 1st Oct 1904. A scullery certainly is a necessity. - but the reference may issue. The Committee may have further ~~fx~~ statistics shewing the insufficiency of the present accommodation.

The D.P.I. submits a letter from the Principal and Secretary wherein he requests to be furnished with a copy of the letter referred to in memo. no. 633 Educational, dated 2nd November 1905. The letter referred to is ~~letter no.~~ apparently the Director's Endorsement no. 7692 dated 10th October 1905 (page 2 of current file) which was read in the memorandum: but this will not help ~~him~~ Mr. Atkinson at all as it is a simple forwarding endorsement and nothing more.

2. Mr Atkinson wants a copy of the paper in order to understand the reference made in memo. no. 633 dated 2nd November 1905 about the inadequacy of the Gymnasium. Mention is made of this matter in the 4th resolution of the Lawrence Asylum Committee on page 3 of G.O. no. 603 Educational, dated 1st October 1904, and not in the Director's forwarding Endorsement. This may be explained to Mr. Atkinson. Please see the draft placed below.

As regards the inadequacy of the present gymnasium, ~~please see the Principal's letter quoted by the D.P.I. on page 11 of current file.~~ the Principal simply states that there was no reference to a gymnasium in his previous letter but only to a playroom — but he does not say why this playroom is considered to be inadequate.
